Municipal Liquor Store/Bar

April and the nicer weather have arrived!

April in the off-sale turned out to be a good month for us. After Transfers we pulled in \$2301.03. Our sales were up and our expenses were down, so it worked out very well for us here at Firehouse.

The on-sale also did well this month. After transfers we brought in \$2865.11. Despite no tap beer, our highest profit margin items, we still had a good month in sales. We had some music and a few other minor events, but the low-key setting and customer service driven service has provided us the sales to have a good April.

In other news, our assistant manager is no longer with us. She moved on to a new job and her last day was Friday.

As we move into the early stages of summer, we anticipate more traffic, sales, and events. I am hoping to hire on some new staff to accommodate the busy season here for us. This is especially important as we are without an assistant moving into our busy season.

I also am looking forward to getting our tap beer up and running. I am confident we can get the glycol up and running before months end, and optimistically by this weekend.

As always, any questions, feel free to reach out to me.
