

BIDDING REVIEW CERTIFICATION AND CHECKLIST FOR CONSTRUCTION CONTRACTS

Loan Applicant: Village of Homewood Loan Number: L17

Project Description: Lead Service Line Replacement FY 26 Project

YES	NO	N/A	DOCUMENTATION REQUIRED FOR BID APPROVAL
<input checked="" type="checkbox"/>	<input type="checkbox"/>		1. The Bid Advertisement was published in a DAILY regional newspaper, Dodge Reports (http://dodgeprojects.construction.com/), or approved equivalent. The ad notified bidders that this procurement is subject to regulations contained in the Procedures for Issuing Loans from the WPCLP <u>or</u> the PWSLP (circle one) , the Davis-Bacon Act, the Employment of IL Workers on Public Works Act, the federal "Build America, Buy America Act", and the Loan Applicant's policy on the increased use of DBEs. [Ref. 662.620(b) or 365.620(b)].
<input checked="" type="checkbox"/>	<input type="checkbox"/>		a. A copy of both the Newspaper Ad and the Certificate of Publication are attached OR a screenshot of the online ad is attached along with a payment receipt. b. Name of Newspaper or Equivalent: <u>Chicago Tribune Daily Southtown</u> c. Date of Publication: <u>10/20/2025</u> d. Date of Bid Opening: <u>12/2/2025</u> e. Bid Expiration Date: <u>3/2/2026</u>
<input checked="" type="checkbox"/>	<input type="checkbox"/>		2. A copy of the Bid Tabulation is attached. [Ref. 662.620(e)(2)(B) or 365.620(e)(2)(B)].
			a. Number of bids received: <u>3</u> b. Amount of lowest BASE bid: <u>2339000</u> c. Amount of highest BASE bid: <u>3575617</u>
<input checked="" type="checkbox"/>	<input type="checkbox"/>		3. A copy of the proposal (bid) signed by selected contractor is attached. [662.620(e)(2)(D) or 365.620(e)(2)(D)]
<input checked="" type="checkbox"/>	<input type="checkbox"/>		4. The Consultant's Analysis of Bids and Recommendation to Award is attached. [Ref. 662.620(e)(2)(F) or 365.620(e)(2)(F)]
<input checked="" type="checkbox"/>	<input type="checkbox"/>		5. Applicant has prepared a Notice of Intent to Award and a copy is attached. [Ref. 662.620(e)(2)(E) or 365.620(e)(2)(E)]. The notice is dated: <u>12/5/2025</u>
			a. If any bid alternates (deductive or additive) were accepted, list and include costs. <u>N/A</u>
<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	b. Accepted Bid Alternates were approved by the Agency's Permit Section?
<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	6. The applicant received a minimum 5% Bid Bond or Cashier's Check from the selected contractor and a signed Power of Attorney (for bid bond only). A copy is attached. [Ref. 662 or 365.620(e)(2)(F)].
<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	7. Selected contractor submitted the lowest, responsive, responsible bid.
<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	a. If not, is written justification disqualifying the apparent low bidder attached? [Ref. 662.620(e)(4) or 365.620(e)(4)].
<input type="checkbox"/>	<input checked="" type="checkbox"/>		b. Has the selected contractor been debarred or suspended? Information may be verified at: https://www.sam.gov/
<input type="checkbox"/>	<input checked="" type="checkbox"/>		c. Are there any appeals or protests? Ref. 662.640 or 365.640. If YES , alert Illinois EPA.

DISADVANTAGED BUSINESS ENTERPRISE REVIEW
CONSTRUCTION CONTRACTS/EQUIPMENT WITH LABOR INVOLVED

LOAN APPLICANT RESPONSIBILITIES

YES	NO	N/A
-----	----	-----

- ☒ ☐ ☐ 1. The Loan Applicant has submitted evidence of placing an “advertisement for bids” in a **DAILY**, regional newspaper for a minimum of one day. The advertisement must state, “this procurement is subject to the Loan Applicant’s policy regarding the increased use of Disadvantaged Business enterprises”. See Item #1 of the “Bidding Review Checklist” and the example advertisement contained within Illinois EPA’s “Front End Documents”.

If an online advertisement was placed with the “Dodge Reports” or an equivalent website, a screenshot of the advertisement along with the webpage address, and a receipt must be attached.

- ☐ ☐ ☐ 2. Length of bidding period by Loan Applicant allows the potential prime contractor time to advertise for DBE subcontractors. The recommended time is 45 days and the minimum is generally 30 days.

- ☒ ☐ ☐ 3. Loan Applicant held a Pre-bid meeting for potential bidders? A Pre-bid meeting is highly recommended.
11/7/2025 Date of Pre-Bid Meeting

BIDDER/PRIME CONTRACTOR RESPONSIBILITIES

YES	NO	N/A
-----	----	-----

- ☐ ☐ ☐ 1. **Completed, signed certification from the bidder(s)**, attesting that the bidder will award no subagreements, including the procurement of equipment, materials, supplies, and services, in the performance of this contract.

OR

- ☒ ☐ ☐ 2. "Certificate of Publication" and copy of the advertisement from a **DAILY**, regional newspaper is attached. If the certificate is not available other evidence/proof of publication such as actual page from the newspaper may be accepted. If an online advertisement was placed with the "Dodge Report" or an equivalent website, a screenshot of the advertisement along with the webpage address, and a receipt must be attached. All advertisements must run one day at least 16 days prior to bid opening.

a. Date of Bidder Advertisement: 11/5/2025

b. Date of Bid Opening: 12/2/2025

- ☐ ☐ ☒ 3. If DBEs will be utilized, a completed **Illinois EPA DBE Form #3** from each Disadvantaged Business to be utilized attesting that they are a Disadvantaged Business. This form must be signed by the Prime Contractor and Subcontractor, and include the DBE's name, address, telephone number, a description of the work, DBE certifying Agency, and estimated cost of the subcontract.

- ☐ ☐ ☒ 4. If DBEs will be utilized, a signed certification from the Prime Contractor attesting that the prime contractor has no dominating or conflict of interest with the Disadvantaged Business Enterprise to be utilized. **Illinois EPA DBE Form #1** contains this phrase and may be used for this purpose.

- ☐ ☐ ☒ 5. Names, addresses, telephone numbers of Disadvantaged Businesses which submitted proposals, but will not be utilized. Justification for their non-utilization must be provided. **Illinois EPA DBE Form #1** may be used to report this information.

- ☒ ☐ ☐ 6. In instances where the bidder(s) does not receive any inquiries or proposals from Disadvantaged Businesses prior to bid opening, the bidder(s) must provide a written certification attesting that no responses or proposals were received. **Illinois EPA DBE Form #1** may be used to report this information.

- ☐ ☐ ☒ 7. Prime contractor's list of **all DBE and non-DBE subcontractors** submitting proposals/quotes is attached. List will include names, addresses, e-mails, phone numbers, DBE status, and what work the entity bid or quoted (painting, welding, supplies, etc.). List will be maintained during the project & made available upon request. **Illinois EPA DBE Form #4** may be used to report this information.

RESPONSIBILITY DETERMINATION**YES NO N/A**

- ☐ ☐ ☒ 1. The Prime Contractor (low, responsive, responsible bidder) must provide DBE subcontractors that have been selected to perform work with a Letter of Intent signed by the Prime Contractor and the DBE subcontractor. The Letter of Intent must describe work that will be performed by the subcontractor and the price of the work.

LOAN APPLICANT SIGNATURE

By signing this document, I certify that the above information is, to the best of my knowledge, true and accurate. I agree to fully comply with the State of Illinois' Procedures for Issuing Loans from the Water Pollution Control Loan Program and/or the Procedures for Issuing Loans from Public Water Supply Loan Program. Furthermore, the proposal is consistent with approved specifications for this loan project in terms of quantity, description, and eligibility. I understand that DBE forms and guidance documents may be obtained from the Illinois EPA website or by contacting the Infrastructure Financial Assistance Section at 217-782-2027.

INVITATION TO BID

The Village of Homewood, Cook County, Illinois invites sealed bids for the trenchless replacement of lead service lines with new water services. New service lines will include the reconnection to the water main, including B-Box (shut-off valve), and connection to the customer's meter. The project also includes sidewalk and/or hot mix asphalt removal and replacement, landscaping and seeding restoration, and distribution of pitcher filters.

Sealed bid proposals will be received at the office of the Director of Public Works, Village of Homewood, 17755 S. Ashland Avenue, Homewood, Illinois 60430, until 1:00 p.m. on December 1, 2025, at which time they will be publicly opened and read.

Specifications and bid proposal forms are available at the Municipal Service Center, 17755 Ashland Avenue, Homewood, Illinois, Monday through Friday, between the hours of 7:00 a.m. and 4:00 p.m.

A MANDATORY pre-bid meeting is scheduled for November 7, 2025 at 10:00 am the Municipal Service Center, 17755 Ashland Avenue.

The Village of Homewood reserves the right to waive technicalities, to reject any or all bid proposals, or to accept any bid proposal which is considered most favorable to the Village of Homewood.

Any singular reference to Contractor, Surety, Owner or other party shall be considered plural where applicable.

OWNER:

(Name, legal status and address)

Village of Homewood
17755 Ashland Avenue
Homewood, IL 60430

BOND AMOUNT: \$ 5% Five Percent of Amount Bid

PROJECT:

(Name, location or address, and Project number, if any)

Lead Service Line Replacement FY26; Project No. 2025153

The Contractor and Surety are bound to the Owner in the amount set forth above, for the payment of which the Contractor and Surety bind themselves, their heirs, executors, administrators, successors and assigns, jointly and severally, as provided herein. The conditions of this Bond are such that if the Owner accepts the bid of the Contractor within the time specified in the bid documents, or within such time period as may be agreed to by the Owner and Contractor, and the Contractor either (1) enters into a contract with the Owner in accordance with the terms of such bid, and gives such bond or bonds as may be specified in the bidding or Contract Documents, with a surety admitted in the jurisdiction of the Project and otherwise acceptable to the Owner, for the faithful performance of such Contract and for the prompt payment of labor and material furnished in the prosecution thereof; or (2) pays to the Owner the difference, not to exceed the amount of this Bond, between the amount specified in said bid and such larger amount for which the Owner may in good faith contract with another party to perform the work covered by said bid, then this obligation shall be null and void, otherwise to remain in full force and effect. The Surety hereby waives any notice of an agreement between the Owner and Contractor to extend the time in which the Owner may accept the bid. Waiver of notice by the Surety shall not apply to any extension exceeding sixty (60) days in the aggregate beyond the time for acceptance of bids specified in the bid documents, and the Owner and Contractor shall obtain the Surety's consent for an extension beyond sixty (60) days.

If this Bond is issued in connection with a subcontractor's bid to a Contractor, the term Contractor in this Bond shall be deemed to be Subcontractor and the term Owner shall be deemed to be Contractor.

When this Bond has been furnished to comply with a statutory or other legal requirement in the location of the Project, any provision in this Bond conflicting with said statutory or legal requirement shall be deemed deleted herefrom and provisions conforming to such statutory or other legal requirement shall be deemed incorporated herein. When so furnished, the intent is that this Bond shall be construed as a statutory bond and not as a common law bond.

POWER OF ATTORNEY

KNOW ALL MEN BY THESE PRESENTS: That HUDSON INSURANCE COMPANY, a corporation of the State of Delaware, with offices at 100 William Street, New York, New York, 10038, has made, constituted and appointed, and by these presents, does make, constitute and appoint

James I. Moore
of the State of IL

its true and lawful Attorney(s)-in-Fact, at New York, New York, each of them alone to have full power to act without the other or others, to make, execute and deliver on its behalf, as Surety, bonds and undertakings given for any and all purposes, also to execute and deliver on its behalf as aforesaid renewals, extensions, agreements, waivers, consents or stipulations relating to such bonds or undertakings provided, however, that no single bond or undertaking shall obligate said Company for any portion of the penal sum thereof in excess of the sum of **Twenty Five Million Dollars (\$25,000,000.00)**.

Such bonds and undertakings when duly executed by said Attorney(s)-in-Fact, shall be binding upon said Company as fully and to the same extent as if signed by the President of said Company under its corporate seal attested by its Secretary.

In Witness Whereof, HUDSON INSURANCE COMPANY has caused these presents to be of its Senior Vice President thereunto duly authorized, on this 15th day of November, 20 24 at New York, New York.

CERTIFICATION

STATE OF NEW YORK
COUNTY OF NEW YORK SS.

