- 1. Since Fixed Costs will remain the same between the two scenarios and based on an average Permit Fee of \$770, the number of Permits (units) needed to cover our fixed cost remains the same.
- Since most (if not all) of the additional work related to the Inter-Local Agreement (ILA) with Gulf Stream will be subcontracted through our contractor CAP Government, the only change in our cost structure will be variable costs.
- 3. The ILA with Gulf Stream will increase the population served (in terms of potential permits to be issued), ensuring that our Building Department can continue to cover Fixed Costs independent of the building activity within Highland Beach.
