

# THORNE RANCH ON THE HUERFANO RIVER

## Conceptual Site Plan

## Thorne Ranch on the Huerfano River

### Site Development Concept:

Huerfano County Commissioners purchased the Historic Thorne Ranch on the Taos Trail at the base of Badito cone on the Huerfano River with the intent of providing a regional recreation area for not only Huerfano County but others looking for dark night skies and a connection to the land and history of the west. The site contains 2 ruins; an ancient adobe that once was a trading post on the Taos Trail and a whale bone like spine of a stables that held the steeds of explorers and locals alike. These tell the tale of the independent west, where ancient geology is often under the scrutiny of college classes who come to study the ancient sea beds and creatures that were the first inhabitants of this area. On the ridgetop, a walking archery range will follow the steps of native ancestors who used these ridges for hunting. In the river bottom a covered pavilion will become a hub for weddings, farmers markets, flea markets, parties, music festivals, artist symposiums and summer camps for children.

This historic ranch will be transformed and become a pilot project for food islands in the desert southwest; a regenerative farm with livestock and plantings that will restore a healthy, vibrant ecosystem and become a refuge and habitat for birds and other wildlife. These pathways will provide miles of trails for walking, birdwatching, biking and horseback riding in an area devoid of such access to public lands. Thorne Ranch on the Huerfano River, will become a pilot for best soil, land and water management practices, by improving organic matter in the soil, increasing local flora and fauna, improving and sustaining water quality and increasing local food production, access and availability. The challenge is a rehydration of the land through best practices, including, anerobic bio digestion for compost, waste that will rehydrate the land in addition to installing erosion control measures and livestock management practices that will introduce organic matter into the soils. Thorne Ranch on the Huerfano River will be a place that future generations come to learn about best practices for land management and how to effectively work on building capacity and resilience for local populations by creating a system of local food production and security. One of the fields will be deeded to the Gardner Community School for agricultural production and they are considering regenerative farming and lavender fields.

The amenities that support the local community through recreation fill a void in recreation, access to the outdoors and hospitality. Thorne Ranch on the Huerfano River will provide a variety of options from car camping, to RV camping to a tiny home village that could partner with local college architecture programs to design, develop and build unusual cabins and dwelling spaces from geodesic domes that have a historical precedence in the 1960's communes of Huerfano County, to yurts, log cabins and adobe structures. This regional project celebrates the history comprehensively for Huerfano County. The amenities fill a void for all demographics; from local skeet shooting ranges, a rifle range, to a amphitheater for music and an event venue, to dirt bike tracks and ultimate frisbee courses as well as miles of biking, hiking, and horse back trails along the riparian corridor.

As a pilot project for regional decentralized infrastructure that is resilient and forward thinking, energy to run the project can be crated from microhydro, geothermal, solar array, anerobic digestion and wind and be completely sustainable for many generations to come. Also as a pilot project for local foods, mushroom growing warehouses will be built into hillsides, and greenhouses that endure in harsh spring weather, and early freezes will make the area more food resilient, local aquaponics will be the systems used for water quality and fish and food production. The local holding ponds will be restored for water sports and fishing as local amenities. There will be a general store and restaurant celebrating the whole Food Chain where all the local foods are prepared and celebrated, with a full RV servicing station. This will provide a much-needed recreation area and sustainable infrastructure pilot program where intensive use creates solutions to current and future issues.

## OUTDOOR RECREATION

ACTIVE OUTDOOR RECREATION

Foundation/Grant Name	Organization Purpose	Types of Support	Grant Link	Deadline
Gates Family Foundation	Education/ Natural Resources/ Community Development/ Informed Communities	Capital Grants - typically for building purchases, construction, expansion, renovation, and/or land acquisition.	<a href="https://gatesfamilyfoundation.org/types-of-support/overview/">https://gatesfamilyfoundation.org/types-of-support/overview/</a> <a href="https://gatesfamilyfoundation.org/colorado-common-capital-grant-application-please-send-completed-grant-applications-by-email-to-grants@gatesfamilyfoundation.org">Colorado Common Capital Grant Application Please send completed grant applications by email to grants@gatesfamilyfoundation.org</a>	March 15 (for a decision at our mid-June board meeting) September 1 (for a decision at our mid-December board meeting)
El Pomar Family Foundation	Arts and culture/ education/ civic and community/ health/ human services	Capital/ General operating/ support grants to 501(c)(3) nonprofit organizations and government entities that serve Colorado across a broad spectrum of focus areas, including: arts and culture; civic and community; education; health and human services. These grants are for general operating support, programs and capital projects.	<a href="https://www.elpomar.org/grant-making/search-grants/">https://www.elpomar.org/grant-making/search-grants/</a>	Grant applications are reviewed by the Trustees, who typically meet four-six times a year, and applications are accepted on a rolling basis. El Pomar does not have grant deadlines. Upcoming Board of Trustees Meetings: March 16, 2023 May 18, 2023 August 25, 2023
Ford Foundation	Advancing justice starts with supporting the individuals and institutions working tirelessly to address the underlying drivers of inequality. We fund a range of organizations around the world that align with		<a href="https://www.fordfoundation.org/work/learning/">https://www.fordfoundation.org/work/learning/</a>	
Mellon Foundation		Mellon makes project support grants and, depending on the type of institution, general operating support grants. Grant amounts and durations vary by program and type of grant. We also consider a limited number of Officer's Grants of \$150,000 or less.		The deadline for potential applicants to register is April 20, 2022, and the deadline for submission of concepts is May 16, 2022.
