Staff review

The submittal was reviewed by the town’s Technical Review Committee (TRC) in February and April 2024. The TRC includes representatives from various departments related to development, including Planning, Utilities, Stormwater, Public Works, the NC Department of Transportation, and the Fire Marshal.

Compliance with Unified Development Ordinance

After TRC review, Planning staff found the submittal complies with the Unified Development Ordinance (UDO) regulations for Map Amendments and Planned Development Districts, specifically:

- Section 3.7 *Administrative Procedures - Unified Development Ordinance and Map Amendments*
- Section 4.6.1 *Zoning Districts – Planned Development (PD)*
- Section 5.2.39 *Use Standards – Planned Development*

The UDO is available on the town’s website:

Consistency with Comprehensive Sustainability Plan

The North Carolina General Statutes and the UDO require the Planning Board and Commissioners consider if a zoning amendment is consistent with the comprehensive plan. Staff finds the proposal generally consistent with the Comprehensive Sustainability Plan, with the exception of Figure 4.4 *Potential Growth Areas* (page 4-23). A portion of the project area is outside of the town’s identified “potential growth area” (shown in orange in the image at right).

Note that the Board of Commissioners can determine that a zoning amendment is inconsistent (in full or in part) with its comprehensive plan and still approve the amendment. [NC GS § 160D-605 \(a\), Governing board statement – Plan Consistency](#) states, “if a zoning map amendment is adopted and the action was deemed inconsistent with the adopted plan, the zoning amendment has the effect of also amending any future land-use map in the approved plan, and no additional request or application for a plan amendment is required.”

Planning Board review and recommendation

Under the North Carolina General Statutes, the Planning Board is to offer comment to the Board of Commissioners on zoning amendments (see [NC GS § 160D-604 \(b\) Planning Board review and comment – Zoning Amendments](#)). On August 15, 2024, the Planning Board recommended approval of this proposed rezoning (5 ayes, 1 no, 1 abstention).

Board of Commissioners decision

Since this is a planned development, which is a type of conditional zoning district, the Board of Commissioners and the applicant may agree to various conditions of approval for the project pursuant to [NC GS § 160D-703 \(b\) Zoning districts – Conditional Districts](#). The Commissioners and the applicant must mutually agree to the conditions if the proposal is to be approved. The applicant and town staff collaborated on a set of draft conditions, which is included as **Attachment 5**.
