Request for Extension of 120-Day Review Period

State law requires the City to issue a final decision on land use reviews within 120 days of receiving a complete application. State law also allows the applicant to request an extension of the 120-day review period for up to an additional 245 days. When extensions are requested, it is important to ensure that there is adequate time to accommodate the required public review, drafting the decision, and any required hearings (including appeals) within the extended review period.

If requesting an extension of the 120-day review period, please sign this form and return it to planning department staff.
