

### Square Foot Construction Costs <sup>a, b, c</sup>

Huerfano County's building valuation data (BVD) is based on information provided by the International Code Council. The BVD table provides an average construction cost per square foot, which is used to determine permit fees.

It is important to note that while this BVD table does determine an estimated value of a building, this data is only intended to assist Huerfano County Government in determining permit fees. This table is not intended to be used as a building estimation guide, as the data only reflects average cost and is not representative of specific construction.

**Example BVD and permit fee:**

R3 Residential, one and two family VB @ \$130.58/square foot

Gross Area= 1st story 1500 square feet, unfinished basement 1500 square feet @ \$23.20/square foot, deck utility VB 400 square feet @ \$51.28

$(1500 \times 130.58) + (1500 \times 23.20) + (400 \times 51.28) = \$251,182$  total valuation

$251,182 \times 0.0115 = 2,888.59$

$2888.59 \times 10\% = \$288.86$  plan review fee

$\$2,888.59 + 288.86 = \$3,177.45$  permit fee
