RE: Damage to Lift 4 and Stop Work

Dear Board of Directors,

The County has been made aware of damage to Lift 4 that might lead to an insurance claim or at the very least constitute a hazard. From our inspection, a towrope slipped and has damaged the support structure holding the counter weights.

This Board and our team are grateful for the work that the Panadero Ski Corporation has done to date on the lift. However, we naturally have some concerns and are requesting and requiring that restoration work on the lift pause so we can confirm that there is not an ongoing risk to the public or your team.

We appreciate your understanding, cooperation, and continued partnership.

Sincerely,

John Galusha, Chairman

Arica Andreatta,
Commissioner

Karl Sporleder, Commissioner
