I want to continue working to ensure the best progress and protection for the City of Homer's parks and trails, recreational opportunities and the arts. Over the past three years, I think we have accomplished many important things in this regard, including physical trail work and other construction projects, helping to determine the fate of the HERC building, prioritizing parks and trails as part of the city's CIP list, selecting the artwork for the exterior of the new public safety building, hosting celebrations of arts and recreation, and on and on. There is still more to do, and I am eager to remain a part of these efforts.
