## April Branch Highlights

### Hinckley Library

Our spring programming session has wrapped up with improved attendance across events. This month, we welcomed 10 book club attendees, 6 LEGO club participants, and 32 storytime attendees. Weekly programs will resume in June, featuring Craft, Lego, Paper Airplane Building, and Storytime.

Recently, storytime attendees planted corn and sunflower seeds after enjoying books and songs about gardening—a hands-on learning experience.

We hosted our first Friends of the Hinckley Library meeting, where five members committed to supporting fundraising efforts for programming and facility improvements.

Library stats:

- 405 reference questions answered
- 794 visitors

Looking ahead, we are focusing on planning and promoting the Summer Discovery Program, a literacy challenge designed for all ages. This year's theme is "Color Your World," encouraging community members to explore their library and earn fun prizes. The program kicks off on June 1st.