WK Kellogg Foundation	Children are at the heart of everything we do at the Kellogg Foundation. Our goal is lasting, transformational change for children. As a grantmaker, we recognize that children live in families and	Therefore, our three areas of focused work – Thriving Children, Working Families and Equitable Communities – are dynamic and always interconnected.	<a href="https://www.wkkf.org/grants">https://www.wkkf.org/grants</a>	
The Rockefeller Foundation		Health, Clean energy, food, economic equity, innovation	<a href="https://www.rockefellerfoundation.org/governance-reports/">https://www.rockefellerfoundation.org/governance-reports/</a>	
Bettcher Foundation	Community Connections: Supporting connections that create a sum greater than their parts is vital to the health of communities in our state. As such, we invest in initiatives or infrastructure projects that are bringing people together or deepening the connections between individuals and/or organizations.  We have three annual funding cycles in which we accept Community Connections inquiries through a Grant Inquiry Form. Colorado-based nonprofit organizations are eligible to apply. After a competitive review, inquiries that most align with the Community Connections focus area may be invited to submit a full proposal. Grants awarded in this category are typically in the range of \$20,000 – \$75,000.  In practice, our Community Connections grants often support the construction of buildings with multi-use community space, the co-location of numerous nonprofit or multisector partners, or one-time strategic investments that help take a proven initiative or program to the next level.	Rural Catalyst Grants. Foundation's Rural Leadership Collaborative meetings. This is done through the distribution of capacity-building grants, which will range from \$1,000-\$10,000, to support the following types of projects:  Strategic planning – Identifying elements of a blueprint that helps your organization accomplish its goals. Convening – Bringing together people, ideas, and resources to move forward an issue, topic, or opportunity. Short-term staffing or contractors – Employees or expertise recruited for short-term employment contracts to meet limited, one-time support needs. One-time operating costs – Expenses related to the operation of the organization or program that are not recurring, such as tap fees, application fees, public outreach, or education material expenses. Eligible Issue Areas  Additional issue areas will be announced in 2023. Current eligible areas include affordable rural housing, childcare, hiring and retaining a rural workforce, leadership pipeline and diversification, and mental health.	<a href="https://boettcherfoundation.org/grants-overview/">https://boettcherfoundation.org/grants-overview/</a>	Grant Inquiry Form Submission: May 15 – June 15 : July 13 Notification of Funding: September 25 Cycle 3 – August 1 – September 1 Community Connections Inquiry Form Rural Catalyst Grant Inquiry Form Invitation for Proposal or Declination: September 29 Notification of Funding: November 17
A.V. Hunter Trust		A current priority for the Trust is to help small organizations in rural or under-served communities. If your annual operating budget is in excess of \$1 million, your organization is unlikely to be considered for first-time funding at this time.	(303) 399-5450, or email <a href="mailto:news@avhuntertrust.org">news@avhuntertrust.org</a> <a href="https://www.avhuntertrust.org/grant-application-report">https://www.avhuntertrust.org/grant-application-report</a>	
Anschutz Family Foundation	Self-Sufficiency / Families / Literacy  Food / Shelter / Homeless  Youth Development / Outdoor Programs  Early Childhood Development Community & Capacity Building  Crisis Intervention  Senior Programs  People with Disabilities	The Anschutz Family Foundation supports rural and urban Colorado nonprofit organizations that assist people to help themselves while nurturing and preserving their self-respect.  We encourage endeavors that strengthen families and communities and advance individuals to become productive & responsible citizens. <a href="#">Intel Foundation</a>	In collaborations with schools and nonprofit public and private organizations, we contribute thought leadership and funds to deploy innovative programs that support underserved populations.	The Foundation does not accept unsolicited proposals, but organizations may e-mail us with information about their programs. Non-profits and educational organizations may sign up to be considered for our matching programs (note: eligibility requirements apply).	<a href="http://www.intel.com/intel/foundation/index.htm?id=about_intel+foundation">http://www.intel.com/intel/foundation/index.htm?id=about_intel+foundation</a> <a href="https://causes.benevity.org/causes/claim-cause-search">https://causes.benevity.org/causes/claim-cause-search</a>	The Intel Foundation supports a variety of eligible non-governmental, non-profit and academic organizations. Eligibility requirements vary by funding opportunity.