The undersigned **Dina Daskalakis** hereby certifies:

That the original resolution, of which the following is a true and correct copy, was duly adopted by unanimous written consent of the Board of Directors of Hudson Insurance Company dated July 27th, 2007, and has not since been revoked, amended or modified:

"RESOLVED, that the President, the Executive Vice Presidents, the Senior Vice Presidents and the Vice Presidents shall have the authority and discretion, to appoint such agent or agents, or attorney or attorneys-in-fact, for the purpose of carrying on this Company's surety business, and to empower such agent or agents, or attorney or attorneys-in-fact, to execute and deliver, under this Company's seal or otherwise, bonds obligations, and recognizances, whether made by this Company as surety thereon or otherwise, indemnity contracts, contracts and certificates, and any and all other contracts and undertakings made in the course of this Company's surety business, and renewals, extensions, agreements, waivers, consents or stipulations regarding undertakings so made; and

FURTHER RESOLVED, that the signature of any such Officer of the Company and the Company's seal may be affixed by facsimile to any power of attorney or certification given for the execution of any bond, undertaking, recognizance, contract of indemnity or other written obligation in the nature thereof or related thereto, such signature and seal when so used whether heretofore or hereafter, being hereby adopted by the Company as the original signature of such officer and the original seal of the Company, to be valid and binding upon the Company with the same force and effect as though manually affixed."

THAT the above and foregoing is a full, true and correct copy of Power of Attorney issued by said Company, and of the whole of the original and that the said Power of Attorney is still in full force and effect and has not been revoked, and furthermore that the Resolution of the Board of Directors, set forth in the said Power of Attorney is now in force.

Witness the hand of the undersigned and the seal of said Corporation this 1st day of December, 20 25

BID FORM OR PROPOSAL

Proposal of Trine Construction Corp. (hereinafter called "BIDDER"),
organized and existing under the laws of the State of FL
doing business as a corporation *
to the Village of Homewood (hereinafter called "OWNER").

In compliance with your Advertisement for Bids, BIDDER hereby proposes to perform all WORK for the construction of the Lead Service Line Replacement FY26 project. (hereinafter call "PROJECT")

in strict accordance with the CONTRACT DOCUMENTS, within the time set forth therein, and at the prices stated below.

BIDDER hereby agrees to commence WORK under this contract on or before a date to be specified in the NOTICE TO PROCEED and to fully complete the PROJECT within 275 consecutive calendar days thereafter. BIDDER further agrees to pay as liquidated damages, the sum of \$750.00 for each consecutive calendar day thereafter.

BIDDER certifies that all iron, steel, manufactured products, and construction materials used in the project for the construction, alteration, maintenance, or repair of a public water system are produced in the United States in compliance with the federal Build America, Buy America Act, Pub. L. No. 117-58 §§ 70901-52.

*** Insert "a corporation", "a partnership", or "an individual" as applicable.**

- (I) By submission of the bid, each bidder certifies, and in the case of a joint bid each party to the joint bid certifies, as to his or her own organization, that in connection with the bid:
- (i) The prices in the bid have been arrived at independently, without consultation, communication, or agreement with any other bidder or with any competitor, for the purpose of restricting competition, as to any matter relating to the prices;
 - (ii) Unless otherwise required by law, the prices quoted in the bid have not knowingly been directly or indirectly disclosed to any other bidder or to any competitor prior to opening; and
 - (iii) No attempt has been made or will be made by the bidder to induce any other person or firm to submit or withhold a bid for the purpose of restricting competition.
- (II) Each person signing the bid shall certify that:
- (i) He or she is the person in the bidder's organization responsible for the decision as to the prices being bid and that he or she has not participated, and will not participate, in any action contrary to (I)(i) through (I)(iii) above; or
 - (ii) He or she is not the person in the bidder's organization responsible for the decision as to the prices being bid, but that he or she has been authorized to act as agent certifying that the persons determining the prices have not participated, and will not participate, in any action contrary to (I)(i) through (I)(iii) above, and as their bidder's agent shall so certify. He or she shall also certify that he or she has not participated, and will not participate, in any action contrary to (I)(i) through (I)(iii) above.

BIDDER acknowledges receipt of the following ADDENDUM (Where applicable):

1, 2, 3

BIDDER certifies that wages paid in connection with the PROJECT shall be paid at prevailing rates not less than those prevailing under the Davis-Bacon Wage Act. Bidder further certifies that the provisions contained in the following clauses will be exercised in the performance of any contract resulting from this BID and are made a part of the CONTRACT DOCUMENTS thereto by their inclusion in the BID as follows:

(1) *Minimum wages.*

- (i) All laborers and mechanics employed or working upon the site of the work, will be paid unconditionally and not less often than once a week, and without subsequent deduction or rebate on any account (except such payroll deductions as are permitted by regulations issued by the Secretary of Labor under the Copeland Act (29 CFR part 3)), the full amount of wages and bona fide fringe benefits (or cash equivalents thereof) due at time of payment computed at rates not less than those contained in the wage determination of the Secretary of Labor which is attached hereto and made a part hereof, regardless of any contractual relationship which may be alleged to exist between the contractor and such laborers and mechanics. Contributions made or costs reasonably anticipated for bona fide fringe benefits under section 1(b)(2) of the Davis Bacon Act on behalf of laborers or mechanics are considered wages paid to such laborers or mechanics, subject to the provisions of paragraph (a)(1)(iv) of this section; also, regular contributions made or costs incurred for more than a weekly period (but not less often than quarterly) under plans, funds, or programs which cover the particular weekly period, are deemed to be constructively made or incurred during such weekly period. Such laborers and mechanics shall be paid the appropriate wage rate and fringe benefits on the wage determination for the classification of work actually performed, without regard to skill, except as provided in §5.5(a)(4). Laborers or mechanics performing work in more than one classification may be compensated at the rate specified for each classification for the time actually worked therein: Provided, that the employer's payroll records accurately set forth the time spent in each classification in which work is performed. The wage determination (including any additional classification and wage rates conformed under paragraph (a)(1)(ii) of this section) and the Davis Bacon poster (WH-1321) shall be posted at all times by the contractor and its subcontractors at the site of the work in a prominent and accessible place where it can be easily seen by the workers. Sub recipients may obtain wage determinations from the U.S. Department of Labor's web site, <http://beta.sam.gov/>
- (ii) (A) The sub-recipient, on behalf of USEPA, shall require that any class of laborers or mechanics, including helpers, which is not listed in the wage determination and which is to be employed under the contract shall be classified in conformance with the wage determination. The USEPA award official shall approve an additional classification and wage rate and fringe benefits therefore only when the following criteria have been met:
 - (1) The work to be performed by the classification requested is not performed by a classification in the wage determination; and
 - (2) The classification is utilized in the area by the construction industry; and
 - (3) The proposed wage rate, including any bona fide fringe benefits, bears a reasonable relationship to the wage rates contained in the wage determination.
- (B) If the contractor and the laborers and mechanics to be employed in the classification (if known), or their representatives, and the sub-recipient agree on the classification and wage rate (including the amount designated for fringe benefits where appropriate), a report of

**U.S. ENVIRONMENTAL PROTECTION AGENCY CERTIFICATION OF NONSEGREGATED
FACILITIES**

(Applicable to federally assisted construction contracts and related subcontracts exceeding \$10,000 that are not exempt from the Equal Opportunity clause.)

The federally assisted construction contractor certifies that he does not maintain or provide for his employees any segregated facilities at any of his establishments, and that he does not permit his employees to perform their services at any location, under his control, where segregated facilities are maintained. The federally assisted construction contractor certifies further that he will not maintain or provide for his employees any segregated facilities at any of his establishments, and that he will not permit his employees to perform their services at any location, under his control, where segregated facilities are maintained. The federally assisted construction contractor agrees that a breach of this certification is a violation of the Equal Opportunity clause in this contract. As used in this certification, the term "segregated facilities" means any waiting rooms, work areas, rest rooms and other storage or dressing areas, parking lots, drinking fountains, recreation or entertainment areas, transportation, and housing facilities provided for employees which are segregated by explicit directive or are in fact segregated based on race, creed, color, or national origin, because of habit, local custom or otherwise. The federally assisted construction contractor agrees that (except where he has obtained identical certifications from proposed subcontractors for specific time periods) he will obtain identical certifications from proposed subcontractors prior to the award of subcontracts exceeding \$10,000 which are not exempt from the provisions of the Equal Opportunity clause, and that he will retain such certification in his files.

The prospective participant to the best of its knowledge and belief that it and its principles:

- (a) Are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any Federal department or agency;
- (b) Have not within a three year period preceding this proposal been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State or local) transaction or contract under a public transaction; violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property.
- (c) Are not presently indicted for or otherwise criminally or civilly charged by a government entity (Federal, State or local) with commission of any of the offenses enumerated in paragraph (1) (b) of this certification; and
- (d) Have not within a three-year period preceding this application/proposal had one or more public transactions (Federal, State or local) terminated for cause or default.

I understand that a false statement on this certification may be grounds for rejection of this proposal or termination of the award. In addition, under 18 USC Sec. 1001, a false statement may result in fine of up to \$10,000 or imprisonment for up to 5 years, or both.

IEPA DBE PROGRAM FORM #1
Contractor Certification Form

(To be completed by all Prime Contractors)

Please check the appropriate boxes that apply and complete the information on the bottom of the form.

- ☐ This firm will award no subcontracts (including in the procurement of equipment, supplies, or services), in the performance of this contract.
- ☒ This firm advertised for DBE subcontractors according to the good faith efforts outlined in the IEPA DBE Guidance Document.
- ☐ This firm received proposals from DBE(s) that will not be utilized. A list of the DBEs not hired, along with their address, phone number, and reason(s) for non-utilization, is below.

☒ This firm did not receive any inquiries from DBEs.

I certify that the above is true. I further certify that this firm and its partners, directors, and officers do not possess a controlling interest in ownership or ~~conflict of interest~~ or any other authority to control the DBE to be used during the performance of the contracts.

BIDDER CERTIFICATION REGARDING THE USE OF IRON, STEEL, MANUFACTURED PRODUCTS, AND CONSTRUCTION MATERIALS PRODUCED IN THE UNITED STATE (BUILD AMERICA, BUY AMERICA ACT)

I Michael M. Rendina, do hereby certify that: Name

1. I am President (title) of the Trime Construction Corp. (company, partnership, etc.) and have authority to execute this certification on behalf of the firm.
2. I am aware that all iron, steel, manufactured products, and construction materials used for this project must be produced in the United States per the federal Build America, Buy America Act (BABA) signed by President Biden on November 15, 2021. Pub. L No. 117-58, §§ 70901-52.
3. I understand the term "iron and steel products" refers to the following products made primarily of iron or steel: lined or unlined pipes and fittings manhole covers and other municipal castings, hydrants, tanks, flanges, pipe clamps and restraints, valves, structural steel, reinforced precast concrete, and construction materials.
4. I understand that all manufactured products used in the project must be produced in the United States. This means the manufactured product was manufactured in the United States, and the cost of the components of the manufactured product that are mined, produced, or manufactured in the United States is greater than 55 percent of the total cost of all components of the manufactured product.
5. I acknowledge that all construction materials for this project must be manufactured in the United States. This means all manufacturing processes for the construction materials occurred in the United States.
6. I am aware that this requirement applies to all portions of the project that are subcontracted.

#4 - Analysis of Bids and Recommendation to Award

December 5, 2025

Mr. Joshua Burman
Director of Public Works
Village of Homewood
17755 Ashland Avenue
Homewood, Illinois 60430

Re: Lead Service Line Replacement FY26 Project
Letter of Recommendation

Dear Mr. Burman:

This letter is regarding the Bid Opening that was held for the subject project on Tuesday, December 2, 2025. There were three (3) Bids that were received. See attached for the completed bid tabulation. The Village emailed the bids from the bidders to Burns & McDonnell and requested that it be reviewed for completeness and accuracy, as well as performing a check of apparent low bidder's complete and responsive bid.

The low bidder was Trine Construction Corp. (Trine) with a total bid of \$2,339,000.00, which is \$315,985.00 less than the next lowest bidder, 5 Star Energy Services, LLC (5 Star). 5 Star did not include the cost of Line Item #34, Water Main Repair Clamps, in their bid. This resulted in the value in the proposal being \$3,375 less than 5 Star's correct base bid of \$2,654,985.

Trine advertised for DBEs online on the Dodge Construction Network Site and reported in IEPA DBE Program Form #1 that they did not receive any inquiries from DBEs. Trine's FEIN and Unique ID numbers, as well as their list of subcontractors on this project, should be requested when a Notice of Intent to Award Form is shared with them.

Based on the information above and our review of their bid, accompanying documents and references, Burns & McDonnell recommends that the Village of Homewood award the Contract to Trine with a total bid of \$2,339,000.00.

Sincerely,

Burns & McDonnell Engineering Company, Inc.

A handwritten signature in blue ink, appearing to read "Paul St. Aubyn".

Paul St. Aubyn, PE
Project Manager

#10 - Addenda #1-3

**ADDENDUM NO. 1
AND RESPONSE TO BIDDER QUESTIONS
VILLAGE OF HOMEWOOD, ILLINOIS
LEAD SERVICE LINE REPLACEMENT FY26**

DATE: November 12, 2025

BID OPENING: December 1, 2025, at 1:00 pm

To: All Prospective Bidders. All BIDDERS for the above contract shall carefully read the enclosed addendum and consider its impact in the preparation of their bid.

