The strategic priority plan is a dynamic and simple document that serves as a decision-making tool to be updated on a quarterly basis via reports to the Town Commission. ## Action Planning

The successful implementation of the projects and initiatives defined in the strategic priorities plan is contingent upon the development of an action plan. The action plan must provide clear direction with the ordered tasks/steps needed with target completion dates along with resources needed to complete the project. The plan shall identify those responsible for completing the steps and tasks and monitoring the progress of the project.

As a project or initiative identified in the Strategic Priorities Plan moves from the “Planned” stage to “Commenced” stage, an action plan will be created by the assigned department. The action plan shall include:

- A well-defined description of the project/initiative to be completed
- Tasks/steps that need to be carried out to complete the project/initiative
- Department/Employee who will be in charge of carrying out each task
- When will these tasks be completed (deadlines and milestones)
- Resources needed to complete the tasks
- Measures to evaluate progress

The assigned department shall forward its action plan to the Town Manager for review and approval. Once approved, the action plan will be posted on the Town website and will be updated on a monthly basis. It is important to note that some project may require a more complex action plan based on the scope of the project/initiative. The *Action Plan Template* is attached for reference.
