

**HCC UTILITY DEPARTMENT**  
MAKING CONNECTIONS

**Utility Manager's Report**  
**January 2022**

Hildale-Colorado City Utility Department  
320 East Newel Avenue, Hildale UT 84784

**Mr. Chairman and Board Members:**

## **Operations Summary**

---

### **Water Department:**

This being a slow month in water use, we have been spending a lot of manhours bluestaking for the South Central fiber project. We have changed out a few more of the old water meters. We are finishing up the testing and state permitting on the well replacement project. We have pulled well 22 and are fabercating a sleeve for the motor. (picture is Jay operating a pinch off tool, to repair a failed brass fitting on a water service)

### **Sewer Department:**

I have a preliminary design for the headwork screen project. We have the concrete lids poured, so that phase is completed, next we'll be working on installing a few to determine what it'll take.

### **Gas Department:**

We submitted audit response to Arizona pipeline safety, there are some of the manuals that need a little formatting. We'll be continuing training on Emergency Response. South Central hit an unused service lateral with a directional drill, it caused quite a chore in locating and repairing the gas line.

### **Fiber Optic Department:**

One residential service was turned on this month. Crew was on other services so we didn't get to the sewer plant fiber project.

Yours to serve,

Weston Barlow  
Certified Utility Manager