Project Manual:

- I. Advertisement for Bids
 - a. Remove the word “mandatory” from the description of the Pre-Bid Conference.
 - b. Remove the address that bids are to be submitted to and replace with the Address below:
 - i. “Village of Homewood
Village Hall, First Floor
2020 Chestnut Road,
Homewood, IL 60430”
- II. Bidders Qualification Statement
 - a. Remove the address that bids are to be submitted to and replace with the Address below:
 - i. “Village of Homewood
Village Hall, First Floor
2020 Chestnut Road,
Homewood, IL 60430”
- III. Instructions to Bidders
 - a. Remove the address that bids are to be submitted to and replace with the Address below:
 - i. “Village of Homewood
Village Hall, First Floor
2020 Chestnut Road,
Homewood, IL 60430”
 - b. Remove the word “mandatory” from the description of the Pre-Bid Conference.
- IV. 31 20 50 SITE PREPARATION AND EARTHWORK
 - a. 1.05 QUALITY ASSURANCE
 - i. REPLACE paragraph 2 in its entirety with the following:
 - 1. “Tests to determine conformance with all requirements in the Uncontaminated Soil Certification LPC-663 form, shall be performed by an independent, commercial laboratory retained and compensated by Contractor.”
- V. 33 12 16 WATER UTILITY PIPE, VALVES, AND ACCESSORIES
 - a. 3.03 WATER SERVICE LINE CONNECTIONS AND REPLACEMENT COORDINATION
 - i. REPLACE paragraph A in its entirety with the following:

1. “The Owner has coordinated the initial notification to property owners whose service lines were determined to be lead, galvanized, or other non-copper material and will need to be completely replaced. It is the Contractor’s responsibility to obtain the Homeowner Consent Agreement, which grants the temporary construction easements, from all property owners. The Contractor should be aware that some properties are anticipated to be rental properties, and in these cases, the Contractor will be required to coordinate both with the renter and the Property Owner. Only the Property Owner is permitted to sign the Consent Agreement. The current draft of the Homeowner Consent Agreement is located in Appendix A of the Project Manual.”

VI. Appendix A – Homeowner Consent Agreement

- a. Replace the Homeowner Consent Agreement in Appendix A with the attached Homeowner Consent Agreement.

VII. Appendix B – Cook County Prevailing Wage Rates posted on 9/15/2025

- a. Replace the Cook County Prevailing Wage Rates posted on 9/15/2025 in Appendix B with the attached Cook County Prevailing Wage Rates posted on 11/04/2025.18

Drawings:

VIII. SHEET C105: DETAILS (REISSUED)

- a. Replaced Detail 5 WATER METER CONNECTION

Attachments:

- I. Bidder’s Acknowledgment Of Receipt

- iv. **Restore with permanent patch.**

4. Addenda

- a. Cook County Prevailing Wage Rates - 11/4/2025
- b. Access Agreement
- c. Section 33 12 16, 3.03.A
- d. Detail 5 / C105

5. Open Discussion

- **Contractor will need to perform soils testing.**
- **If Contractor identifies potential asbestos materials in the structure, the Contractor will identify a point of entry for the new service line into the structure that does not disturb the asbestos material. Asbestos remediation is not included in the scope of work and if asbestos remediation is required, it will be handled through change order.**
- **The Village will have their licensed plumber on site to perform the inspection.**

Attachment

- **None**

RESPONSE TO BIDDER QUESTIONS

VILLAGE OF HOMEWOOD

LEAD SERVICE LINE REPLACEMENT FY26

Questions Received by November 11th, 2025

No.	Question	Answer
1	Are all services to be replaced FULL services from the existing water main to the building meter?	Yes, all services to be replaced are to be FULL services from the existing water main to the building meter. Refer to Sheet C105 in the Contract Drawings.
2	Is topsoil, seed and matting acceptable for landscape restoration?	Topsoil is necessary for exterior restoration, see Section 31 20 50 and Lien #24 on the Bid Schedule, however hydroseeding is the only acceptable method of reseeding, see Section 32 92 00.
3	What are the start and completion dates for the project?	Start and completion dates will be determined by the final award of the SRF Loan. The notice to Proceed is anticipated for early 2026, and the contract duration (which dictates the end date) is stipulated in the general conditions.
4	What are the liquidated damages for the project?	The liquidated damages are included on pg. 11 of the Project Manual in the Bid Form or Proposal.
5	Will the village supply the CCDD Testing/LPC-662/663 form for the entire project?	The contractor is to populate the LPC-663 form and execute the certification in Section IV.
6	Are pre and post construction videos and photographs required for each residence? If so, can the contractor schedule with the homeowner at their convenience?	Yes, pre- and post-construction videos and photographs are required, and yes, the contractor can schedule with the homeowner at their convenience.
7	Is concrete street base required in street pits? If so, is field testing required and is the contractor responsible for this?	The concrete street base, as shown on Sheet C101 in the Contract Drawings, is required in street pits where the existing street includes a concrete base. This is not common across the Village, but the greatest concentration of concrete street bases is found in the area shown in Sheets C202, C203, and C204. Field Testing of the concrete street base is required and the contractor is to “furnish a material testing service for field testing” per Section 03 30 00.

8	Does the TRENCH BACKFILL (CA6) unit cover the backfilling for ALL pits, main and b-box, that will be excavated?	Yes, the TRENCH BACKFILL (CA6) unit cost will cover the cost of backfill for ALL pits including the water main and the B-Box. Topsoil is to be provided above non paved areas.
9	Are sanitary sewer services required to be televised for all lead service replacements? If so, what is the requirement?	Sanitary sewer services are not required to be televised unless there is reason to believe that a sanitary service has been damaged during the installation of the new water service line.
10	If asbestos is encountered, how will this be addressed/handled?	If asbestos materials are encountered, the contractor is to notify the Village and defer to the direction in Section 01 11 00, paragraph 3.01.C. Asbestos rebatement is not included in the scope of work.

APPENDIX A - HOMEOWNER CONSENT AGREEMENT

Property Access Agreement

Lead Service Line Replacement

The Village of Homewood is requesting access to your property to install a new underground water service line. To complete this work, the Village and its Contractors will need access to your yard and the inside of your home to connect the new water service line.

1. Work to be Performed

The Village's Contractors will replace all existing lead piping with copper piping, from the water meter inside the house to the water main. ("Work")

2. Consent to Property Access

The undersigned ("Owner") consents to the Village of Homewood ("Village") and to its approved Contractors entering the Owner's property at

_____, Homewood, Illinois 60430 ("Property") to replace the water line serving the Property, **at no cost to the Owner**. The agreement term shall be 12 months following the date set forth below, or final Village acceptance of the Work.

3. Ownership after Completion

After the Work is completed:

- The Village will own and maintain the pipe from the water main to the B-Box.
- You will own the pipe from the B-Box to your home and will be responsible for all future maintenance, repairs, and replacement of that portion.

4. Access and Scheduling

You agree to provide reasonable access to your property and coordinate with the Village or its Contractors to schedule the Work.

6. Pre-Work Preparation

You agree to clear the area around your water meter and provide clear access to the work area before construction. The Village or its Contractors may contact you to schedule a pre-construction walkthrough. If the Village or its Contractors determines that the building foundation or work area is not in sound condition, the Work will not proceed until the property owner makes repairs necessary for the Work to proceed.

6. Restoration Standards

Following completion of the Work, the Village or its Contractors will remove all debris and shall restore the Subject Property as follows. Restoration will be limited to these items, as determined solely by the Village: structural repairs to that portion of the building foundation or slab disrupted by

the Work, replacement of that portion of the driveway or sidewalk removed or damaged during construction; installation of topsoil and Hydro-seeding on disturbed areas; and reinstallation of existing fence material. The Owner is responsible for all other internal and external private property repairs resulting from the Work, including nonstructural or cosmetic repairs, and replacing any landscaping, such as trees, bushes, or shrubs. The Property Owner must move, cover, and protect furniture, floor coverings, and other items to facilitate the Work.

7. Warranty

The Village's Contractors will provide a warranty for the material and workmanship of the water service line for 12 months following completion of the Work.

8. Waiver of Claims

Other than a claim based on the warranty described above, the Owner shall not sue or bring any other action or claim against the Village or its Contractors, or their respective officers, agents, or employees, for damages caused by, related to, or arising out of the Work. The Owner hereby waives any right of subrogation pertaining to the Work. These provisions shall survive the expiration or termination of this Agreement and shall continue until the expiration of all limitation periods applicable to any causes of action which may arise from the Work.

9. Governing Law

The laws of the State of Illinois govern this Agreement.

10. Signatures

☐ I agree to participate in the lead service line replacement program at no cost to me.

☐ I decline to participate in the program. All property owners declining this work must sign the attached waiver required by the Illinois Department of Public Health.

525-535 West Jefferson Street • Springfield, Illinois 62761-0001 • www.dph.illinois.gov

WAIVER OF COMPLETE LEAD SERVICE LINE REPLACEMENT

You are receiving this form because your property has been identified by your community water supply (CWS) as being served by a lead service line or galvanized service line located downstream of lead and you are refusing to allow the community water supply (CWS) to replace your entire service line.

The purpose of this form is to provide you, the property owner, with information necessary to make an informed decision about replacing your service line. In accordance with the Lead Service Line Replacement and Notification Act, Public Act 102-0613, the owner or operator of your CWS is required to replace your lead service line in its entirety, including any portion of the service line running on private property and within the building's plumbing at the first shut-off valve or 18 inches inside the building, whichever is shorter. If you deny the CWS the ability to perform a complete lead service line replacement, then you, the property owner, must sign this waiver form in accordance with 415 ILCS 5/17.12 (ff)(1)(D) and 17.12 (ii).

The following items should be considered by property owners regarding lead service line replacement:

- ***Lead service lines and galvanized service lines downstream of lead can be significant contributors of lead contamination in drinking (tap) water through the corrosion of these materials.*** Service lines are pipes that carry drinking water from the CWS water main to a home or building. A study published by American Water Works Association (AWWA) Water Research Foundation (2008) "Contributions of Service Line and Plumbing Fixtures to Lead and Copper Rule Compliance Issues" (Sandvig et al, 2008) estimates that 50% – 75% of lead in drinking water comes from lead service lines.
- ***Lead is a toxic metal that is harmful to human health even at low exposure levels.*** Young children are particularly vulnerable to lead. The adverse health effects of lead exposure include damage to the brain and nervous system, slowed growth and development, learning and behavior problems, hearing and speech problems, lower IQ, decreased ability to pay attention, and underperformance in school. Please see the CDC's website, <https://www.cdc.gov/nceh/lead/prevention/health-effects.htm> for additional information regarding health effects of lead.
- ***Partial lead service line replacements can increase lead levels for long periods of time.*** Partial lead service line replacement means replacement of only a portion of a lead service line or a galvanized service line downstream of lead. Following a partial lead service line replacement, lead levels increase and construction activities such as digging and cutting release particulate lead. Particulate lead is a concern because the lead content can be very high. Additionally, new materials from partial lead service line replacements can increase corrosion or create galvanic corrosion.
- ***Property owners of nonresidential properties or properties operating as rental property have responsibilities under the Lead Service Line Replacement and Notification Act after denial of complete lead service line replacement.*** In accordance with 415 ILCS 5/17.12 (ff), owners of nonresidential buildings or a residence operating as a rental property shall be responsible for installing and maintaining certified point-of-use filters for the reduction of lead (NSF/ANSI Standard 53) and

particulates (NSF/ANSI Standard 42) at all plumbing fixtures intended to supply water for the purposes of drinking, food preparation, or making baby formula until such time that the property owner has affected the remaining portions of the lead or galvanized service line to be replaced.

- ***Unsafe conditions and knowledge of the remaining lead piping must be disclosed appropriately.*** Waiver or denial of complete replacement of a lead service line may create unsafe concentrations of lead and/or unsafe conditions relating to the remaining lead water pipe. If the property is a residential real property as defined by the Residential Real Property Disclosure Act (765 ILCS 77/5), appropriate disclosure shall be made at any transfer of sale, exchange, installment land sale contract, assignment of beneficial interest, lease with an option to purchase, ground lease, or assignment of ground lease.
- ***Service lines are plumbing and are required to be replaced by individuals authorized by the Plumbing License Law (225 ILCS 320/3).*** Service lines are plumbing as defined by the Plumbing License Law (225 ILCS 320/3). As plumbing, service lines are required to be repaired, replaced, and installed by authorized individuals and in accordance with the requirements of the Illinois Plumbing Code (77 Ill. Adm. Code 890).
- ***If the property is operating as a childcare operation, there are additional requirements regarding lead in drinking water under Department of Family and Children Services (DCFS) licensing standards.*** Under DCFS licensing standards, changes in water profile including changes to the water service line require retesting of the drinking water for presence of lead. Where lead is detected at or above DCFS's action level, a mitigation plan to reduce the concentration of lead is required.

More information about lead in drinking water and the effects of lead can be found at IDPH's website: <https://dph.illinois.gov>.

In consideration of the above information, IDPH strongly recommends you allow your CWS to replace your lead service line in its entirety. If you choose to waive and deny a complete lead service line replacement at your property, this form must be completed and returned to your CWS. Sections 1,2, and 3 of this form are to be completed by the CWS and Sections 4 and 5 of this form are to be completed by, you, the property owner of the affected property.

