In accord with 157.101 of the Hermiston Code of Ordinances, the City will prohibit the outdoor storage of hazardous chemicals and underground storage of gasoline and diesel fuels. Any additional requirements or prohibitions necessary to mitigate groundwater pollution problems must be developed in conjunction with the Departments of Environmental Quality and Water Resources. At the discretion of the planning commission, the applicant may obtain an exemption to the above requirements if a registered engineer presents documentation which demonstrates that the proposed development will not contribute to potential groundwater pollution.
