Project Description: (attach additional pages if necessary)
The Hermiston Teen Adventure Park Phase 1 construction starts summer 2023 with a completion in Fall 2023. This project was split into two phases as cost of construction was more than grant funding could be attained.
Phase 1 of the Adventure Park includes the 7500 sq/ft skatepark, a rehabilitated CXT concrete restroom, landscaping, walkways and irrigation.
Phase 2, dependent on future funding, may include a covered shelter, sports lighting, climbing rock, parkour area and site furnishings.
The purpose of this grant request is to place site furnishings at the site upon completion of Phase 1. This will include benches, a drinking fountain and a 22x14 foot shade covering. Plans for Phase 1 does not include any type of shade covering, making the area sun drenched. This will provide shade in a small section that users will be able to use.