WAIVER OF COMPLETE LEAD SERVICE LINE REPLACEMENT

Sections 1, 2, and 3 must be completed by the CWS prior to providing the form to the property owner.

SECTION 1: COMMUNITY WATER SUPPLY INFORMATION	
CWS Name	ID Number
Phone	Email
CWS Mailing Address	
CWS City	Zip Code
SECTION 2: SERVICE LINE ACTIVITY INFORMATION	
<input type="checkbox"/> Emergency Repair <input type="checkbox"/> Planned Replacement	Date of Activity
SECTION 3: AFFECTED PROPERTY	
Street Address	
City	Zip Code

Sections 4 and 5 must be completed by the owner of the affected building identified above and returned to the community water supply.

SECTION 4: Property Owner Information	
Full Name (First Name Last Name)	
Phone	Email
SECTION 5: DENIAL OF COMPLETE LEAD SERVICE LINE REPLACEMENT	
<input type="checkbox"/> By signing this waiver, I acknowledge that I am the property owner of the affected property located at the address listed in Section 3 of this form and I have been informed by the CWS that my property has a lead service line. I have read and understand the information provided within this waiver regarding the hazards of lead in drinking water, partial lead service line replacement, and Illinois laws about responsibilities of property owners for providing filters, disclosing the presence of lead water service lines, and requirements for child care facilities.	
<input type="checkbox"/> By signing this waiver, I acknowledge that I am waiving the community water supply's requirement to replace my lead service line in its entirety. I acknowledge that this waiver will result in a partial lead service line replacement and it may be unsafe to drink, cook with, or otherwise consume water from the tap, unless it has been filtered with a filter certified to meet NSF/ANSI Standard 53 and 42.	
Signature	Date

All parties should retain a copy of this form for their records. The Community Water Supply must also provide notification to IDPH using the electronic forms located at <https://dph.illinois.gov/topics-services/environmental-health-protection/lead-in-water.html>.

Trng Training

Other Ins Employer hourly cost for any other type(s) of insurance provided for benefit of worker.

Explanations COOK COUNTY

The following list is considered as those days for which holiday rates of wages for work performed apply: New Years Day, Memorial Day, Fourth of July, Labor Day, Thanksgiving Day, Christmas Day and Veterans Day in some classifications/counties. Generally, any of these holidays which fall on a Sunday is celebrated on the following Monday. This then makes work performed on that Monday payable at the appropriate overtime rate for holiday pay. Common practice in a given local may alter certain days of celebration. If in doubt, please check with IDOL.

TRUCK DRIVERS (WEST) - That part of the county West of Barrington Road.

EXPLANATION OF CLASSES

ASBESTOS - GENERAL - removal of asbestos material/mold and hazardous materials from any place in a building, including mechanical systems where those mechanical systems are to be removed. This includes the removal of asbestos materials/mold and hazardous materials from ductwork or pipes in a building when the building is to be demolished at the time or at some close future date. ASBESTOS - MECHANICAL - removal of asbestos material from mechanical systems, such as pipes, ducts, and boilers, where the mechanical systems are to remain.

CERAMIC TILE FINISHER

The grouting, cleaning, and polishing of all classes of tile, whether for interior or exterior purposes, all burned, glazed or unglazed products; all composition materials, granite tiles, warning detectable tiles, cement tiles, epoxy composite materials, pavers, glass, mosaics, fiberglass, and all substitute materials, for tile made in tile-like units; all mixtures in tile like form of cement, metals, and other materials that are for and intended for use as a finished floor surface, stair treads, promenade roofs, walks, walls, ceilings, swimming pools, and all other places where tile is to form a finished interior or exterior. The mixing of all setting mortars including but not limited to thin-set mortars, epoxies, wall mud, and any other sand and cement mixtures or adhesives when used in the preparation, installation, repair, or maintenance of tile and/or similar materials. The handling and unloading of all sand, cement, lime, tile, fixtures, equipment, adhesives, or any other materials to be used in the preparation, installation, repair, or maintenance of tile and/or similar materials. Ceramic Tile Finishers shall fill all joints and voids regardless of method on all tile work, particularly and especially after installation of said tile work. Application of any and all protective coverings to all types of tile installations including, but not be limited to, all soap compounds, paper products, tapes, and all polyethylene coverings, plywood, masonite, cardboard, and any new type of products that may be used to protect tile installations, Blastrac equipment, and all floor scarifying equipment used in preparing floors to receive tile. The clean up and removal of all waste and materials. All demolition of existing tile floors and walls to be re-tiled.

COMMUNICATIONS ELECTRICIAN

Cook County Prevailing Wage Rates posted on 11/4/2025

Installation, operation, inspection, maintenance, repair and service of radio, television, recording, voice sound vision production and reproduction, telephone and telephone interconnect, facsimile, data apparatus, coaxial, fibre optic and wireless equipment, appliances and systems used for the transmission and reception of signals of any nature, business, domestic, commercial, education, entertainment, and residential purposes, including but not limited to, communication and telephone, electronic and sound equipment, fibre optic and data communication systems, and the performance of any task directly related to such installation or service whether at new or existing sites, such tasks to include the placing of wire and cable and electrical power conduit or other raceway work within the equipment room and pulling wire and/or cable through conduit and the installation of any incidental conduit, such that the employees covered hereby can complete any job in full.

MARBLE FINISHER

Loading and unloading trucks, distribution of all materials (all stone, sand, etc.), stocking of floors with material, performing all rigging for heavy work, the handling of all material that may be needed for the installation of such materials, building of scaffolding, polishing if needed, patching, waxing of material if damaged, pointing up, caulking, grouting and cleaning of marble, holding water on diamond or Carborundum blade or saw for setters cutting, use of tub saw or any other saw needed for preparation of material, drilling of holes for wires that anchor material set by setters, mixing up of molding plaster for installation of material, mixing up thin set for the installation of material, mixing up of sand to cement for the installation of material and such other work as may be required in helping a Marble Setter in the handling of all material in the erection or installation of interior marble, slate, travertine, art marble, serpentine, alberene stone, blue stone, granite and other stones (meaning as to stone any foreign or domestic materials as are specified and used in building interiors and exteriors and customarily known as stone in the trade), carrara, sanionyx, vitrolite and similar opaque glass and the laying of all marble tile, terrazzo tile, slate tile and precast tile, steps, risers treads, base, or any other materials that may be used as substitutes for any of the aforementioned materials and which are used on interior and exterior which are installed in a similar manner.

MATERIAL TESTER I: Hand coring and drilling for testing of materials; field inspection of uncured concrete and asphalt.

MATERIAL TESTER II: Field inspection of welds, structural steel, fireproofing, masonry, soil, facade, reinforcing steel, formwork, cured concrete, and concrete and asphalt batch plants; adjusting proportions of bituminous mixtures.

OPERATING ENGINEER - BUILDING

Class 1. Asphalt Plant; Asphalt Spreader; Autograde; Backhoes with Caisson Attachment; Batch Plant; Benoto (requires Two Engineers); Boiler and Throttle Valve; Caisson Rigs; Central Redi-Mix Plant; Combination Back Hoe Front End-loader Machine; Compressor and Throttle Valve; Concrete Breaker (Truck Mounted); Concrete Conveyor; Concrete Conveyor (Truck Mounted); Concrete Paver Over 27E cu. ft; Concrete Paver 27E cu. ft. and Under; Concrete Placer; Concrete Placing Boom; Concrete Pump (Truck Mounted); Concrete Tower; Cranes, All; Cranes, Hammerhead; Cranes, (GCI and similar Type); Creter Crane; Spider Crane; Crusher, Stone, etc.; Derricks, All; Derricks, Traveling; Formless Curb and Gutter Machine; Grader, Elevating; Grouting Machines; Heavy Duty Self-Propelled Transporter or Prime Mover; Highlift Shovels or Front Endloader 2-1/4 yd. and over; Hoists, Elevators, outside type rack and pinion and similar machines; Hoists, One, Two and Three Drum; Hoists, Two Tugger One Floor; Hydraulic Backhoes; Hydraulic Boom Trucks; Hydro Vac (and similar equipment); Locomotives, All; Motor Patrol; Lubrication Technician; Manipulators; Pile Drivers and Skid Rig; Post Hole Digger; Pre-Stress Machine; Pump Cretes Dual Ram; Pump Cretes: Squeeze Cretes-Screw Type Pumps; Gypsum Bulker and Pump; Raised and Blind Hole Drill; Roto Mill Grinder; Scoops - Tractor Drawn; Slip-

Cook County Prevailing Wage Rates posted on 11/4/2025

Form Paver; Straddle Buggies; Operation of Tie Back Machine; Tournapull; Tractor with Boom and Side Boom; Trenching Machines.

Class 2. Boilers; Broom, All Power Propelled; Bulldozers; Concrete Mixer (Two Bag and Over); Conveyor, Portable; Forklift Trucks; Highlift Shovels or Front Endloaders under 2-1/4 yd.; Hoists, Automatic; Hoists, Inside Elevators; Hoists, Sewer Dragging Machine; Hoists, Tugger Single Drum; Laser Screed; Rock Drill (Self-Propelled); Rock Drill (Truck Mounted); Rollers, All; Steam Generators; Tractors, All; Tractor Drawn Vibratory Roller; Winch Trucks with "A" Frame.

Class 3. Air Compressor; Combination Small Equipment Operator; Generators; Heaters, Mechanical; Hoists, Inside Elevators (remodeling or renovation work); Hydraulic Power Units (Pile Driving, Extracting, and Drilling); Pumps, over 3" (1 to 3 not to exceed a total of 300 ft.); Low Boys; Pumps, Well Points; Welding Machines (2 through 5); Winches, 4 Small Electric Drill Winches.

Class 4. Bobcats and/or other Skid Steer Loaders; Oilers; and Brick Forklift.

Class 5. Assistant Craft Foreman.

Class 6. Gradall.

Class 7. Mechanics; Welders.

OPERATING ENGINEERS - HIGHWAY CONSTRUCTION

Class 1. Asphalt Plant; Asphalt Heater and Planer Combination; Asphalt Heater Scarfire; Asphalt Spreader; Autograder/GOMACO or other similar type machines; ABG Paver; Backhoes with Caisson Attachment; Ballast Regulator; Belt Loader; Caisson Rigs; Car Dumper; Central Redi-Mix Plant; Combination Backhoe Front Endloader Machine, (1 cu. yd. Backhoe Bucket or over or with attachments); Concrete Breaker (Truck Mounted); Concrete Conveyor; Concrete Paver over 27E cu. ft.; Concrete Placer; Concrete Tube Float; Cranes, all attachments; Cranes, Tower Cranes of all types: Creter Crane: Spider Crane; Crusher, Stone, etc.; Derricks, All; Derrick Boats; Derricks, Traveling; Dredges; Elevators, Outside type Rack & Pinion and Similar Machines; Formless Curb and Gutter Machine; Grader, Elevating; Grader, Motor Grader, Motor Patrol, Auto Patrol, Form Grader, Pull Grader, Subgrader; Guard Rail Post Driver Truck Mounted; Hoists, One, Two and Three Drum; Heavy Duty Self-Propelled Transporter or Prime Mover; Hydraulic Backhoes; Backhoes with shear attachments up to 40' of boom reach; Lubrication Technician; Manipulators; Mucking Machine; Pile Drivers and Skid Rig; Pre-Stress Machine; Pump Cretes Dual Ram; Rock Drill - Crawler or Skid Rig; Rock Drill - Truck Mounted; Rock/Track Tamper; Roto Mill Grinder; Slip-Form Paver; Snow Melters; Soil Test Drill Rig (Truck Mounted); Straddle Buggies; Hydraulic Telescoping Form (Tunnel); Operation of Tieback Machine; Tractor Drawn Belt Loader; Tractor Drawn Belt Loader (with attached pusher - two engineers); Tractor with Boom; Tractaire with Attachments; Traffic Barrier Transfer Machine; Trenching; Truck Mounted Concrete Pump with Boom; Raised or Blind Hole Drills (Tunnel Shaft); Underground Boring and/or Mining Machines 5 ft. in diameter and over tunnel, etc; Underground Boring and/or Mining Machines under 5 ft. in diameter; Wheel Excavator; Widener (APSCO).

