

TOWN OF HIGHLAND BEACH AGENDA MEMORANDUM

MEETING TYPE: Planning Board Meeting

MEETING DATE January 8, 2026

SUBMITTED BY: Ingrid Allen, Town Planner, Building Department

SUBJECT: Discussion on increasing the maximum square footage requirements for permanent signs.

SUMMARY:

At the November 4, 2025 Town Commission meeting, a public comment was made by Edward Atamian, President of the Board of Trustees for Villa Magna Condominium, regarding the proposed replacement of permanent signage near the Condo's three (3) driveway entrances located along State Road A1A (see Attachment No. 1). The proposed size of this new signage exceeds the maximum square footage requirements for signage found in Chapter 23 of the Town Code Of Ordinances (see Table No.1). Consensus from the Town Commission was to add a discussion item on this topic on the December 2, 2025 Commission agenda.

At the December 2, 2025 Town Commission meeting, Commission consensus was to have the Planning Board review the Town's permanent sign code regulations keeping in mind Villa Magna's request as a real-world example. The Commission's direction to the Planning Board included consideration of the following:

- Appropriate standard for maximum sign size. How large is too large? Should larger condominiums have larger signs?
- Colors and illumination of signs.
- What is the "right" signage look and size for Highland Beach and does it fit the Town's aesthetic.
- Safety of pedestrians and roadway including visibility and site lines.
- Appeal or variance process for signage.
- Review other municipality sign codes.

Town Permanent Sign Regulations:

Section 23-5 of the Town Code provides the following size, color, illumination, aesthetic, and traffic safety regulations for permanent signage (see Attachment No. 2 for entire sign code):

*- In all zoning districts, one entrance (ingress) and one exit (egress) sign is permitted for directing traffic flow. Each sign may be single-faced or double-faced and shall meet Department of Transportation standards, and **not exceed three (3) square feet in size. Each sign may be***

illuminated or non-illuminated as determined by the owner and police department. A permit is required.

- One permanent single-faced or double-faced sign **not to exceed ten (10) square feet per face** may be permitted. Such sign **must be illuminated, but not with intermittent or colored lights or animation**. The sign may be erected on a base not to exceed one foot six (6) inches in height. The base shall not exceed the dimensions of the sign by more than one foot in any direction.

- In the case of intracoastal property, one additional permanent sign identifying the development may be allowed. This additional sign may also be single-faced or double-faced, **not to exceed ten (10) square feet per face**. It **may be illuminated, but not with intermittent or colored lights or animation**. A permit is required.

- **Garishness:** The overall effect of the lettering, configuration or color of a sign shall not be garish. "Garish" signs are those that are too bright or gaudy, showy, glaring, and/or cheaply brilliant or involving excessive ornamentation. Garish signs are not in harmony with and are not compatible with the building or adjacent surroundings.

- **Traffic safety:** No sign shall be located in such a manner that it will become a hazard to automotive or pedestrian traffic nor shall any sign or lighting of a sign be so placed as to obstruct the vision of the driver of any motor vehicle where vision is necessary for safety.

- **Illumination:** Signs may be illuminated directly or indirectly unless specifically prohibited elsewhere in this chapter. **In residential zoning districts, all illumination shall be shielded so that the light is not directed toward adjacent residentially zoned property.**

TABLE NO. 1		
Type of Sign	Villa Magna’s Proposed Sign dimensions	Town Code Permanent Sign Regulations
Monument Sign	24 square feet	10 square feet
Ingress/Egress Signs	11 square feet	3 square feet
Intracoastal Sign	10.67 square feet	10 square feet

Visibility Triangles:

The Town’s Zoning Code (Chapter 30) provides for the following restrictions that apply to signage located within any visibility triangle:

Sec. 30-68(o) Visibility triangles:

(5)Obstructions. Obstructions within visibility triangles are prohibited. The restrictions listed below shall apply to landscaping, bus shelters, benches, newspaper racks, **signs**, and other structures or appurtenances within any visibility triangle.

a.As indicated in Figure 30-4A and Figure 30-4B, **signs**, walls, or landscaping, excluding ground cover, **shall not be located within three (3) feet of either side of an access driveway located within twenty (20) feet of the edge of a pavement of the public street.**

*b. Within a visibility triangle, structures, plantings, or foliage shall not be permitted within the clear zone established between the heights of two (2) feet and eight (8) feet above ground level. The clear zone shall be measured from the crown of the abutting roadway, or in the case of an intersection, from the crown of the roadway with the lower elevation. However, clear tree trunks and **supports for street signs**, traffic control signs and traffic signals which meet state and county standards **shall be permitted**. Limbs and foliage of trees and shrubs planted outside the area of a visibility triangle shall not extend into said triangle or clear zone.*

c. Parking or vehicular use areas shall not be permitted within a visibility triangle.

Appeals:

According to Section 30-40(a) of the Town Code, a variance only applies to a reduction in dimensional requirements found in Chapter 30 (Zoning Code). As noted above, the sign code is provided in Chapter 23 of the Town Code and therefore a variance is not applicable for permanent signage. Section 23-8 of the sign code does allow for an appeal for a denied sign permit as follows:

Sec. 23-8. Appeals.

*If a sign permit application is denied by the building official. The board of adjustment and appeals shall hear and decide appeals where it is **alleged there is error in any order, interpretation, requirement, decision, or determination** made by the building official in the administration or enforcement of this chapter. A request for appeal must be filed with the town clerk within ten (10) business days of the date of the matter being appealed.*

Staff prepared a comparison table whereby permanent sign regulations, as they pertain to multiple-family residential uses, are provided for Boca Raton, Deerfield Beach and Delray Beach (see Attachment No. 3). In addition, the Town's Code Compliance Officer prepared a spreadsheet with the approximate height and width of all current condominium signage (frontage) as well as corresponding photographs of such signs (see Attachment No. 4).

FISCAL IMPACT:
