

Engage Hillsborough: Safety

Spring 2023 Event Follow-up

1

The event offered:

- Spanish interpretation services
- Free childcare with art activities
- Time to talk with staff one on one
- Small- and large-group conversations on safety

2

Between 20 and 25 community members joined us on a beautiful Saturday afternoon while the River Park Concert was attracting a large crowd a few blocks away.

3

A firetruck, garbage truck and police cruiser were on display in the parking lot.

The vehicles attracted some families with children, but we may have inadvertently implied that the event was outdoors by advertising the vehicles.

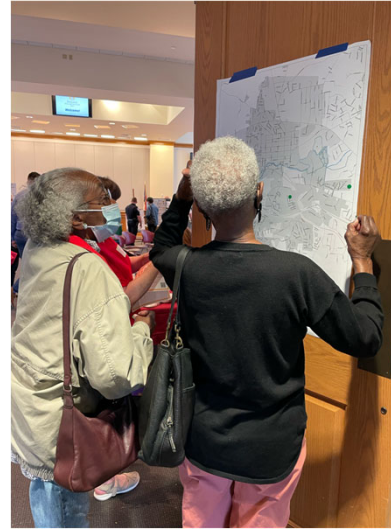

4

Eleven participants completed evaluations. Comments were positive, encouraging the town to hold similar events.

At future engagement events, participants said continue to offer:

- Childcare
- Spanish interpretation
- Refreshments

Staff would like to hold another Engage Hillsborough event Nov. 4.

The focus would be connectivity.
The group discussion time likely
would include a short presentation
and a Q&A session.