Class 2. Batch Plant; Bituminous Mixer; Boiler and Throttle Valve; Bulldozers; Car Loader Trailing Conveyors; Combination Backhoe Front Endloader Machine (Less than 1 cu. yd. Backhoe Bucket or over or with attachments); Compressor and Throttle Valve; Compressor, Common Receiver (3); Concrete Breaker or Hydro Hammer; Concrete Grinding Machine; Concrete Mixer or Paver 7S Series to and including 27 cu. ft.; Concrete Spreader; Concrete Curing Machine, Burlap Machine, Belting Machine and Sealing

Cook County Prevailing Wage Rates posted on 11/4/2025

Machine; Concrete Wheel Saw; Conveyor Muck Cars (Haglund or Similar Type); Drills, All; Finishing Machine - Concrete; Highlift Shovels or Front Endloader; Hoist - Sewer Dragging Machine; Hydraulic Boom Trucks (All Attachments); Hydro-Blaster; Hydro Excavating (excluding hose work); Laser Screed; All Locomotives, Dinky; Off-Road Hauling Units (including articulating) Non Self-Loading Ejection Dump; Pump Cretes: Squeeze Cretes - Screw Type Pumps, Gypsum Bulker and Pump; Roller, Asphalt; Rotary Snow Plows; Rototiller, Seaman, etc., self-propelled; Self-Propelled Compactor; Spreader - Chip - Stone, etc.; Scraper - Single/Twin Engine/Push and Pull; Scraper - Prime Mover in Tandem (Regardless of Size); Tractors pulling attachments, Sheeps Foot, Disc, Compactor, etc.; Tug Boats.

Class 3. Boilers; Brooms, All Power Propelled; Cement Supply Tender; Compressor, Common Receiver (2); Concrete Mixer (Two Bag and Over); Conveyor, Portable; Farm-Type Tractors Used for Mowing, Seeding, etc.; Forklift Trucks; Grouting Machine; Hoists, Automatic; Hoists, All Elevators; Hoists, Tugger Single Drum; Jeep Diggers; Low Boys; Pipe Jacking Machines; Post-Hole Digger; Power Saw, Concrete Power Driven; Pug Mills; Rollers, other than Asphalt; Seed and Straw Blower; Steam Generators; Stump Machine; Winch Trucks with "A" Frame; Work Boats; Tamper-Form-Motor Driven.

Class 4. Air Compressor; Combination - Small Equipment Operator; Directional Boring Machine; Generators; Heaters, Mechanical; Hydraulic Power Unit (Pile Driving, Extracting, or Drilling); Light Plants, All (1 through 5); Pumps, over 3" (1 to 3 not to exceed a total of 300 ft.); Pumps, Well Points; Vacuum Trucks (excluding hose work); Welding Machines (2 through 5); Winches, 4 Small Electric Drill Winches.

Class 5. SkidSteer Loader (all); Brick Forklifts; Oilers.

Class 6. Field Mechanics and Field Welders

Class 7. Dowell Machine with Air Compressor; Gradall and machines of like nature.

OPERATING ENGINEER - FLOATING

Class 1. Craft Foreman; Master Mechanic; Diver/Wet Tender; Engineer; Engineer (Hydraulic Dredge).

Class 2. Crane/Backhoe Operator; Boat Operator with towing endorsement; Mechanic/Welder; Assistant Engineer (Hydraulic Dredge); Leverman (Hydraulic Dredge); Diver Tender.

Class 3. Deck Equipment Operator, Machineryman, Maintenance of Crane (over 50 ton capacity) or Backhoe (115,000 lbs. or more); Tug/Launch Operator; Loader/Dozer and like equipment on Barge, Breakwater Wall, Slip/Dock, or Scow, Deck Machinery, etc.

Class 4. Deck Equipment Operator, Machineryman/Fireman (4 Equipment Units or More); Off Road Trucks; Deck Hand, Tug Engineer, Crane Maintenance (50 Ton Capacity and Under) or Backhoe Weighing (115,000 pounds or less); Assistant Tug Operator.

Class 5. Friction or Lattice Boom Cranes.

Class 6. ROV Pilot, ROV Tender

Cook County Prevailing Wage Rates posted on 11/4/2025

SURVEY WORKER

Operates survey equipment (such as levels, transits, data collectors, GPS and robotic total stations) for the purpose of performing construction layout and/or grade checking.

SURVEY FOREMAN

Operates survey equipment (such as levels, transits, data collectors, GPS and robotic total stations) for the purpose of performing construction layout and/or grade checking; oversees survey crew operations; and/or coordinates work of survey crews.

TERRAZZO FINISHER

The handling of sand, cement, marble chips, and all other materials that may be used by the Mosaic Terrazzo Mechanic, and the mixing, grinding, grouting, cleaning and sealing of all Marble, Mosaic, and Terrazzo work, floors, base, stairs, and wainscoting by hand or machine, and in addition, assisting and aiding Marble, Masonic, and Terrazzo Mechanics.

TRAFFIC SAFETY Worker I

Traffic Safety Worker I - work associated with the delivery, installation, pick-up and servicing of safety devices during periods of roadway construction, including such work as set-up and maintenance of barricades, barrier wall reflectors, drums, cones, delineators, signs, crash attenuators, glare screen and other such items, and the layout and application or removal of conflicting and/or temporary roadway markings utilized to control traffic in construction zones, as well as flagging for these operations.

TRAFFIC SAFETY WORKER II

Work associated with the installation and removal of permanent pavement markings and/or pavement markers including both installations performed by hand and installations performed by truck.

TRUCK DRIVER - BUILDING, HEAVY AND HIGHWAY CONSTRUCTION - EAST & WEST

Class 1. Two or three Axle Trucks. A-frame Truck when used for transportation purposes; Air Compressors and Welding Machines, including those pulled by cars, pick-up trucks and tractors; Ambulances; Batch Gate Lockers; Batch Hopperman; Car and Truck Washers; Carry-alls; Fork Lifts and Hoisters; Helpers; Mechanics Helpers and Greasers; Oil Distributors 2-man operation; Pavement Breakers; Pole Trailer, up to 40 feet; Power Mower Tractors; Self-propelled Chip Spreader; Skipman; Slurry Trucks, 2-man operation; Slurry Truck Conveyor Operation, 2 or 3 man; Teamsters; Unskilled Dumpman; and Truck Drivers hauling warning lights, barricades, and portable toilets on the job site.

Class 2. Four axle trucks; Dump Crets and Adgetors under 7 yards; Dumpsters, Track Trucks, Euclids, Hug Bottom Dump Turnpulls or Turntrailers when pulling other than self-loading equipment or similar equipment under 16 cubic yards; Mixer Trucks under 7 yards; Ready-mix Plant Hopper Operator, and Winch Trucks, 2 Axles.

Class 3. Five axle trucks; Dump Crets and Adgetors 7 yards and over; Dumpsters, Track Trucks, Euclids, Hug Bottom Dump Turntrailers or turnpulls when pulling other than self-loading equipment or similar equipment over 16 cubic yards; Explosives

Cook County Prevailing Wage Rates posted on 11/4/2025

and/or Fission Material Trucks; Mixer Trucks 7 yards or over; Mobile Cranes while in transit; Oil Distributors, 1-man operation; Pole Trailer, over 40 feet; Pole and Expandable Trailers hauling material over 50 feet long; Slurry trucks, 1-man operation; Winch trucks, 3 axles or more; Mechanic--Truck Welder and Truck Painter.

Class 4. Six axle trucks; Dual-purpose vehicles, such as mounted crane trucks with hoist and accessories; Foreman; Master Mechanic; Self-loading equipment like P.B. and trucks with scoops on the front.

Other Classifications of Work:

For definitions of classifications not otherwise set out, the Department generally has on file such definitions which are available. If a task to be performed is not subject to one of the classifications of pay set out, the Department will upon being contacted state which neighboring county has such a classification and provide such rate, such rate being deemed to exist by reference in this document. If no neighboring county rate applies to the task, the Department shall undertake a special determination, such special determination being then deemed to have existed under this determination. If a project requires these, or any classification not listed, please contact IDOL at 217-782-1710 for wage rates or clarifications.

LANDSCAPING

Landscaping work falls under the existing classifications for laborer, operating engineer and truck driver. The work performed by landscape plantsman and landscape laborer is covered by the existing classification of laborer. The work performed by landscape operators (regardless of equipment used or its size) is covered by the classifications of operating engineer. The work performed by landscape truck drivers (regardless of size of truck driven) is covered by the classifications of truck driver.

MATERIAL TESTER & MATERIAL TESTER/INSPECTOR I AND II

Notwithstanding the difference in the classification title, the classification entitled "Material Tester I" involves the same job duties as the classification entitled "Material Tester/Inspector I". Likewise, the classification entitled "Material Tester II" involves the same job duties as the classification entitled "Material Tester/Inspector II".

