Summary:

The Historic District Commission Standards Subcommittee and planning staff have worked together to make the Historic District Design Standards more user friendly. Several smaller items will become minor works and/or ordinary maintenance, and the proposed changes also make greater accommodations for sustainability. In addition, some proposed changes such as renumbered sections and additional clarifying language are intended to make the document easier to interpret without making any significant policy changes.

Most of the proposed changes reflect work that repeatedly has been approved by the Historic District Commission as well as other work that the subcommittee and staff find to be appropriate in the district but not properly addressed in the current standards. The HDC and planning staff do not find any of the updates to detract from the special character of the Hillsborough Historic District, and the changes were unanimously approved by the HDC in February 2024.

Comprehensive Sustainability Plan goals:

Social Systems & Public Space Goal 1:

Build and strengthen social cohesion and sense of community through the support and development of arts and culture, events and entertainment, and preservation initiatives in an equitable and sustainable manner.
