X-Fat Azz (XFA) Cycling & Fitness Compound was established in February of 2019 by Jimmie Taylor, Jr. XFA, acronyms for X-Fat Azz, was created to promote health and wellness via cycling as a party. The compound started in a small space of 900 sq. ft with 15 bikes and has grown into a new building of 2200 sq. ft with 115 bikes with over 20 classes per week. XFA offers various levels of instructional classes 7 days a week with a variety of experienced instructors.

The journey to XFA began when Jimmie found himself in a space where obesity was consuming his life. A doctors visit that made mention of diabetes and high blood pressure along with sleep apnea changed his life forever. Jimmie began working on his weight loss with walking at various parks and high school tracks and changing his diet which caused a 47lbs weight loss. He decided to take his journey up a notch and began working out a XSport Fitness in Chicago Ridge where he stumbled across an indoor cycling class. Being apprehensive at first, Jimmie took the class but sat in the very back of the class. After enjoying many classes, he slowly worked his way to the front of the class and then began assisting the instructor with the class and being a support person for other riders. The love of the indoor cycling bike began, and he lost an additional 65lbs taking classes at XSport.

Deciding that he wanted to showcase his skills and impact a wide variety of people in his own way, he decided to open up XFA. Jimmie purchased the property at 415 W 119th St and began to build his vision. The vision started with a small space servicing clients with himself and one other instructor. Over the next 2 years, the small space had to grow to accommodate the number of people who had also fallen in love with cycling. Jimmie built a new space which is known as "The Compound", hired several instructors, increased the number of classes daily, and decided to have the doors open 7 days week. The space is known for family and love. Taking classes does not feel like a workout, but more of a party on a bike. XFA not only offers a True Beginners Class, Intermediate Classes, Ultimate Classes but also protein shakes, apparel, and cycling shoes.

XFA has taken cycling to another level in Illinois with sprinting on a bike, 2-stepping on a bike, as well squatting on a bike. Come join us for an hour of power, fun, and a great workout in the True Beginners class, intermediate class, or the Ultimate Party Ride class!