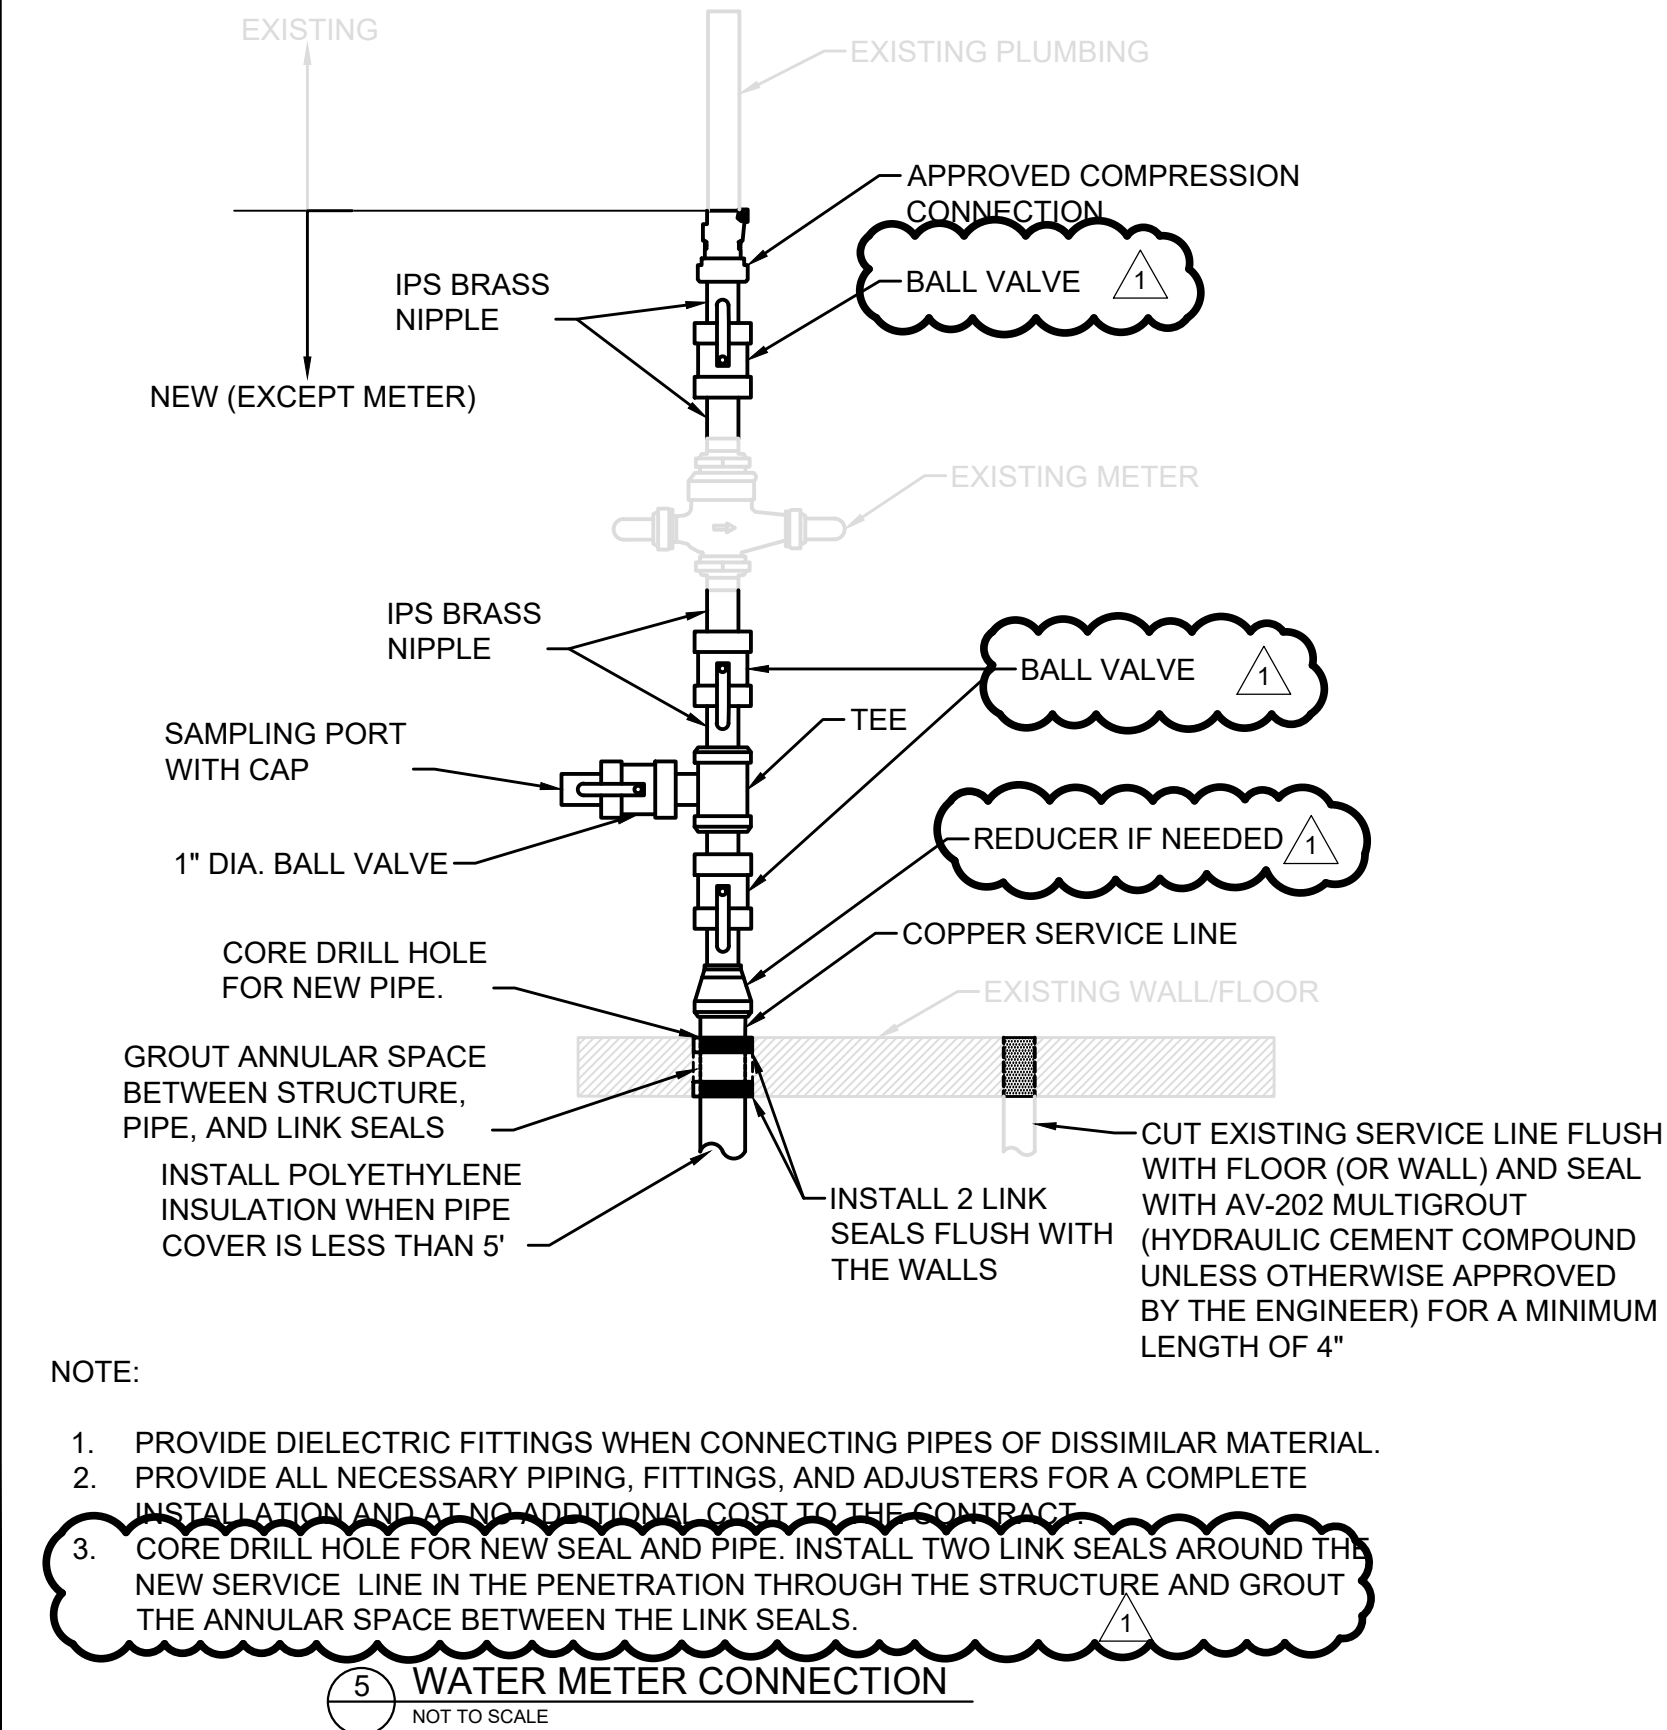

Cook County Prevailing Wage Rates posted on 11/4/2025

NOTE:

1. ONLY REMOVE SIDEWALK TO THE EXTENT NECESSARY TO COMPLETE SERVICE LINE INSTALLATION.
2. NEW CURB STOPS AND BOXES SHOULD BE LOCATED IN THE GREENBELT AREA UNLESS OTHERWISE DIRECTED BY THE ENGINEER.
3. SERVICE LINE REPLACEMENT WORK OUTSIDE OF THE TYPICAL 10'x10' PAVEMENT CUT OR EXCAVATION AT THE CURB BOX SHALL BE COMPLETED USING TRENCHLESS METHODS.

4 SERVICE LINE REPLACEMENT
NOT TO SCALE

NOTE:

1. PROVIDE DIELECTRIC FITTINGS WHEN CONNECTING PIPES OF DISSIMILAR MATERIAL.
2. PROVIDE ALL NECESSARY PIPING, FITTINGS, AND ADJUSTERS FOR A COMPLETE INSTALLATION AND AT NO ADDITIONAL COST TO THE CONTRACT.
3. CORE DRILL HOLE FOR NEW SEAL AND PIPE. INSTALL TWO LINK SEALS AROUND THE NEW SERVICE LINE IN THE PENETRATION THROUGH THE STRUCTURE AND GROUT THE ANNUAL SPACE BETWEEN THE LINK SEALS.

5 WATER METER CONNECTION
NOT TO SCALE

ADDENDUM NO. 2
VILLAGE OF HOMEWOOD, ILLINOIS
LEAD SERVICE LINE REPLACEMENT FY26

DATE: November 21, 2025

BID OPENING: December 2, 2025, at 1:00 pm

To: All Prospective Bidders. All BIDDERS for the above contract shall carefully read the enclosed addendum and consider its impact in the preparation of their bid.

Project Manual:

- I. Cover Page
 - a. CHANGE bid opening date FROM "...Tuesday, December 1st..." TO "Tuesday, December 2nd..."
- II. Advertisement for Bids
 - a. CHANGE bid opening and bid due dates FROM "December 1st" TO "December 2nd".
- III. Information for Bidders:
 - a. CHANGE bid opening and bid due date FROM "December 1st" TO "December 2nd".
- IV. Instructions to Bidders
 - a. CHANGE bid opening and bid due date FROM "December 1st" TO "December 2nd".
- V. Bid Schedule
 - a. REPLACE Bid Item No. 16 with the Bid Items Below (update subsequent bid item numbers):

NO.	ITEM	UNIT	UNIT PRICE	AMOUNT	TOTAL PRICE
16	ADA Sidewalk Ramps	Square Feet		650	
17	ADA detectable warning tiles	Square Feet		650	

- a. REPLACE Bid Item No. 24 with the Bid Item Below:

NO.	ITEM	UNIT	UNIT PRICE	AMOUNT	TOTAL PRICE
25	Top Soil	Tons		1,000	

- b. ADD the following Bid Items:

NO.	ITEM	UNIT	UNIT PRICE	AMOUNT	TOTAL PRICE
34	Water Main Repair Clamps	Each		15	

- II. 01 11 00 SUMMARY OF WORK
 - a. Add the following paragraph:

- i. “1.09 ADDITION OF LEAD SERVICE LINE REPLACEMENTS
 - 1. There are approximately 70 locations in the general area of lead service line replacements in the Contract Drawings that may be added via change order and paid for at the Unit Prices listed in the Bid Schedule. The list of these locations can be provided to potential bidders when requested in writing.”
- III. 32 16 00 – CURBS, GUTTERS, SIDEWALKS, AND PAVEMENT RESORATION
 - a. 3.06 MEASUREMENT AND PAYMENT
 - i. REPLACE paragraph 3.06.A.3 with the following:
 - “3. Sidewalk ramps will be measured by the square foot.”
 - ii. ADD paragraph 3.06.A.10:
 - “10. ADA detectable warning tiles will be measured by the square foot of tile installed.”
 - iii. DELETE “ADA” from paragraph 3.06.B.2.
 - iv. ADD paragraph 3.06.B.9:
 - “9. Payment for ADA detectable warning tiles will be made at the Unit Price listed in the Bid Form, including all labor, materials, and equipment needed to cast-in-place the ADA detectable warning tiles.”
- IV. 33 12 16 WATER UTILITY PIPE, VALVES, AND ACCESSORIES
 - a. 2.03 WATER MAIN REPAIR CLAMPS
 - i. REPLACE paragraph B. with the following:
 - 1. “Contractor to install Water Main Repair Clamps on the portions of the existing water main only at those locations where the existing corporation valves leak or are inoperable. Obtain OWNER or ENGINEER approval prior to performing work.”
 - b. 3.07 WATER SERVICE LINE CONNECTIONS AND REPLACEMENT IN RIGHT-OF-WAY
 - i. REPLACE paragraphs Q and R with the following:
 - Q. “Existing corporation stops will be closed and left in place. If a corporation stop is not operable or leaking, notify the ENGINEER. When approved, remove the corporation stop, and install a water main repair clamp around the existing corporation stop pipe penetration.
 - R. In the event the existing corporation stop is not operable or leaking, the Contractor will need to coordinate the shutdown of the existing water in order to remove the corporation stop and install the water main repair clamp on the existing penetration. The Contractor’s water main repair shall be watertight.”
 - c. 3.12 MEASUREMENT AND PAYMENT
 - i. ADD paragraph 3.12.A.7:
 - “7. Water Main Repair Clamps will be measured per each clamp installed.”
 - ii. DELETE “water main repair clamps” in paragraph 3.12.B.3 (“Payment for Water Service Pipe Connections”)
 - iii. ADD paragraph 3.12.B.5:
 - “5. Payment for Water Main Repair Clamps will be made at the Unit Prices listed in the Bid Schedule.”

V.

Attachments:

Position/Title..... : _____

Date : _____

Note: **This Addendum shall be included with and is considered part of the bid documents. Failure to return this form may result in disqualification of the BIDDER. Include this original in your bid.**

BID SCHEDULE

BIDDER agrees to perform all the work described in the CONTRACT DOCUMENTS for the following unit prices or lump sum:

NOTE: BIDS shall include sales tax and all other applicable taxes and fees.

NO.	ITEM	UNIT	UNIT PRICE	AMOUNT	TOTAL PRICE
1	Mobilization (not-to-exceed 6% of total bid)	Lump Sum		1	
2	Inlet Protection	Each		86	
3	Contractor Resident Coordination	Each		231	
4	Water Service Connection at Water Main	Each		231	
5	Water Service Pipe, 1", Copper Type K - Trenchless	Linear Feet		16,240	
6	1" Valve and B-Box	Each		203	
7	Water Service Pipe, 1.5", Copper Type K - Trenchless	Linear Feet		2,000	
8	1.5" Valve and B-Box	Each		25	
9	Water Service Pipe, 2", Copper Type K - Trenchless	Linear Feet		160	
10	2" Valve and B-Box	Each		2	
11	Water Service Pipe, 4", Ductile Iron – Trenchless or Open-Cut	Linear Feet		120	
12	4" Gate Valve and Valve Box	Each		1	
13	Trench Backfill (CA-6)	Cubic Yard		4,800	
14	Additional excavation required for existing service line abandonment at the existing water main when the proposed corporation stop is not located in the same trench as the existing corporation stop	Vertical Linear Foot		50

