**ORDINANCE 20-05**

AN ORDINANCE OF THE HOMER CITY COUNCIL ADOPTING THE  
INDUSTRIAL WASTE DISPOSAL PERMIT.

WHEREAS, Homer City Code (HCC) Title 14 includes provisions that were adopted or changed sporadically over the last 50 years; and

WHEREAS, These changes required utility users to be familiar with Code provisions in multiple, different Code locations which increased the potential for unintended violations of Code and led to frustration among those attempting to comply with local law; and

WHEREAS, Consolidating administrative procedures to the greatest extent possible encourages compliance and ensures the public knows its rights, remedies, and responsibilities; and

WHEREAS, The Industrial Waste Disposal Permit follows the administrative rules and regulations governing discharge of industrial waste into the sanitary system as outlined in the Industrial Pretreatment Discharge and Waste Disposal Manual. The permit, rules and regulations, and any amendments made to them must be approved by Council via ordinance before they become effective per HCC 14.04.110(B). Staff may make non-substantive changes if needed; and

WHEREAS, A permit application process ensures the City recoups fees associated with services provided and the public has a clear understanding of project costs; and

WHEREAS, The City Manager may establish a schedule of fees and charges for users, applications, interpretations, permits, inspections, release of information, and other actions of the City under the Industrial Pretreatment Discharge and Waste Disposal Manual; and

WHEREAS, According to Homer City Code 14.04.110(b) the Industrial Waste Manual shall contain administrative rules and regulations governing discharge of industrial waste into the sanitary system and must be approved by Council via ordinance.
