

Federal Child Labor Regulations

The Fair Labor Standards Act restricts the use of child labor. The most recent changes to the law in 2010 expanded and clarified the types of activities and occupations forbidden to youth under the age of 18. Review the various restrictions to ensure that your county is in compliance. Remember that even where the rules do not apply to volunteers, allowing a minor to engage in an activity that is regulated or considered hazardous can increase potential liability in the event of an injury.
