

Jorge Liberato, is honored to serve the City of Hutchins. he has been married to his wife, Nayeli Liberato, for 14 years, and together they have four wonderful children: Giovanni, 12; Fernando, 11; Leonardo, 7; and daughter, Mia, 5. Family is at the center of his life, and much of his time outside of work is spent coaching and supporting his children in baseball, football, and basketball. He also enjoy fishing, spending time outdoors, and taking nature walks. Faith is an important part of his family as well, they he is actively involved in his church community.

Jorge was born in Acapulco, Mexico, and came to the United States with my parents at the age of six. he spent his early years growing up in Douglasville, Georgia, before his family moved to Chicago when he was 15. After spending several years in Chicago and meeting my wife Nayeli, his family relocated to Texas in 2022 in search of warmer weather and a more peaceful environment. Jorge's professional background includes serving as a security officer for both the University of Illinois Chicago and Rush University Medical Center, where he developed valuable experience in communication, de-escalation, and working with people from a wide variety of backgrounds and circumstances. After relocating to Texas, he continued his career in security with the federal government, working under the Department of Homeland Security with the Federal Protective Service, providing security for federal facilities.

Jorge is extremely grateful for the opportunity to serve the City of Hutchins .

It is truly a privilege to serve, and I look forward to meeting everyone and becoming an active and positive member of the Hutchins community.
