

EXHIBIT A

Conditions of Approval & Final Plat Requirements

Henry K's Phase 3 Subdivision

August 5, 2026

The preliminary plat was approved on May 14, 2025, subject to the following conditions of approval. The status of each condition is denoted below..

1. Applicant shall work with and receive certification from the Hermiston Irrigation District prior to final plat approval. Applicant should be aware that the City of Hermiston will not sign the final plat until the irrigation district has been satisfied and signs the final plat. ***Finding: The final plat contains the appropriate signature block for the Hermiston Irrigation District and the district will sign the plat upon their determination that all district requirements are satisfied.***
2. Applicant must sign an improvement agreement and shall install grading, storm drainage, curb and gutter, sidewalks, street paving, and all service utilities for this development. All improvements for each phase shall comply with city standards and specifications and shall receive final approval from the city engineer. ***Finding: The improvement agreement has been drafted and will be executed by the developer and city prior to signing the final plat. Improvement installation is ongoing.***
3. Streetlights shall be installed at the applicant's cost. Once installed, the City will assume the monthly service charges. ***Finding: The developer has entered into an agreement with Pacific Power to install all street lights. The city electrical superintendent has reviewed and approved the street light plan.***
4. Applicant shall comply with all provisions of 92.12 of the Hermiston Code of Ordinances (relating to the control of blowing dust) during all phases of construction. ***Finding: This is an ongoing condition that will remain in effect after completion of public improvements and during construction of housing. The developer has filed a dust control plan with the city building department.***
5. All streets shall be designated in accordance with §94.22 of the Hermiston Code of Ordinances as detailed in the findings of fact for Chapter 94. Road C shall be labeled as a named street on the final plat with a SE prefix and Court suffix. ***Finding: Road C is designated as SE Alexander Ct on the final plat as required.***

6. Comprehensive Plan Figure 12 identifies this site as an area subject to development hazards due to excessively well drained soils and restrictive foundation soils. Therefore, the City will prohibit the outdoor storage of hazardous chemicals and underground storage of gasoline and diesel fuels. Prior to the development of lots containing cemented hardpan, the city shall require a registered engineer's assessment of the design and structural techniques needed to mitigate potential hazards. ***Finding: This condition will remain in effect following plat approval. It is unlikely that hazardous chemical storage will be a factor in residential development.***
7. A notation shall be placed on the plat stating that Lot 21 shall not access Road C (SE Alexander Court) and Lots 32, 33, and 47 shall not access SE Columbia Drive. ***Finding: Lot numbering has changed since the preliminary plat approval. The notation for access restrictions on Lots 58 and 72 shall be added to the final plat prior to the city signing the plat.***
8. A per lot assessment for Lots 1 through 47 shall be established of \$1,557. The assessment will be collected at the time of building permit issuance on each lot and shall be used for replacement of the A Line Canal bridge. Said fee is based upon the residential trip cap of 325 peak hour residential trips and a development plan of 208 residential lots. Should the trip cap or lot count be amended in subsequent phases, recalculation of the fee for lots 48 and above shall be performed by the City. At the discretion of the developer, the city shall also accept full payment for all 47 lots as one lump sum payment of \$73,179 prior to any permit issuance. ***Finding: The city finance department has established a reserve account to assign these funds at the time of permit issuance and collection will begin upon start of housing construction.***
9. Sidewalk shall be installed along the SE 10th Street frontage of Lots 1 through 4 at such time that residential development occurs on each respective lot. ***Finding: This condition remains in effect during all phases of construction.***
10. SE Columbia Drive is designated as an urban minor collector on the Hermiston TSP and shall be designed with on-street bike lanes through the development. An on-street bike lane shall be striped on the east side of SE 10th Street adjacent to Lots 1 through 4 when residential construction commences on each lot. ***Finding: The approved civil plans reflect the required bike lane striping. As paving occurs, this striping will be added as shown on the plans.***

Per §154.46 of the Hermiston Code of Ordinances, the final plat shall show:

- A) The boundary lines of the area being subdivided, with accurate distances and bearings. **Shown as required**
- B) The lines of all proposed streets and alleys with their width and names. **Shown as required**
- C) The accurate outline of any portions of the property intended to be dedicated or granted for public use. **Shown as required**
- D) The line of departure of one street from another. **Shown as required**
- E) The lines of all adjoining property and the lines of adjoining streets and alleys with their widths and names. **Shown as required**
- F) All lot lines together with an identification system for all lots and blocks. **Shown as required**
- G) The location of all building lines and easements provided for public use, services or utilities. **Shown as required**
- H) All dimensions, both linear and angular, necessary for locating the boundaries of the subdivision, lots, streets, alleys, easements, and other areas for public or private use. Linear dimensions are to be given to the nearest 1/10 of a foot. **Shown as required**
- I) All necessary curve data. **Shown as required**
- J) The location of all survey monuments and benchmarks together with their descriptions. **Shown as required**
- K) The name of the subdivision, the scale of the plat, points of the compass, and the name of the owners or subdivider. **Shown as required**
- L) The certificate of the surveyor attesting to the accuracy of the survey and the correct location of all monuments shown. **Shown as required**
- M) Private restrictions and trusteeships and their periods of existence. Should these restrictions or trusteeships be of such length as to make their lettering on the plat impracticable and thus necessitate the preparation of a separate instrument, reference to such instrument shall be made on the plat. **Shown as required**
- N) Acknowledgment of the owner or owners to the plat and restrictions, including dedication to public use of all streets, alleys, parks or other open spaces shown thereon, and the granting of easements required. **Shown as required**

- O) Certificates of approval for endorsement by the city council and certificate indicating its submission to the planning commission, together with approval for endorsement by other local, county and/or state authority as required by Oregon statutes. **Shown as required**
