

Dear City Officials

RECEIVED
JUN 30 2025

I'm hopeful something can be done for the safety on Blair Street, by Hinckley Elementary School. There are several vehicles and a very large trailer parked on the street. One vehicle has expired registration. It is so hard to see around there and nearly impossible to turn toward the fields because people can't see. Even when school is not in session, there are other activities as well as residence there. It's not safe. Not to mention, that yard is full of junk and tires and more vehicles.

Thank you for your consideration in this matter.

A citizen of Hinckley with children
