Subject: Street Light Installation(s)
Location: Pine Creek Ln
Spring Branch Service Area

Dear Requestor,

CenterPoint Energy (Company) agrees to furnish, install, own and maintain street lighting service in the above noted area subject to the Lighting Services Rate schedule and the corresponding Service Rules and Regulations Relating to the Provision of Delivery Service to Retail Customers.

It is CenterPoint Energy's policy to install street lighting according to the Illuminating Engineering Society of North America (I.E.S.N.A.) recommendations. You have, however, requested that these streetlights not be installed according to these recommendations and have, in fact, indicated where you want the streetlights located. By signing below, you acknowledge that you have requested a street lighting system that is of your own design and is not the design offered by CenterPoint Energy. It should also be understood that your street lighting design might not meet the recommendations of the I.E.S.N.A.

The installation consists of:

- **3, 45**watt, watt, Light Emitting Diode, 4,800 initial lumens, **Cobra** style luminaires, mounted to a **wood** pole serviced by **overhead** conductors. The current monthly Lighting Services Rate schedule fee per lamp is **\$3.47**.

Note: The initial monthly rates for new LED street lighting alternatives are set at the same monthly rates currently in place for equivalent traditional lamp streetlights under the Company's tariffs. The election of new LED street lighting option will require additional costs. CenterPoint Energy may seek to recover necessary expenses associated with LED street light installation causing a monthly rate adjustment in the future.

The additional cost of electrical power and energy must be provided by your Competitive Retailer of choice. Payment of all monthly fees associated with this installation will be paid directly to your chosen Competitive Retailer.

The streetlights will be installed at the general locations depicted on the attached facility layout. Following documentation needed prior to construction:

- A signed copy of this street light agreement letter
- Signed streetlight layout
- Master Contact Data Form
- If required, your Competitive Retailer of choice has returned the Competitive Retailer Selection Form

Your signature below will be our acknowledgment of your acceptance to the above mentioned terms and conditions and associated charges. Please send the **original signed copy** of this agreement to my attention at:

Mail all documentation mentioned in the agreement to:
CenterPoint Energy
Attn: Christina Botello
2301 Gears Rd
Houston, TX 77067

We are looking forward to working with you thru the completion of this project. If there are any questions, please do not hesitate to contact me at (713) 945-2517. Please note this estimate is valid for a period of 180 days from the date of this agreement.

Sincerely,
Christina Botello
