Applications submitted after May 31 will not be accepted.

## Hermiston Downtown District

Hermiston Downtown District is a 501 © (3) non-profit organization

Project Description: Hermiston Mainstreet Cement Flowerpots

Cost is \$7,150.00

Kris Bennett, with Bennett Gardens, plants, fertilizes, and provides insect control for all the cement flower pots for Hermiston Main Street. The flowerpots are for the year and will get changed out four times, one for each season.

This is a great investment for Hermiston's Main Street and our community. We want to welcome new businesses coming to the Hermiston downtown area. By having an appealing and welcoming downtown, it will attract potential businesses, visitors, and the community. As the Hermiston Downtown District, we would like to keep this tradition that the downtown businesses have invested in the beautiful flowerpots in front of their businesses, which you will see lined up and down Main Street.

Supporting this project benefits approximately 45 businesses between Main Street, Highway 395 and 3rd Street.

This project will include 55 flowerpots that beautify our Main Street and Community. We ask you to please consider keeping our Hermiston Main street beautiful.

Supporting Partners Include: The Greater Hermiston Chamber of Commerce, 37 downtown District membership businesses, and The City of Hermiston.

Thank you for your consideration,

The Hermiston Downtown District Board of Directors and Members

Cost: 55 flowerpots @130 each. Total \$7,150.00