<a href="#">Janus Foundation</a>	<p>While we recognize there are many diverse nonprofit organizations providing invaluable services to the community, the Janus Foundation has elected to focus on the three following giving areas: at-risk youth through education; community service and volunteerism; cultural institutions in the Denver-metro area. If you are interested in applying for a grant from the Janus Foundation, please download the Grant Guidelines &amp; Application Process do...  <a href="http://ww4.janus.com/Janus/Retail/StaticPage?jsp=jsp/Janushome/JanusFoundation.jsp">http://ww4.janus.com/Janus/Retail/StaticPage?jsp=jsp/Janushome/JanusFoundation.jsp</a> We are proud to support of Innovation for Learning's TutorMate Program, which enables volunteers to remotely tutor first graders in core reading skills on a weekly basis. Further, the program expanded internationally, into the UK in 2018 as a result of the strategic support of the Janus Henderson Foundation. Grounded in the belief that learning to read is a basic right with the power to transform lives, Innovations for Learning's (IFL) programmes and services fuse technology, corporate volunteerism and intensive support to enable meaningful human interaction.</p> <p>As Dan Weisberg, National Director of the TutorMate Program, explains, "We also have almost 6000 registered tutors representing 200 tutoring corporations, law firms, accounting firms, and various community organizations who are currently tutoring with TutorMate. Janus Henderson has been one</p>	<p>Awards of \$10,000 and Below/ Awards over \$10,000 Hunger Free Colorado</p> <p>Hunger Free Colorado was awarded \$50,000 to connect people to food resources and drive policy, systems and social change to end hunger in Colorado. Funding from the Janus Henderson Foundation is providing vital support for Hunger Free Colorado's Farm to Food Pantry Initiative, which is designed to increase the flow of nutritious, Colorado-grown food into food pantries to support healthy food access for community members while strengthening local food systems. In response to the pandemic-induced hunger crisis, the state of Colorado is providing significantly increased state funding for the Food Pantry Assistance Grant. The six regional food coordinators that are part of the Farm to Food Pantry Initiative provide critical linkages to help food pantries use these state funds to purchase from local farmers and ranchers, including through relationship-building, joint purchasing agreements and transportation logistics. As a result of the Charity Challenge Funding, the regional coordinators are facilitating millions of dollars in transactions to make healthy locally produced foods more accessible to struggling community members, while also promoting environmental sustainability. Innovations for Learning</p>	<a href="https://www.janushenderson.com/careers/foundation/">https://www.janushenderson.com/careers/foundation/</a>	
<a href="#">Anschutz Family Foundation</a>	<p>Support rural and urban Colorado nonprofit organizations. Strengthen families and communities and develop productive &amp; responsible citizens. Special interest in self-sufficiency, community development, economically disadvantaged, children &amp; youth, seniors, and people with disabilities.</p>		<p>Annual grant- The Foundation has a special interest in self-sufficiency, community development and programs aimed at the economically disadvantaged, the young, the elderly and the disabled. The Foundation is also dedicated to funding efforts in rural Colorado. Past examples here (Due Mid-May)</p>	
<p>Colorado Parks and Wildlife Grants -Partners in the Outdoors Grant Program Regional Partnerships Initiative</p>	<p>To be eligible to apply for a grant, a partner organization must: be a non-profit organization or a government entity and provide a grant report detailing the use of funds at the closure of the grant cycle.</p> <p>Projects should be collaborative in nature and address the priority areas identified in our Statewide Comprehensive Outdoor Recreation Plan (SCORP):</p> <p>Sustainable Access and Opportunity - all Coloradans and visitors benefit from outdoor recreation and conservation.  Stewardship - Coloradans and visitors enjoy and care for natural and cultural resources and commit to stewarding them for future generations  Land, Water and Wildlife Conservation: Private and public lands and waters are conserved to support sustainable outdoor recreation, the environment and wildlife habitat.  Funding the Future - Coloradans and visitors contribute to diverse funding sources that are dedicated to support outdoor recreation and conservation.  Matching funds (in-kind and/or cash match that are from sources other than CPW) are not required but strongly recommended in order to increase the impact of the Partners in the Outdoors grant funds.</p> <p>*If your organization has been awarded a grant for the past 3 consecutive years you are not eligible to apply this year.*</p> <p>See the previous grant recipients from 2014-2022. We did not conduct the Partners in the Outdoors Grant program for the year 2020.