PURPOSE

A strategic plan is a management tool that helps an organization align its leadership, resources, and operations to advance a set of goals. It also serves to establish priorities for policy initiatives, budgeting and staffing decisions, and capital investments to create outcomes that are important to the community.

The Town of Hillsborough has limited resources yet faces endless needs, opportunities, and distractions that compete for the use of these resources. The purpose of this strategic plan is to serve as an action-oriented road map that strategically aligns available resources with priorities, which is critical to the effective and efficient delivery of government services.

This strategic plan was drafted after years of collaboration among members of the Board of Commissioners and leadership from the town's departments and divisions.

FOCUS AREAS

VALUES

VIBRANCY

A vibrant Hillsborough is one that is lively and active. We see this manifest in cultural art events, recreation, and how people know each other and are connected by physical and social networks. The community can find ways to participate and connect from both inside and outside their homes. The people, physical environment, and business community are core to this vibrant atmosphere.

EQUITY & INCLUSION

Hillsborough is a place where every resident can thrive, where everyone who lives and works here feels they belong. We will strive to support policies, plans, and actions that are administered fairly to build a Hillsborough where people of all races, ethnicities, gender identifications, sexes, sexual orientations, abilities, and incomes want to live, can afford to live, and will be treated with dignity and respect.

FORWARD THINKING

We think and make decisions that can persist over generations for a sustainable Hillsborough, acknowledging that economic, environmental and social issues are interrelated. This community has a unique sense of place encapsulated by both Hillsborough's long and treasured history and where it meets change and looks to the future. We have an obligation to be fiscally, environmentally, and culturally wise in order to plan for the long term and be resilient to climate change and unforeseen events. We strive to foster a culture of innovation and creativity in town operations.

PUBLIC SERVICE

The town of Hillsborough is here to serve. We are committed to good and ethical governance. We are responsible stewards of community tax dollars put to use for the public good. We strive to ensure each resident, visitor, business, and employee are safe as they live, work, and play in Hillsborough, and this sense of safety should extend beyond the physical environment to foster a community where the people are free from worry regarding whether who they are has bearing on how they are treated.
