Agenda Item

Community Center Flower Beds

Meeting Date

May 13, 2025

Prepared By

Leaha M. Jackson, City Administrator

Background

Kala Roberts, the Family Resource Center (FRC) Coordinator for Pine County Public Health, contacted the City to see about a project for the flower beds at the Community Center.

Her ask is, "This has been a thought of mine since last summer. Would [the City] be okay with the FRC cleaning out the flower beds in front of the community center and planting a variety of flowers and potentially some vegetables? Rita Kennedy from the garden club has volunteered to work with me and the youth that attend the FRC on the planting and bed maintenance. My ask would be if the city could provide the mulch?"

This could be a nice partnership that would increase the aesthetics of the Community Center while instilling a sense of action and inclusion for their group.

Recommended Action

Direct staff to contact Kala Roberts of FRC to approve the cleaning out of the Community Center's flower beds and the City's contribution of mulch for the project.