</p>	<p>Colorado Outdoor Regional Partnership Funding Program</p> <p>Colorado Parks and Wildlife (CPW) and Great Outdoors Colorado (GOCO) are collaborating to fund new and existing coalitions to join a statewide initiative working to ensure that Colorado's land, water, and wildlife thrive while also providing for equitable and quality outdoor recreation experiences. Sustainable Access and Opportunity - all Coloradans and visitors benefit from outdoor recreation and conservation. Stewardship - Coloradans and visitors enjoy and care for natural and cultural resources and commit to stewarding them for future generations  Land, Water and Wildlife Conservation: Private and public lands and waters are conserved to support sustainable outdoor recreation, the environment and wildlife habitat. The next grant period</p>
<p>Colorado Parks and Wildlife Grants -Outdoor Equity Grant Cycle</p>	<p>House Bill 21-1318 is the product of an incredible community effort to create a grant program for outdoor organizations focused on creating opportunities for youth and their families from communities who have been historically excluded, so that they have equitable opportunities to get involved in recreational activities and experiencing Colorado's open spaces, state parks, public lands and other outdoor areas. The bill funds the grant program through a redistribution of lottery money that is earmarked for the general fund. Find funding details in the text of HB21-1318.</p> <p>Program focus should aim to address one or more of the following issues: the racial inequities young Coloradans face in accessing the outdoors, improving environmental justice, accessibility to the outdoors for Colorado youth from historically excluded communities including black, Indigenous, and youth of color, LGBTQIA2S+ youth, youth with disabilities, immigrant and refugee youth, and low-income youth; providing environmental, experiential, outdoor, or stewardship and conservation education.</p> <p>Programs or projects should strive to be culturally responsive. They should raise awareness of and or seek to address the root cause of the disparities Colorado youth experience while trying to</p>	<p>The Colorado Outdoor Equity Grant Board share a vision to change the system that has excluded black, Indigenous, and youth of color, LGBTQIA2S+ youth, youth with disabilities, immigrant and refugee youth, and low-income youth from equitable access to outdoor recreation, nature-based education, and career development.</p> <p>This inaugural Board is committed to bringing about transformative change in Colorado.</p> <p>Nature access is a fundamental human right, but it is denied to far too many young people. Our hope is to fund and support diverse organizations that provide outdoor education and recreation experiences to underserved youth and families. We are committed to providing funding to organizations that have been unable to apply for this type of assistance due to organizational barriers. The funding opportunities are intended to assist organizations in developing, continuing or accelerating their work.</p> <p>The Outdoor Equity Grant is a first step toward working collaboratively to improve access, representation, meaningful participation, and quality experiences for Colorado's youth and families in the outdoors. This step is just the beginning, and we will live up to our values showing up authentically for our communities now and in the future.</p>	<p><a href="#">If you have any questions about the 2023 grant cycle, please contact Outdoor Equity Grant Program Manager, Andrea Kurth, at <a href="mailto:andrea.kurth@state.co.us">andrea.kurth@state.co.us</a>.</a>  <a href="https://cpw.state.co.us/aboutus/Pages/Outdoor-Equity-Fund.aspx">https://cpw.state.co.us/aboutus/Pages/Outdoor-Equity-Fund.aspx</a></p>	<p>The next Outdoor Equity Grant Cycle will open in August 2023. Organizations interested in applying for the 2023 Outdoor Equity Grant should review the grant guide for instructions on how to apply. Grant Opens - August 1, 2023  Q&amp;A Session - August 10, 2023  Grant Deadline - September 15, 2023, at 5 pm  Applicants Notified of Grant Decision - December 15, 2023  Grants Disbursed - March 31, 2024</p>
<p><a href="#">Colorado Parks and Wildlife Grants - Shooting Range Grants</a></p>	<p>Colorado Parks and Wildlife's Shooting Range Development Grant Program provides matching grants to towns, counties, sportspeople and outdoor recreation organizations, shooting clubs, economic development agencies and others for projects to establish, improve or expand shooting ranges, including archery, across the state.</p> <p>The Shooting Range Development Grant Program (SRDG) allocates up to \$600,000 annually in matching funds through a competitive grant process. To date, the SRDG Program has awarded funding to more than fifty projects throughout Colorado - on the Eastern Plains, along the Front Range and on the Western Slope.</p>	<p>Potential applicants are strongly encouraged to contact their local Colorado Parks and Wildlife office, or the grant program coordinator Travis Long, <a href="mailto:travis.long@state.co.us">travis.long@state.co.us</a>, as soon as possible to discuss your project.