No.	Question	Answer
Addenda #1		
1	Are all services to be replaced FULL services from the existing water main to the building meter?	All services to be replaced are to be FULL services from the existing water main to the building meter.
2	Is topsoil, seed and matting acceptable for landscape restoration?	Topsoil is necessary for exterior restoration, see Section 31 20 50, however hydroseeding is the only acceptable method of reseeding, see Section 32 92 00.
3	What are the start and completion dates for the project?	Start and completion dates will be determined by the final award of the SRF Loan. The notice to Proceed is anticipated for early 2026, and the contract duration (which dictates the end date) is stipulated in the general conditions.
4	What are the liquidated damages for the project?	The liquidated damages are included on pg 11 of the Project Manual in the Bid Form or Proposal.
5	Will the village supply the CCDD Testing/LPC-662/663 form for the entire project?	The contractor is to populate the LPC-633 form and execute the certification in Section IV.
6	Are pre and post construction videos and photographs required for each residence? If so, can the contractor schedule with the homeowner at their convenience?	Yes, pre- and post-construction videos and photographs are required, and yes, the contractor can schedule with the homeowner at their convenience.
7	Is concrete street base required in street pits? If so, is field testing required and is the contractor responsible for this?	The concrete street base, as shown on Sheet C101 in the Contract Drawings, is required in street pits where the existing street includes a concrete base. This is not common across the Village, but the greatest concentration of concrete street bases is found in the area shown in Sheets C202, C203, and C204.
8	Does the TRENCH BACKFILL (CA6) unit cover the backfilling for ALL pits, main and b-box, that will be excavated?	Yes, the TRENCH BACKFILL (CA6) unit cost will cover the cost of backfill for ALL pits including the water main and the B-Box. Topsoil is to be provided above non paved areas.
9	Are sanitary sewer services required to be televised for all lead service replacements? If so, what is the requirement?	Sanitary sewer services are not required to be televised unless there is reason to believe that a sanitary service has been damaged during the installation of the new water service line.
10	If asbestos is encountered, how will this be addressed/handled?	If asbestos materials are encountered, the contractor is to notify the Village and defer to the direction in Section 01 11 00, paragraph 3.01.C.
Addenda #2		
11	In lieu of using water main repair clamps, can the existing corporation stop be used to abandon the existing service line?	Yes, this substitution is acceptable, and the specifications have been updated accordingly in Addenda #2. Note that a pay item has been added to address existing corporation valves that leak or need to be removed. Only in these cases will a clamp be required.
12	Can the construction completion dates be extended? What is the anticipated start date?	The specified substantial and final completion dates will remain as is. The Village will need to obtain final approval from the IEPA for the SRF loan, and anticipates receiving that approval in January or February of 2026.
12	Going to execute a bid bond for a perspective bidder on your upcoming Homewood bid and the provided bid bond form in the bid docs doesn't have signature lines. Wondering if you have a full form somewhere or if you'd accept AIA bid bonds for this project in lieu of the form in there.	AIA or equivalent bid bonds are acceptable.
13	Would you consider changing the topsoil bid item to a square yardage? Seems like 4,100 tons might be a little excessive for the scope of work to be completed? Assuming 1.5 tons per CY for "wet" topsoil. 4,100 tons of topsoil equates to about ~16,400 square yards @ 6" or ~24,600 square yards @ 4" Assuming 1.1 tons for CY for "dry" topsoil. 4,100 tons of topsoil equates to about ~22,400 square yards @ 6" or ~33,600 square yards @ 4"	Measurement will remain per ton, but Contract quantities for top soil will be reduced to 1,000 tons.
14	My concrete subcontractor is asking if you could please confirm that the "ADA Sidewalk Ramps w/ Detectable Warning Tiles" include the concrete and detectable warning tiles? Typically they see detectable warning tiles as their own bid item, not including the concrete.	Payment for concrete ramps and the detectable warning tiles will be two (2) separate pay items. See modified bid schedule in Addenda #2.

ADDENDUM NO. 3
VILLAGE OF HOMEWOOD, ILLINOIS
LEAD SERVICE LINE REPLACEMENT FY26

DATE: November 26, 2025

BID OPENING: December 2, 2025, at 1:00 pm

To: All Prospective Bidders. All BIDDERS for the above contract shall carefully read the enclosed addendum and consider its impact in the preparation of their bid.

Project Manual:

I. GENERAL CONDITIONS

a. ADD the following paragraph:

- i. “2) d. iii. Should the Contractor reasonably anticipate being unable to meet the specified completion dates, the Contractor shall provide the Village with a minimum of forty-five (45) days' written notice prior to the specified completion date. Upon receipt of such notice, the Village shall have the right to enter into negotiations with the Contractor to discuss potential remedies, schedule adjustments, or other mitigation measures. Unless a mutually agreeable schedule modification can be determined, liquidated damages as specified will still apply.”

Drawings:

II. SHEET C105: DETAILS (REISSUED)

- a. Replaced Detail 5 WATER METER CONNECTION

Attachments:

RESPONSE TO BIDDER QUESTIONS

VILLAGE OF HOMEWOOD

LEAD SERVICE LINE REPLACEMENT FY26

Questions Received by November 26th, 2025

No.	Question	Answer
Addendum #1		
1	Are all services to be replaced FULL services from the existing water main to the building meter?	Yes, all services to be replaced are to be FULL services from the existing water main to the building meter. Refer to Sheet C105 in the Contract Drawings.
2	Is topsoil, seed and matting acceptable for landscape restoration?	Topsoil is necessary for exterior restoration, see Section 31 20 50 and Lien #24 on the Bid Schedule, however hydroseeding is the only acceptable method of reseeding, see Section 32 92 00.
3	What are the start and completion dates for the project?	Start and completion dates will be determined by the final award of the SRF Loan. The notice to Proceed is anticipated for early 2026, and the contract duration (which dictates the end date) is stipulated in the general conditions.
4	What are the liquidated damages for the project?	The liquidated damages are included on pg. 11 of the Project Manual in the Bid Form or Proposal.
5	Will the village supply the CCDD Testing/LPC-662/663 form for the entire project?	The contractor is to populate the LPC-663 form and execute the certification in Section IV.
6	Are pre and post construction videos and photographs required for each residence? If so, can the contractor schedule with the homeowner at their convenience?	Yes, pre- and post-construction videos and photographs are required, and yes, the contractor can schedule with the homeowner at their convenience.
7	Is concrete street base required in street pits? If so, is field testing required and is the contractor responsible for this?	The concrete street base, as shown on Sheet C101 in the Contract Drawings, is required in street pits where the existing street includes a concrete base. This is not common across the Village, but the greatest concentration of concrete street bases is found in the area shown in Sheets C202, C203, and C204. Field Testing of the concrete street base is required and the contractor is to "furnish a material testing service for field testing" per Section 03 30 00.
8	Does the TRENCH BACKFILL (CA6) unit cover the backfilling for ALL pits, main and b-box, that will be excavated?	Yes, the TRENCH BACKFILL (CA6) unit cost will cover the cost of backfill for ALL pits including the water main and the B-Box. Topsoil is to be provided above non paved areas.
9	Are sanitary sewer services required to be televised for all lead service replacements? If so, what is the requirement?	Sanitary sewer services are not required to be televised unless there is reason to believe that a sanitary service has been damaged during the installation of the new water service line.

10	If asbestos is encountered, how will this be addressed/handled?	If asbestos materials are encountered, the contractor is to notify the Village and defer to the direction in Section 01 11 00, paragraph 3.01.C. Asbestos rebatement is not included in the scope of work.
Addendum #2		
11	In lieu of using water main repair clamps, can the existing corporation stop be used to abandon the existing service line?	Yes, this substitution is acceptable, and the specifications have been updated accordingly in Addenda #2. Note that a pay item has been added to address existing corporation valves that leak or need to be removed. Only in these cases will a clamp be required.
12	Can the construction completion dates be extended? What is the anticipated start date?	The specified substantial and final completion dates will remain as is. The Village will need to obtain final approval from the IEPA for the SRF loan, and anticipates receiving that approval in January or February of 2026.
13	Going to execute a bid bond for a perspective bidder on your upcoming Homewood bid and the provided bid bond form in the bid docs doesn't have signature lines. Wondering if you have a full form somewhere or if you'd accept AIA bid bonds for this project in lieu of the form in there.	AIA or equivalent bid bonds are acceptable.
14	Would you consider changing the topsoil bid item to a square yardage? Seems like 4,100 tons might be a little excessive for the scope of work to be completed? Assuming 1.5 tons per CY for "wet" topsoil. 4,100 tons of topsoil equates to about ~16,400 square yards @ 6" or ~24,600 square yards @ 4" Assuming 1.1 tons for CY for "dry" topsoil. 4,100 tons of topsoil equates to about ~22,400 square yards @ 6" or ~33,600 square yards @ 4"	Measurement will remain per ton, but Contract quantities for top soil will be reduced to 1,000 tons.
15	My concrete subcontractor is asking if you could please confirm that the "ADA Sidewalk Ramps w/ Detectable Warning Tiles" include the concrete and detectable warning tiles? Typically they see detectable warning tiles as their own bid item, not including the concrete.	Payment for concrete ramps and the detectable warning tiles will be two (2) separate pay items. See modified bid schedule in Addenda #2.
Addendum #3		
16	I noticed on page 105 and 106 of Homewood LSLR bid package, It states VHS video is required. For clarification on this: will a thumb drive suffice?	A thumb drive will suffice.
17	The Bid Date <u>Monday 12/01/2025 @ 1 PM</u> – at the Village of Homewood Public Works Department <u>17755 Ashland Avenue Homewood, Illinois</u> I am reaching out to you to Confirm that this bid will still take place at the date, and time & <u>Location</u> as mentioned above.	Per Addendum #1 and #2, the bid date has been changed to Tuesday, 12/2/25 at 1PM at Village Hall (First Floor, 2020 Chestnut Road, Homewood, IL 60430).

Millimeters
Inches
Scale For Microfilming

NOTE:

1. ONLY REMOVE SIDEWALK TO THE EXTENT NECESSARY TO COMPLETE SERVICE LINE INSTALLATION.
2. NEW CURB STOPS AND BOXES SHOULD BE LOCATED IN THE GREENBELT AREA UNLESS OTHERWISE DIRECTED BY THE ENGINEER.
3. SERVICE LINE REPLACEMENT WORK OUTSIDE OF THE TYPICAL 10'x10' PAVEMENT CUT OR EXCAVATION AT THE CURB BOX SHALL BE COMPLETED USING TRENCHLESS METHODS.

