

## MEMORANDUM

---

**MEETING TYPE:** Board of County Commissioners

**MEETING DATE:** June 11, 2024

**ITEM NAME:** Revised Huerfano River Bridge Project Overmatch Commitment

**SUBMITTED BY:** Carl Young, County Administrator

**SUMMARY:** Attached is a revised letter to CDOT Region 2 Local Agency confirming our commitment to the overmatch required to move forward with the project to replace the County Road 543 Bridge over the Huerfano River. Or original letter listed an overmatch amount of \$117,972.61, which should have been \$164,399.12. We have discussed with the CDOT Local Agency Team that our preferred way forward is to put this project out to bid and submit a request for additional funding to CDOT based on the actual bid results. This should strengthen the County's request and minimize risk that bid results could exceed Engineer's estimates.

**RECOMMENDATION:** Motion to approve the revised overmatch commitment letter to CDOT Local Agency for the Huerfano River Bridge Project.

**BACKGROUND:** KLJ has prepared the full bid package for this project and is awaiting final CDOT approval before releasing the package. Per CDOT regulations, and even though they agree with our approach to request additional funds after bidding, the Local Agency team is prohibited from approving without this letter.

**BOARD ACTION TAKEN:**
