At the May 14, 2026 Planning Board ("Board") meeting, the above-referenced proposed ordinance was reviewed and considered. Discussion among the Board included whether a hard surface encroaching beyond the rear property line (for properties abutting a waterway, canal or lake) should be limited to "providing access" to a seawall or dock as proposed in the ordinance. The Planning Board approved a motion to continue the item to the June 11, 2026 meeting (motion carried 5-0).
