**Section 2. Policy, Purpose, and Scope**

1. It is the policy of Huerfano County to make public records available for public inspection as set forth in the Colorado Open Records Act, C.R.S. § 24-72-201, et seq. (“CORA”).
2. The purpose of this policy is to assure prompt and equitable service to citizens requesting access to public records, including those records created by electronic mail, in accordance with the requirements of the Colorado Open Records Act, C.R.S. § 24-72-201, et seq.
3. This policy does not apply to criminal justice records or public records maintained by appointed or elected officials unless adopted by said appointed or elected official.
4. This policy applies to all requests for public records made to all offices and departments reporting to the Board of County Commissioner. It shall apply to records requests made to any other elected official if, and only if, adopted by said official. A list of such officials will be published on the County’s website.

**Section 3. Definitions.**

The definitions found in C.R.S. § 24-72-202, as amended from time to time, shall apply herein. Three definitions of particular relevance are included below:

1. “Custodian” means and includes the official custodian or any authorized person having personal custody and control of the public records in question.
2. “Public records” means “all writings made, maintained, or kept by the state or any agency, institution, ... or political subdivision ... for use in the exercise of functions required or authorized by law or administrative rule or involving the receipt or expenditure of public funds.” C.R.S. § 24-72-202(6). Criminal justice records are not included in this definition.
3. “Writings” include “all books, papers, maps, photographs, cards, tapes, recordings, or other documentary materials, regardless of physical form or characteristics. Writings include digitally stored data, including without limitation electronic mail messages, but does not include computer software.” C.R.S. § 24-72-202(7).

**Section 4. Procedures for Making and Responding to Requests for Public Records.**

The following procedures apply to all formal requests for public records:

1. Unless otherwise named by the Board of County Commissioners, the County Attorney, or their designee, is the official custodian of all records maintained by all offices and departments reporting to the Board of County Commissioners, unless otherwise prescribed by law. Department heads are the actual, physical custodians of all records maintained within their departments. It is the responsibility of each department head to become familiar with and to educate their employees about the standards and requirements of this policy.
2. Huerfano County has determined that the use of an official request form to be used by persons is necessary for the efficient handling of such public record requests. Any request to Huerfano County for public records must be made on the official request form. Any request not submitted on the official request form will not be processed.
  - a. The County Administrator is hereby instructed to create and maintain an official request form both in an online form and a printable or paper form. The County

Attorney will review and approve the form before submission to the Board of County Commissioners for final approval.

- b. The official request form should be provided to any person submitting a public records request that is not on this form and the person should be informed that Huerfano County requires the use of the official request form in order to process their public records request.
3. Requests on the paper form may be delivered in person or mailed to the Custodian of Records. All requestors with access to the internet are encouraged to use the online form. Because of spam filters as well as incorrect or inactive email accounts, requests made via electronic mail will not automatically be accepted. The custodian, at the custodian's sole prerogative, may accept requests sent via e-mail upon request. If a request is sent via e-mail to anyone other than the custodian, it will not be considered as received by the County and the statutory time for response to the requests will not begin until a confirmation has been sent by the custodian.
4. All requests for records must be specific as to the records sought and the relevant dates. Requests for correspondence must identify the parties to the correspondence. For any request that is vague or broadly stated the custodian may require the requestor to provide a more specific request.
5. If a requestor is unable to identify the specific documents sought, the requestor is encouraged to contact the County in advance of submitting a request for assistance in providing the requisite specificity.
6. The custodian is not required by the Open Records Act to construct or create a record that does not exist.
  - a. Any records custodian may set a fee for reports, maps, or products that are produced through the manipulation of data for the benefit of the requestor.
  - b. Any records custodian may refuse any request requiring data manipulation on the basis that CORA does not require manipulation.
7. Time for response to records requests shall be as follows:
  - a. The normal time for production shall be three working days, beginning on the first business day after the request is received.
  - b. Such period may be extended upon determination by the custodian that extenuating circumstances exist. Such period of extension shall not normally exceed seven working days. The requestor shall be notified of the extension within the three-day period.
  - c. Time periods will be calculated without including the date on which the custodian receives any request.
8. Requests to inspect records documents will not take priority over the regular work activities of County employees.

### **Section 5. Inspection of Public Records**

1. In order to safeguard the integrity of the County's records, the custodian of the records to be inspected shall retain control of the records at all times. Inspection of all public records is subject to the supervision of the records custodian. Inspection of public records will generally be scheduled during regular business hours.
2. The requestor may take notes and may bring a laptop or portable computer device to take notes while inspecting/reviewing documents. However, the requestor shall not bring and shall not use outside photocopiers, scanners, fax machines, smart phones, cameras or other copy, scanning or reproduction devices to copy Huerfano County records.
3. Please note the County may require that members of the public be allowed to inspect only copies of documents when the custodian of records determines that allowing access to

originals could interfere with the regular discharge of duties of the County or its staff or production of original records could jeopardize the condition of the requested records.

4. Requestors who have not come in to view the requested information within ten (10) working days of being notified that the records are available for review will be required to submit a new public records request.
5. If fees are charged pursuant to Section 9 of this policy, then inspection of the requested records shall occur only after payment, or an acceptable payment arrangement, is made.

### **Section 6. Production of Public Records**

1. In the event the requestor requests copies of available records in lieu of an inspection, such records will be provided within the timeframe set forth in Section 4, of this policy.
2. In the event the requestor conducts an inspection and requests copies of records at the time of such inspection, the requestor must mark with tabs or clips the pages he or she wants copied. Copies may be made at a later date and time, based on volume and staff availability. In such case, the requestor will be notified when the copies are available for pick-up. Copies of records may be mailed upon request at an additional fee.
3. If the public record requested is stored in "sortable" or "searchable" formats, the County will provide the record in this format if requested unless producing the record in native format would violate the terms of any copyright or licensing agreement between the County and a third party or result in a release of a third party's proprietary information, or where the native format renders it technologically or practicably infeasible to redact information the County is required or allowed to withhold.
4. Responses to requests will be made via email of attached documents if possible in order to reduce expenditure of County resources and reduce costs to citizens. If records requested exceed 10MB of data, requestors will be provided the records on a USB Thumb Drive or an alternative method provided by the County at the cost indicated herein.
5. In order to preserve the security of the County data network, under no circumstances shall a memory device or other media not authorized by the County IT Department be used to transfer data to a requester nor shall requesters be allowed to provide their own USB Thumb Drive or other storage device to receive copies of the requested records.
6. Huerfano County has no obligation to upload requested public records to a "cloud" service to allow for their access by a requestor. Such requests will be denied except in extenuating circumstances. Under no circumstances will a "cloud" service owned, controlled, or paid for by Huerfano County be used to transmit such records.

### **Section 7. Denial of Request.**

In accordance with CORA, certain County records are either prohibited from disclosure or may be withheld from public inspection. Reasons for denial may include but are not limited to that disclosure is contrary to statute, court order or the public interest. Any denial of inspection or copies of records will be specific and the justification for such denial, as authorized by CORA, will be provided in writing upon request.
