RE: DR-4413 HMGP SHMAC Ranking and Applicant Selection Notification

Dear Applicant,

Thank You for your project submissions under the Federal Emergency Management Agency (FEMA) Hazard Mitigation Grant Program (HMGP) for the DR-4413, 2018 Cook Inlet Alaska Earthquake funding cycle.

We are happy to announce the State Hazard Mitigation Advisory Committee (SHMAC) has ranked and prioritized 51 complete and eligible projects totaling over \$54 million dollars. The DR-4413-AK Final Ranking Sheet is attached.

SHMAC members' recommendations were reviewed by the DHS&EM leadership, State Hazard Mitigation Officer and the Governor's Authorized Representative (GAR). The below listed project has been identified for submission to FEMA. This selection **does not authorize** you to start ordering materials or begin construction. If you have any questions please contact us.

Raw Water Transmission Main (RWTM) Replacement Project

Part of the FEMA/State process may entail further Requests for Information (RFI). Responding to these requests in a timely manner will help prevent delays in funding or the start of your project.

If you submitted projects that were not selected for funding this round and remain eligible, we will reach out to you for second round DR-4413 funding submission or other future funding opportunities.

I want to thank you all of the many long hours of work you contributed in identifying, developing and making these projects a reality. Should you have any questions or need assistance during this project please contact us.

Respectfully yours,

Sage McReynolds
