If one or more boxes are checked below, this means the Town is of the view that a business impact estimate is not required by state law¹ for the proposed Ordinance, but the Town is, nevertheless, providing this Business Impact Estimate as a courtesy and to avoid any procedural issues that could impact the enactment of the proposed Ordinance. This Business Impact Estimate may be revised following its initial posting.

In accordance with the provisions of controlling law, even notwithstanding the fact that an exemption noted above may apply, the Town hereby publishes the following information:

1. Summary of the proposed ordinance including a statement of the public purpose to be served, such as serving the public health, safety, morals and welfare of the municipality. This Ordinance amends the Town Code to remove language set forth in Chapter 6 of the Town Code that would render certain oceanfront lots east of State Road A1A unbuildable due to a prohibition against construction east of the Coastal Construction Control Line (CCCL) and to remove a mandatory seawall requirement that is inconsistent with currently Florida Department of Environmental Protection (FDEP) permitting policy. The Ordinance removes the conflicting ocean ridge construction standards from Chapter 6 and amends Section 30-83 of Chapter 30 to establish FDEP CCCL permit approval as the governing standard for removal of materials from the ocean ridge and for construction east of State Road A1A.

2. An estimate of the direct economic impact of the proposed ordinance on private, for-profit businesses in the Town, if any:

(a) An estimate of direct compliance costs that businesses may reasonably incur if the Ordinance is enacted;

(b) Identification of any new charge or fee on businesses, or for which businesses will be financially responsible; and

(c) An estimate of the Town's regulatory costs, including estimate of revenues from any new charges or fees that will be imposed on businesses to cover such costs.

The Ordinance will have no direct economic impact on the one (1) existing private, for-profit business in the Town (Delray Sands Resort) and would actually facilitate potential redevelopment of that property if the current structure was demolished or destroyed.

3. Good faith estimate of the number of businesses likely to be impacted by the proposed ordinance:

The Town has one (1) existing private business (Delray Sands Resort).

4. Additional information the governing body deems useful (if any): None
