Q Andrew QUINTERO owner of Q3N Construction paid Kevin Chavez owner of R3C concrete \$13,200.50 for Robinson project that he never finished. I also paid 14,091.00 for Marty project that never started/finished. I did contact him and he said he would pay money back but I have not heard from him. Then come to find out that there was a lien against Robinson project for unpaid concrete for the sum of 4,000.00 that I had already paid for. I had to pay that 4,000.00 to get the lien off of the Robinson project.