</p> <p>Grant Cycle Information</p> <p>Guidelines  Range Grant App (doc) - right click &amp; choose "Save Target As..." to save file to your computer  Model contract -- if applicable  Program Timeline  Application Calendar  Frequently Asked Questions  Grant Program Flyer</p>	<p><a href="https://cpw.state.co.us/thingstodo/Pages/ShootingRangeGrants.aspx">https://cpw.state.co.us/thingstodo/Pages/ShootingRangeGrants.aspx</a></p>	<p>The 2023 Shooting Range Development Grant application is now open. 0	Among the types of projects supported through Fishing Is Fun are stream and river habitat improvements, access improvements, perpetual easements for public access, pond and lake habitat improvements, fish retention structures, development of new fishing ponds, and amenity improvements such as shade shelters, benches and restrooms.	If you have questions, contact the Fishing Is Fun Program Coordinator, Travis Long, at <a href="mailto:travis.long@state.co.us">travis.long@state.co.us</a> . The Fishing Is Fun program provides up to \$400,000 annually in matching grants to local and county governments, park and recreation departments, angling organizations, water districts and others for projects to improve angling opportunities in Colorado.	<a href="https://cpw.state.co.us/aboutus/Pages/FishingIsFunProgram.aspx">https://cpw.state.co.us/aboutus/Pages/FishingIsFunProgram.aspx</a>	CPW is now accepting grant applications for the 2023 Fishing Is Fun grant cycle. Program Coordinator at <a href="mailto:jim.guthrie@state.co.us">jim.guthrie@state.co.us</a> March 1, 2023 Applications due to local Regional or Area offices by 5:00 p.m. March 2023 Review by regional personnel, which may involve discussions with applicant and suggested improvements to the proposal. March 31, 2023 Regional approval, rankings and recommendations to due to Program Coordinator at Denver HQ. April 2023 Applicants notified of schedule for presentation to review panel. May 10, 2023 Review Panel meeting. Applicants will be scheduled for a 15 minute presentation, with questions to follow. List of funding recommendations developed for CPW Director. June, 2023 CPW Director's approval of final project funding list and letters to applicants with conditional approval. June 2023 through March 2024 US Fish and Wildlife Service project review, including any NEPA compliance issues, Section 404 permits required and other external compliance issues. State contract preparation, routing and signatures. By April, 2024 Letter to proceed with project mailed to successful applicants (may occur earlier). December 31, 2025 Deadline for project completion.
Colorado Parks and Wildlife Grants - Habitat Partnership Program (HPP)	The Habitat Partnership Program (HPP), funded by revenue from the sale of big game licenses, works through local committees to develop partnerships among landowners, land managers, sportspersons, the public and Colorado Parks and Wildlife (CPW) to reduce conflicts caused by deer, elk, pronghorn and moose to agriculture. HPP also assists CPW to meet game management		<a href="https://cpw.state.co.us/aboutus/Pages/HabitatPartnershipProgram.aspx">https://cpw.state.co.us/aboutus/Pages/HabitatPartnershipProgram.aspx</a>	
Colorado Parks and Wildlife Grants - Non Motorized Trails Grants	The Colorado State Recreational Trails Grant Program funds projects to continue to improve outdoor recreation opportunities, including trail construction, maintenance, planning, and support while protecting wildlife, habitat, and cultural resources.  Colorado Parks and Wildlife Great Outdoors Colorado (GOCO) Colorado Lottery Recreational Trails Program (RTP)	We are offering four categories for this year's Non-Motorized Trail grant cycle to address the increased need to repair and improve existing trails in Colorado:  Construction - New trail or trailhead construction, including the installation or creation of new facilities where none currently exists. Maintenance - Maintenance, re-route or reconstruction of existing trails and trailheads - Improvement of current trailhead facilities. Planning - trail layout, design, engineering, feasibility studies, inventory, use studies, analysis of existing and proposed trails and master plans. Support - Building and enhancement of volunteer organizations, increasing volunteer capacity, and implementing trail training and education.	<a href="https://cpw.state.co.us/aboutus/Pages/TrailsGrantsNM.aspx">https://cpw.state.co.us/aboutus/Pages/TrailsGrantsNM.aspx</a> <a href="#">Funding Request Limit: Applicants can request up to \$250,000 for Construction/Maintenance projects; \$45,000 for Planning/Support. There is no minimum.</a>	2023 Grant Timeline  August 3 - October 4, 2022: Grant applications available September 6, 2022: Basic project scope and map emailed to Area Wildlife Manager/Trails Program October - December 2022: CPW staff and subcommittee preliminary reviews January 3-5, 2023 - Applicant presentations to subcommittees February 3, 2023 - State Trails Committee reviews recommendations from subcommittees March 2023: CPW Commission final funding decision April - June 2023: Contracts and purchase orders are prepared and distributed to awarded applicants
