

MEMORANDUM

MEETING TYPE: Board of County Commissioners

MEETING DATE: September 12, 2023

ITEM NAME: Legislative Committee Commissioner Designation Form

SUBMITTED BY: Carl Young

SUMMARY: Each BOCC must designate one commissioner and an alternate to serve on CCI's Legislative Committee to vote on the 2024 Legislative Priorities. The attached form is due to CCI by September 29th

RECOMMENDATION: Motion to appoint a Commissioner and an alternate to attend and vote on Legislative Priorities

BACKGROUND: Each session, in addition to the work CCI performs to ensure that bills do not result in unfunded mandates for counties and are properly resourced for successful implementation, CCI proactively initiates member-approved legislation that addresses inefficiencies, launches new programs and tools counties can use to address the needs of their communities, and revises existing law to better reflect on-the-ground implementation realities. CCI members approve, on average, six to eight issues each year (more than any other association).

This form is submitted to CCI annually and helps CCI track voting on Legislative issues. CCI's By-laws include a 1 County 1 vote rule.
