

PROGRESS REPORT

KAREN HORNADAY PARKING LOT ACCESS/SAFETY IMPROVEMENTS

This project (sponsored by Councilmember Tom Stroozas) is substantially complete. The park access road has been realigned to provide traffic calming and encourage slower vehicular speed through the parking area below the campground. Boulders have been placed to delineate this realignment and create medians that protect pedestrians crossing the access road. Logs have been placed to better delineate the parking areas and create protected corridors for pedestrians moving from the parking lot to the park.

Speed limit and crosswalk signs will be installed this week to further delineate the new traffic patterns. Speed bumps and speed bump signage have been ordered and will be installed next spring to finish the improvements approved by the Council in the 2019 capital budget.

Original improvement plan

Looking north toward the campground

Looking south down the new access road realignment

Typical protected pedestrian access corridor
