

# STAFF REPORT

---

<b>MEETING DATE:</b>	01/02/2024
<b>MEETING TYPE:</b>	City Council
<b>SUBMITTED BY:</b>	Robert McWayne
<b>AGENDA CAPTION:</b>	Southaven Sewer Project

---

## **Background Information**

In April of 2023, the City of Hutchins acquired the services of Birkhoff, Hendricks, and Carter to engineer the replacement and upsizing of a sewer main that runs from Lancaster-Hutchins Road to S. Main Street. Once surveying began it was found that the Southaven sewer project will not be needed as the Southaven development does not connect to the proposed line, and the line is already bigger than what is shown on the master plan. Staff feels that the ARPA funds would be better used toward constructing another portion of the master plan.

## **Budget Implications**

N/A

## **Operational Impact**

N/A

## **Legal Review**

N/A

## **Staff Recommendation**

Staff recommends utilizing the ARPA funds to design and construct a portion of Main from the Shoreline Interceptor to Oak Creek Drive.

## **Supporting Documentation and Attachments**