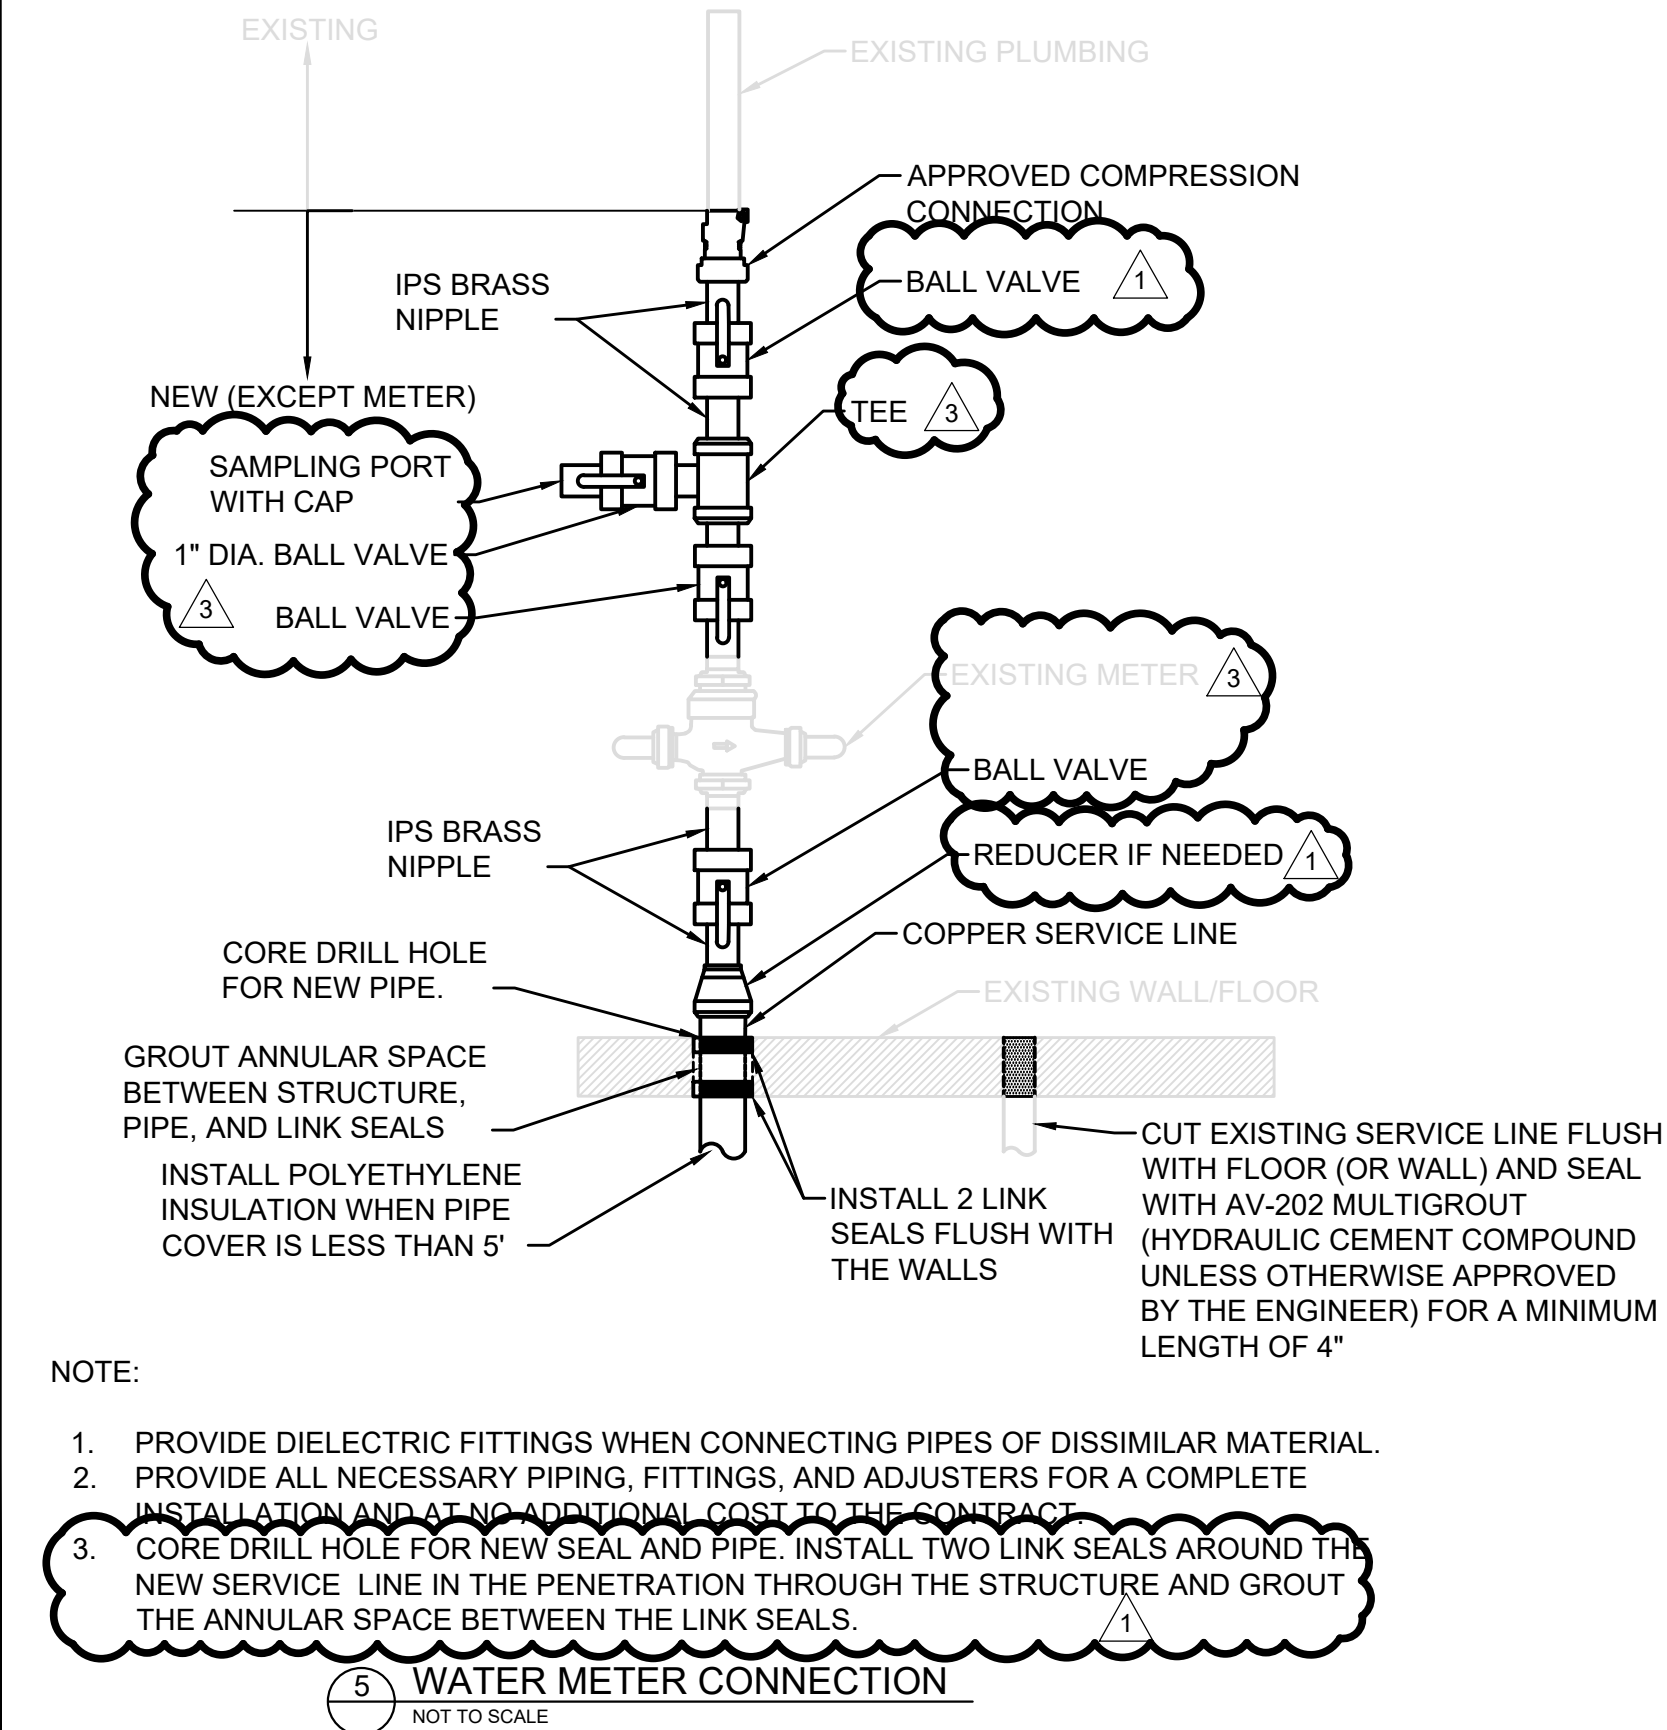

4 SERVICE LINE REPLACEMENT
NOT TO SCALE

- 1 MINIMUM 1" HOUSE SERVICE
- 2 MUELLER BUFFALO BOX OR EQUAL
- 3 1 1/4" SERVICE OR LARGER SHALL BE MINNEAPOLIS PATTERN BOX OR EQUAL
- 4 BUFFALO BOX AND ROUNDWAY SHALL HAVE MINNEAPOLIS THREADS
- 5 ROUNDWAY SHALL BE ORI-SEAL TYPE
- 6 NO OPERATING ROD

- NOTES:
- 1 STREET NAME BLANKS ARE TO BE EMBOSSED FROM 0.0625 INCH THICK ALUMINUM ALLOY OR GREATER.
 - 2 BLANKS ARE TO HAVE 4" LETTERS ON A 6" BACKGROUND, EXCEPT FOR COMPASS AND STREET ABBREVIATIONS WHICH WILL BE 2" LETTERS.
 - 3 WORDING ON SIGN SHALL BE REFLECTORIZED ENGINEERING GRADE WHITE. THE SIGN FACING SHALL BE REFLECTORIZED ENGINEERING GRADE GREEN.
 - 4 2"x2"x10" UNISTRUT GALVANIZED STEEL SQUARE POLES, WITH 3/8" MINIMUM BREAK AWAY ANCHORS (SQUARE FROM POST) SHALL BE USED. ANCHORS MAY NOT BE INSTALLED IN CONCRETE.
 - 5 ALL INSTALLATIONS MUST INCLUDE MOUNTING BRACKETS AND PROPERLY FITTED BOLTS, WASHERS, AND NUTS.

- NOTES:
- 1 EXPANSION JOINTS WITH PREMOLDED FILLER SHALL BE PLACED EVERY 50 FT AND WHERE THEY BUTT UP TO STREET RETURNS, AND AT THE EDGES WHERE THEY BUTT UP TO EXISTING STRUCTURES
 - 2 CONTRACTION JOINTS SHALL BE PLACED EVERY 15 FT. AND/OR AS DIRECTED BY THE VILLAGE ENGINEER

- 1 MINIMUM 1" HOUSE SERVICE
- 2 MUELLER BUFFALO BOX OR EQUAL
- 3 1 1/4" SERVICE OR LARGER SHALL BE MINNEAPOLIS PATTERN BOX OR EQUAL
- 4 BUFFALO BOX AND ROUNDWAY SHALL HAVE MINNEAPOLIS THREADS
- 5 ROUNDWAY SHALL BE ORI-SEAL TYPE
- 6 NO OPERATING ROD
- 7 MUELLER CURB BOX SLEEVE H-10342

#12 - Davis Bacon Wage Act Compliance

pertinent portions of the draft audit report. The final audit report shall include the written comments, if any, of the audited parties.

- E) The records required by subsection (a)(1)(A) shall be maintained and made available during performance of the work under the loan agreement and for 3 years after the date of the final loan audit. In addition, records that relate to any dispute or litigation or the settlement of claims arising out of any performance, costs or items to which an audit exception has been taken, shall be maintained and made available for 3 years after resolution of the dispute, appeal, litigation, claim or exception.
 - F) The right of access will generally be exercised with respect to financial records under:
 - i) Negotiated prime contracts;
 - ii) Negotiated change orders or contract amendments in excess of \$25,000 affecting the price of any formally advertised, competitively awarded, fixed price contract; and
 - iii) Subcontracts or purchase orders under any contract other than a formally advertised, competitively awarded, fixed price contract.
 - G) The right of access will generally not be exercised with respect to a prime contract, subcontract, or purchase order awarded after effective price competition. In any event, the right of access shall be exercised under any type of contract or subcontract:
 - i) With respect to records pertaining directly to contract performance, excluding any financial records of the contractor; and
 - ii) If there is any indication that fraud, gross abuse, or corrupt practices may be involved in the award or performance of the contract or subcontract.
- 2) Covenant against contingent fees.
The contractor shall warrant that no person or selling agency has been employed or retained to solicit or secure the contract upon an agreement or understanding for a commission, percentage, brokerage, or contingent fee. For breach or violation of this warranty, the owner shall have the right to annul the contract without liability or in its discretion to deduct from the contract price or consideration, or otherwise recover, the full amount of such commission, percentage, brokerage, or contingent fee.
- 3) Wage provisions.
The Contractor shall pay prevailing wages in accordance with the Davis-Bacon Act (40 USC 3141 through 3148) as defined by the U.S. Department of Labor.
- 4) Disadvantaged business enterprise requirements.
The contractor shall provide evidence that the contractor has taken affirmative steps in accordance with 40 CFR 33 to assure that disadvantaged business enterprises are used when possible as sources of supplies, equipment, construction, and services, consistent with the provisions of the Agency's Operating Agreement with USEPA.
- 5) Debarment and suspension provisions.
The contract shall require the successful bidders to submit a Certificate Regarding Debarment, Suspension and Other Responsibility Matters (EPA Form 5700-49) showing compliance with federal Executive Order 12549.
- 6) Nonsegregated facilities provisions
The contractor shall be required to submit a Certification of Nonsegregated Facilities on forms provided by the Agency.
- 7) American Iron and Steel
The contractor shall be required to use American Iron and Steel, if required by USEPA for that fiscal year.
- 8) Build America Buy America

#16 - Contract Duration

The terms “Work” and “Project” are used interchangeably and shall mean the improvement advertised for letting, described in the bid form, indicated on the plans, and covered in the specifications and contract, and authorized alterations, extensions and deductions, including labor, tools, equipment, materials and work necessary for the satisfactory completion of the project.

2) Award of contract; Performance; Payment.

- a. Award of Contract. The Village will issue a Notice of Award to the successful bidder, advising that it has been awarded the contract. Within ten (10) days of delivery of the Notice of Award, by personal service or registered or certified U.S. mail, posted prepaid and receipt requested, Contractor shall execute the Contract, attached to the Bid Documents, and furnish the Village with the required bonds and certificate of insurance.
- b. Notice to Proceed. Upon the Village’s receipt of the executed Contract, required bonds and certificate of insurance, the Village will issue and send to Contractor a Notice to Proceed.
- c. Start of Construction at Project Site. Contractor shall not mobilize to the project site until all necessary equipment has been acquired.
- d. Substantial Performance; Final Completion.
 - i. The Contract shall be substantially performed by ____, 2026 (275 calendar days after notice to proceed) (the “Substantial Performance Date” or “Substantial Completion”). Substantial Performance is when the entire Project can be used for the purposes for which it was intended, i.e., only punch list items remain.
 - ii. Final completion shall be by ____, 2026 (300 calendar days after notice to proceed) (the “Final Performance Date”).
- d. Project Schedule. Within ten (10) days after the Contractor executes the Contract, Contractor shall submit to Village a Project Schedule to include targeted dates of completion of all construction and other requirements of the Contractor through the Substantial Completion Date. Contractor shall monitor schedule progress and provide monthly updates and revisions of the Project Schedule, as needed to Village.
- e. Liquidated Damages for Inexcusable Delay.
 - i. Time is of the essence. The Contractor agrees that all work included in connection with this project must be completed by the Final Performance Date, or sooner, after receipt of Notice to Proceed. It is hereby acknowledged and agreed by both parties that the damages to the Village are not readily ascertainable but that the failure to timely complete this Work will materially and significantly damage the safety and well-being of the Village, its staff and the public, and that therefore a sum of \$750.00 per day is a fair and reasonable damage estimate to compensate the Village for any such delay. If the Contractor fails to substantially complete the Work by the dates listed herein, or reach final completion by the dates listed herein, then and in this event, the Contractor further expressly agrees that, for each day this Work and this contract shall remain uncompleted after that date, the Village may deduct the sum of \$750.00 per day after the Substantial Completion Date, from the contract price as payment to the Village, by the Contractor of the liquidated damages sustained by reason of failure of the Contractor to complete the Project on or before the time aforesaid.