Colorado Parks and Wildlife Grants -Off-Highway Vehicle (OHV) Program	Colorado's Off-highway Vehicle Program CPW's OHV Program is statutorily created in sections 33-14.5-101 through 33-14.5-113, Colorado Revised Statutes. The program is funded through the sale of OHV registrations and use permits. It is estimated that more than 170,000 OHVs were registered or permitted for use in Colorado during the 2014-2015 season. The price of either an annual OHV registration or a use-permit is \$25.25. Funds are used to support the statewide OHV Program, the OHV Registration Program and OHV Trail Grant Program, including OHV law enforcement.  The OHV Program provides registration and use permit services for all Colorado and out of state residents who wish to access designated OHV trails on Colorado's public lands. Per state statute, all OHV registration and use permit receipts are devoted to the promotion and support of OHV recreation in Colorado. The OHV Program site provides law and regulation information, links to organizations and clubs, and safety information. Check out the "Where to Ride" page for links to OHV trails across Colorado.  There are many laws and regulations that pertain to the use of OHV's in the state of Colorado that help to promote the safety of the user and the public. To find more information regarding required equipment for OHV use, visit the laws and regulations page.	Benefits of the OHV Registration Program The Colorado OHV Registration Program user fees fund trail maintenance, construction, trailheads, parking areas, support facilities, trail signs, maps, and education. It enables law enforcement personnel to identify and return stolen vehicles, encourages safe and responsible OHV use, and promotes respect for public lands. Many different groups benefit from OHV registration, including  OHV owners and operators;  Towns and counties that want to attract OHV recreationalist to enhance local economies.  The general public; educated OHV enthusiasts are more conscientious and better stewards of the land and many OHV trail projects address and resolve environmental issues such as stream crossing and erosion problems.  Registration funds also enable local, state and federal land managers to better manage our natural resources. Annually, this direct benefit to enthusiasts funds over \$4 million in trail opportunities and improvements. OHV funding allows federal land management agencies to devote a greater amount of their own trail resources to needed non-motorized trail maintenance. Programmatic (competitive) OHV Project Grants  OHV programmatic or competitive project grants address the full spectrum of OHV recreation support needs in Colorado. Eligible grant funded activities include:  Construction, reconstruction or maintenance of OHV routes or multi-use trails that allow for motorized use  Crossing structures, bridges, railings, ramps, and fencing  Bank stabilization and retaining structures  OHV trail corridor re-vegetation and erosion control	Local, county, and state governments, federal agencies, special recreation districts, and non-profit organizations are eligible to apply. Projects related to recreational use of Off-Highway Vehicles (OHVs) on lands open to the public. OHVs include: trail motorcycles, all-terrain vehicles and four-wheel drive vehicles. For the 2024 OHV grant cycle, priority will be given to maintenance projects. There is a great need to address resource impacts due to increased visitation in Colorado, with repairs and improvements to existing trails.	2023-24 Grant Applications  The application window is now CLOSED. Information and instructions on to how apply for the 2024-2025 grant cycle will be posted in October 2023. 2023-2024 Grant Timeline  December 2, 2022: Applications due by 5:00 p.m. January 12-13, 2023: OHV subcommittee meeting - application review January 31, 2023: Deadline for written public comment March 8-10, 2023: OHV grant applicant presentations April 7, 2023: State Trails Committee reviews recommendations from subcommittees June 22-23, 2023: Commission final funding decision Fall 2023 through Spring 2024: Project funds available for disbursement
Colorado Parks and Wildlife Grants - Wetland Wildlife Conservation Program	The Wetland Wildlife Conservation Program is a voluntary, incentive-based program to protect wetlands and wetland-dependent wildlife on public and private land.  Since its inception in 1997, the Colorado Wetlands Program has preserved, restored, enhanced or created almost 220,000 acres of wetlands and adjacent habitat and more than 200 miles of streams. The partnership is responsible for almost \$40 million in total funding devoted to wetland and riparian preservation in Colorado.	