Hi Sky,

Thanks for talking to me today. FYI, I spoke to the assessor and she said she was not aware of the BOCC's new mill levy rate. Nevertheless, she answered all my questions about current and future property tax calculations. Thank you.

Per our previous Planning Commission meeting and in preparation of our next meeting on Dec 22, attached is the spreadsheet of our new requested densities which were derived based on acreage percent of the total and the new total density of 240 (down from current 260 multi family residential).

Our current proposed map has 6 proposed "Parcels" so as to satisfy the county's requirement for an amendment that does not "significantly" increase the total number of lots. If possible, we would prefer 8 total lots (derived from our 5 "Tracts" not lots, via MAP 425) and would ask that the 3 additional "Parcels" not be considered a significant increase.

To accomplish this we would split proposed parcels A and B into 3, 2.15 acre lots, and split proposed Parcel F roughly in half. Parcel E to be used as county park / ski area, would not change under any of the scenarios, fyi

Thank you for your help Sky and for letting us know if you need anything else before Dec 22.

Best,

Jon Hotaling
