Boards you would be willing to serve on:

First choice — Planning Board

Second choice — Parks and Recreation Board

Reasons for wanting to serve:

I'm interested in how the town is developed and increasing the connectivity of the town. I would also like to meet others with the same interests.

Have you served or are you currently serving on a town board? If so, which ones and when?

No

Relevant work, volunteer or educational experience:

My only relevant experience is living in Hillsborough since 2014.

How are you connected to Hillsborough (live, work, play, shop, own property)?

I've owned a house in Hillsborough since 2014 and have enjoyed the town for longer.

Have you reviewed the Vision 2030 plan, and what are your thoughts about it?

I have reviewed this plan and think there are many great elements to it. I'm very interested in the greenways and building in a way that reduces the need for automobiles in town.

Have you reviewed other town documents (budget, strategy map, small area plans), and what are your thoughts about them?

I have reviewed the strategy map and would like to learn more before commenting. I have not reviewed the budget in

great detail, and I'm unaware of the small area plans.

What challenges do you see the town facing that could be addressed by the board or boards on which you wish to serve?

As more people move into Hillsborough, this will increase traffic on the main roads. I think it is important to provide alternative ways to travel through town that are safe and fun. I think it is also important to build in the most appropriate areas.

I think it is important to take advantage of new commercial development, to provide better opportunities for residents to get what they need in town instead of having to go to Durham, Chapel Hill, or Mebane.