Funding for all phases of wetland and riparian creation, restoration and enhancement Funding for conservation easements and fee-title purchase through the Wildlife Habitat Program Wildlife and aquatic resource inventories Education and outreach Project monitoring and evaluation Wetlands are simply lands affected by water, resulting in unique plants and soils. They may be classic cattail areas with a few feet of standing water, areas with very shallow water, or temporary habitats such as playa depressions on the eastern plains that only occasionally have standing water. Riparian areas next to streams that are subject to frequent flooding are also considered wetlands. Since the beginning of major settlement activities, Colorado has lost half of its wetlands. By virtue of their position in the landscape, wetlands perform several functions valuable to wildlife and society, including:  Feeding, resting and rearing habitat Movement corridors Groundwater recharge Flood flow alteration Stream bank stabilization Sediment and nutrient removal Additional values include open space, education, and economic benefits, such as those from hunting, fishing, and bird watching.	<a href="https://cpw.state.co.us/aboutus/Pages/Wetlands.aspx">https://cpw.state.co.us/aboutus/Pages/Wetlands.aspx</a>	New Funding Available for 2023 - APPLY NOW!  Competitive grant funding opportunities for wetland/riparian restoration, enhancement and creation are available! The application deadline is Monday, February 6th, 2023. <a href="#">Colorado Outdoor Recreation Office (OREC)</a>	<p>Provides a central point of contact, advocacy, and resources at the state level for the diverse constituents, businesses, and communities that rely on the continued health of the outdoor recreation economy. Grant recipients will be subject to federal and state reporting requirements, as outlined in the final grant agreements, and will be subject to annual site visits from OREC staff through the duration of the grant.</p> <p>Due to EDA restrictions, this funding is not available for individuals, private businesses, or other federal agencies. In addition, projects occurring on federal lands or new construction projects may be ineligible.</p>	<p>The Colorado Outdoor Recreation Industry Office (OREC) is pleased to announce the opening of the Colorado State Outdoor Recreation Grant program on June 1, 2022. These funds are made available through the Economic Development Administration (EDA) as a part of the American Rescue Plan Act.</p> <p>OREC will be accepting applications for roughly \$4 million in competitive funding for projects related to economic development and recovery in the outdoor recreation sector. Eligible entities include government bodies, nonprofits, colleges/universities, economic development organizations, and Indian Tribes.</p> <p>Applications will be accepted on a rolling basis with quarterly review deadlines of March 31st, June 30th, September 30th, and December 31st of each year through 2025 or until all funding is allocated.</p>	<p><a href="#">Outdoor Recreation Grant (3/31/23); Outdoor Industry Business Development (unsure)</a></p>	<p>As of February 28, 2023, roughly \$910,000 in funding is remaining, and the March 31, 2023 deadline is expected to be the final deadline. Interested entities are encouraged to submit an application before this date.</p>

<p>CDOT- TRANSPORTATION ALTERNATIVE PROGRAM TAP</p>	<p><a href="#">Transportation Alternative Program (TAP)</a>  <a href="#">TAP is a competitive grant program. Projects eligible for TAP funding include the design and construction of pedestrian and bicycle facilities, environmental mitigation of transportation activities, scenic activities, and the preservation of historic transportation facilities.</a></p>	<p>Who is eligible to apply?          Local governments: any unit of local government below a State government agency, except for MPOs. Examples include city, town, or county agencies.          Regional transportation authorities          Transit agencies: any agency responsible for public transportation that is eligible for funds under the Federal Transit Administration (FTA).          Natural resource or public land agencies: any Federal, Tribal, State, or local agency responsible for natural resources or public land administration. Examples include state or local park or forest agencies; state or local fish and game or wildlife agencies; Department of the Interior Land Management Agencies; U.S. Forest Service.          School districts, local education agencies, or schools. These may include any public or nonprofit private school.          Tribal governments          Nonprofit organizations (Non profit organizations must apply through a local government agency or quasi governmental agency for contracting purposes)          Metropolitan Planning Organizations: that represent an area with a population of 200,000 or under.          Any other local or regional governmental entity with responsibility for oversight of transportation or recreational trails that the State determines to be eligible, consistent with the goals of subsection (c) of section 213 of title 23 or at the request of another eligible entity.          CDOT may partner with an eligible entity project sponsor to carry out a project at the request of another eligible entity.          How will projects be evaluated?          TAP projects are selected via a competitive scoring process found in the TAP guidelines.