Re: Engineer's Recommendation for Award of Bid  
Lagoon Headworks Reconstruction

Dear Mr. Postema,

After reviewing the Bids received on June 14th, 2023, for the Lagoon Headworks Reconstruction project, it was concluded that Aardvark Underground Inc. was the lowest responsible, responsive Bidder for the Project per the Instruction to Bidders. We therefore recommend the award of the contract to Eagle View in the amount of \$309,440.

Attached herewith is a digital copy of the Notice of Award. If the City of Hildale chooses to accept this recommendation, please sign where indicated and return to our office. We will then forward the Notice of Award to the contractor.

Please call me with any questions.

Sincerely,

Blaine Worrell  
Project Manager  
Sunrise Engineering, Inc.
