

**Currently Proposed Design**

- Cream-colored brick – similar to existing building
- Stone accents remain unpainted (including cornice)
- Window frame remain metallic silver or white
- Non-illuminated rectangular signage

**Alternative Design for Consideration**

- White-colored brick– lighter/less tan than existing building
- Some stone accents (cornice, sills) painted black
- Window frames replaced as black frames
- Illuminated back-lit signage

**The Appearance Commission reviewed both designed and favored the alternative design proposed by the applicant (right).**
