RECITALS:

WHEREAS, the City desires to engage the services of the Professional as an independent contractor, and not as an employee, to provide the services described in Exhibit "A" (the "Scope of Services") to assist the City in engineering services to perform a city-wide Infiltration/Inflow Analysis of the wastewater collection system, (the "Project") on the terms and conditions set forth in this Agreement; and

WHEREAS, the Professional desires to render services for the City on the terms and conditions set forth in this Agreement;

NOW THEREFORE, in consideration of the mutual covenants set forth herein, and other valuable consideration, the sufficiency and receipt of which are hereby acknowledged, the Parties agree as follows:

Article I
Term

1.1 This Agreement shall commence on the last date of execution hereof ("Effective Date") and continue until completion of the services, unless sooner terminated as provided herein.

1.2 Either Party may terminate this Agreement by giving thirty (30) days prior written notice to the other Party. In the event of such termination the Professional shall deliver to City all finished and unfinished documents, data, studies, surveys, drawings, maps, models, reports, photographs or other items prepared by the Professional in connection with this Agreement. Professional shall be entitled to compensation for any services completed to the reasonable satisfaction of the City in accordance with this Agreement prior to such termination.

Article II
Scope of Service

2.1 The Professional shall perform the services in connection with the Project as set forth in the Scope of Services. The Professional shall perform the services with: (i) the professional skill and care ordinarily provided by competent architects or engineers, as the case may be, practicing in the same or similar locality and under the same or similar circumstances and professional license; and (ii) as expeditiously as is prudent considering the ordinary professional skill and care of a competent architect or engineer, as the case may be. If the Professional is not

a licensed engineer or registered architect, the Professional shall perform the services: (i) with the skill and care ordinarily provided by similar consultants practicing in the same or similar locality and under the same circumstances and applicable licenses or certifications; and (ii) as expeditiously as is prudent considering the ordinary skill and care of similar competent consultants.

2.3 Licenses. Professional represents to City that Professional possesses any and all licenses which may be required by the State of Texas or any other governmental entity having jurisdiction as may be necessary for the performance of Professional's services pursuant to this Agreement.

2.4 Information/Confidentiality. City will furnish to Professional such information with respect to the Project as Professional may reasonably request in order to render Professional's services effectively. Professional will hold in strict confidence all information with respect to the Project which is furnished to Professional by City in confidence, and which is not otherwise publicly available and/or not required, as a matter of law or proper business practice, to be disclosed to a third party in connection with the consulting services for the Project.

2.5 Deliverables. All files, documents, data, and other information generated under this Agreement, of any nature whatsoever furnished by, or developed by Professional, shall be and remain the property of City.

2.6 Conflict of Interest. Professional agrees to notify City and seek City's approval prior to Professional's retention by any other individuals or entities, which either directly or indirectly may create a conflict of interest in Professional's services under this Agreement. City may deny any such approval for Professional's retention set forth above, in the event City, in City's sole and absolute discretion, should conclude that such retention would have an adverse effect on Professional's services under this Agreement.

Article III Schedule of Work

The Professional agrees to complete the required services in accordance with the Project Schedule outlined in the Scope of Services.

Article IV Compensation and Method of Payment

4.1 Professional will be compensated in accordance with the payment schedule and amounts set forth in the Scope of Services. Unless otherwise provided herein, payment to the Professional shall be monthly based on the Professional's monthly progress report and detailed monthly itemized statement for services that shows the names of the Professional's employees, agents, contractors performing the services, the time worked, the actual services performed, the

rates charges for such service, reimbursable expenses, the total amount of fee earned to date, and the amount due and payable as of the current statement, in a form reasonably acceptable to the City. Monthly statements shall include authorized non-salary expenses with supporting itemized invoices and documentation. The City shall pay such monthly statements within thirty (30) days after receipt and City verification of the services and expenses unless otherwise provided herein.

4.2 Unless otherwise provided in the Scope of Services the Professional shall be responsible for all expenses related to the services provided pursuant to this Agreement including, but not limited to, travel, copying and facsimile charges, telephone, internet, and email charges.

4.3 The hourly rates set forth in the Scope of Services, if any, shall remain in effect during the term of this Agreement. Any changes to established hourly rates shall require the prior written consent of the City.

Article V

Devotion of Time; Personnel; and Equipment

5.1 The Professional shall devote such time as reasonably necessary for the satisfactory performance of the services under this Agreement. Should the City require additional services not included under this Agreement, the Professional shall make reasonable effort to provide such additional services within the time schedule without decreasing the effectiveness of the performance of services required under this Agreement and shall be compensated for such additional services on a time and materials basis, in accordance with Professional's standard hourly rate schedule, or as otherwise agreed between the Parties.

5.2 To the extent reasonably necessary for the Professional to perform the services under this Agreement, the Professional shall be authorized to engage the services of any agents, assistants, persons, or corporations that the Professional may deem proper to aid or assist in the performance of the services under this Agreement. The Professional shall provide written notice to and obtain written approval from the City prior to engaging services not referenced in the Scope of Services. The cost of such personnel and assistance shall be included as part of the total compensation to be paid Professional hereunder and shall not otherwise be reimbursed by the City unless otherwise provided herein.

5.3 The Professional shall furnish the facilities, equipment, and personnel necessary to perform the services required under this Agreement unless otherwise provided herein.

5.4 The Professional shall submit monthly progress reports and attend monthly progress meetings as may be required by the City from time to time based upon Project demands. Each progress report shall detail the work accomplished and special problems or delays experienced on the Project during the previous report period, and the planned work activities and special problems or delays anticipated for the next report period.

6.7 Independent Contractor. It is understood and agreed by and between the Parties that the Professional, in satisfying the conditions of this Agreement, is acting independently, and that the City assumes no responsibility or liabilities to any third party in connection with these actions.
