Katie Koester
City Manager
City of Homer, Alaska
491 E. Pioneer Avenue
Homer, Alaska 99603

Dear Ms. Koester,

In 2001, The Nature Conservancy (TNC) purchased a 2.62-acre parcel on the western (seaward) side of the Homer Spit from Sprague Resources Corporation, a Seattle, Washington-based realty firm. At that time, TNC and the City of Homer collaborated to transfer ownership of this parcel to the City of Homer as part of the 2001 City of Homer Capital Improvement Program. Our collective intent was to support preservation of natural ecologic processes and ecotourism on the Homer Spit, as indicated in the attached memorandum from former Mayor of Homer Jack Cushing dated May 14, 2001 (Attachment A). Our original intent for long term management of the parcel, which remains today, is to keep it in its natural state, preclude any further subdivision of the parcel itself and restrict development activities other than non-motorized recreation and wildlife viewing.

Time passed, administrations changed, and the transfer of ownership was postponed for many years. However, the importance of protecting erosion-prone intertidal areas on the Homer Spit is as critical now as it was in 2001, and TNC would like to complete this transaction by conveying the parcel to the City of Homer at no cost.

The Sprague Resources parcel (identified in Attachment B: Location Map) will add to seven contiguous parcels owned by the City of Homer on the western side of the Homer Spit and contribute to over 400 acres of city-owned lands on the Homer Spit.

After almost two decades, the Nature Conservancy is excited to complete this project. We understand that the City of Homer will need to pass an ordinance to accept the property. If there is anything TNC can do to assist you or your staff in this process, please let us know.

Sincerely,

SUBJECT: Sprague Resources Corporation property on Homer Spit

Dear Randy:

I am requesting that The Nature Conservancy acquire for the City of Homer approximately 2.62 acres located on the Homer Spit in Homer, Alaska, known as the Sprague Resources Corporation Tract. The purchase of Spit property has been a long standing goal, approved by the Council, and is within our current Capital Improvement Program (CIP). This program states in part, "The intent is to preserve the natural ecosystem and protect future eco-tourism activities that are emerging as a major industry in Homer. . . . In order to protect this valuable resource, it is necessary for the public to acquire the property."

This specific property is included in the area detailed by this CIP priority and is immediately adjacent to 100 plus acres the city has recently acquired or already owned, and designated for protection. It would be the City of Homer's intention to accept conveyance of this property from The Nature Conservancy and designate it similarly as part of the City's Conservation District. Acquisition of the property from the Conservancy is contingent upon final approval by the Homer City Council.

I understand that the Conservancy intends to purchase the property with funds from the North American Wetland Conservation Act grant and that the City will bear no expenses associated with purchase of the property from Sprague Resources Corporation or conveyance from the Conservancy to the City.

We appreciate the Conservancy's willingness to purchase the property and hold it prior to conveyance to the City of Homer and will work with your staff to ensure timely transfer of the property to the City. Thanks for your foresight in helping to assure balanced development for generations to come.

Yours truly,

Jack Cushing
Mayor, City of Homer