</p> <p>How TAP funds can be combined with the Multimodal Options Fund (MMOF)          The main project type that is eligible for both TAP and MMOF is the design, planning, and construction of pedestrian or bike facilities. MMOF has different match requirements based on jurisdiction. TAP funds may be used to satisfy the match requirements of MMOF and vice versa. MMOF is a competitive grant program awarded by Transportation Planning Regions (TPRs). Contact your TPR Chair for information on TPR meetings in your region and for future MMOF project selections.</p>	<p>What types of projects are eligible for TAP funding?          TAP provides funding for programs and projects defined as transportation alternatives, including on- and off-road pedestrian and bicycle facilities, infrastructure projects for improving non-driver access to public transportation and enhanced mobility, community improvement activities, and environmental mitigation; recreational trail program projects; and projects for planning, designing, or constructing boulevards and other roadways largely in the right-of-way of former Interstate System routes or other divided highways.</p>	<p>The next call for projects will cover fiscal years 2024 through 2026. The official notice announcing the call for projects is now open. Draft applications are due March 24, 2023. The TAP application guidelines can be found here. The TAP form fillable pdf application can be found here.</p>
<p>CDOT FEDERAL GRANTS</p>	<p><a href="#">Federal Grant Opportunities</a>  <a href="#">Competitive federal grant programs, like RAISE/BUILD, INFRA, and CRISI, provide substantial funding opportunities for major projects in all transportation sectors, including roads and bridges, rail, freight, public transit, airports, waterways, etc. Federal grants are open to a variety of eligible entities and grant awards are determined by the USDOT. The details of existing grant programs can change year-to-year, and new programs are frequently released through new legislation, like the Bipartisan Infrastructure Law signed in November 2021. Sign up for the Open Federal Grants e-mailing list to stay informed on Federal Grant Opportunities.</a></p>			
<p>SENATOR BENNETT OFFICE</p>	<p><a href="#">Colorado is a hub of innovation. From our top-tier universities and research institutions, to our aerospace and biotech industries, to our forward-looking local governments—our state is leading the way in the 21st century. You can play a role in our state's growth by taking advantage of federal grants.</a></p> <p><a href="#">Federal funding will help leverage your energy and ideas on behalf of your organization to contribute to Colorado's communities and economy. However, researching and applying for federal grants can be daunting. The information on this page, while not intended to be exhaustive, should serve as a helpful resource. Below, you'll find tips on writing effective grant proposals and information on how our office can help as you consider looking into federal grants as a potential source of funding for your organization. We've also included private and corporate funding sources as an option to supplement limited federal funding.</a></p> <p><a href="#">After reviewing the following information, if you still have questions or would like our office to assist your application, please contact our Grants Manager.</a></p>	<p>DURING THE SEARCH PROCESS: FEDERAL AGENCIES</p> <p>Applying for grants is becoming increasingly competitive. If you do not find a federal grant or if you want more advice, our office can help connect you with a Grants or Program Manager from federal agencies. Having their perspective and expertise can help give you a better lay of the land and potentially help guide you to other federal funding opportunities.</p> <p>Our staff can also help narrow down your search for federal grants and answer questions. Please feel free to contact our Grants Manager.</p> <p>DURING THE GRANT APPLICATION PROCESS: LETTER OF SUPPORT</p> <p>Our office is available to provide a letter of support for your grant application. We ask that you reach out to our office early to mid-way through your process to allow for the appropriate amount of time to draft and process a letter. It is also helpful for you to offer draft language to our office that best describes your organization's goals and priorities and how this particular grant will assist in helping you reach those goals. It is also valuable for our office to understand how the grant will improve Colorado.</p> <p>Please reach out to our Grants Manager, and we will provide you with a form to submit a request for a letter of support.</p>	<p>A federal grant is an award of financial assistance from a federal agency to a recipient to carry out a public purpose of support authorized by a law of the United States. Federal grants are not federal assistance or loans to individuals. Grants are not benefits or entitlements.</p> <p>Most federal grants go directly to states in the form of either formula (e.g. based on a state's population) or block grants. Then, the states may make sub-awards to local organizations. However, there are also up to 1,700 different types of competitive grant programs that you may apply for directly through a federal agency.</p>
