The Rifle-Resistant Body Armor Grant Program supports equipping law enforcement officers at risk of shootings with rifle-resistant body armor.

Program-Specific Questions

Applicants must enter the number of officers currently employed by the agency.

Peace Officers - all peace officers currently employed by the agency

Current total number of officers:

24

Reserve Officers - all other reserve officers

Current total number of officers:

0

Certifications

In addition to the requirements found in existing statute, regulation, and the funding announcement, this program requires applicant organizations to certify compliance with the following:

Constitutional Compliance

Applicant assures that it will not engage in any activity that violates Constitutional law including profiling based upon race.

Required Agency Policies

Applicant assures that it has adopted policies addressing the deployment and allocation of vests or plates to its officers; and the usage of vests or plates by its officers. PSO requires that the policy on usage of vests or plates include mandatory training on the proper care, fitting, inspection, use, storage, and maintenance of the armor. PSO also requires the policy specify that body armor may not be left in patrol vehicles when an officer is not on duty in order to minimize the heat damage to the armor.

In crafting these policies, applicants should be aware that the inspection, storage, and replacement of body armor were identified as potential points of failure in body armor use by the Police Executive Research Forum. See "[A Practitioner's Guide To the 2011 National Body Armor Survey of Law Enforcement Officers](#)" for more information.

NIJ Body Armor Standards

Applicant assures that body armor purchased with grant funds will comply with the National Institute of Justice (NIJ) standard (Ballistic Resistance of Body Armor NIJ Standard-0101.06) for type III (rifles) or type IV (armor piercing rifle) body armor, including bullet-resistant vests, ballistic plates, and plate carriers.

Personally Fitted Vest Requirement

Applicant assures that all body armor vests purchased with grant funds will be personally fitted for individual officers, including vests specifically fitted to individual female law enforcement officers. "Personally fitted" does not require armor be individually manufactured based on the measurements of a specific wearer, but rather that it provide the best possible fit and coverage, through a combination of:

1. Correctly-sized panels and carrier, determined through appropriate measurement; and
2. Properly adjusted straps, harnesses, fasteners, flaps, or other adjustable features.

The American Society for Testing and Materials (ASTM) International has made available the Standard Practice for Body Armor Wearer Measurement and Fitting of Armor ([Active Standard ASTM E3003](#)) available at no cost. The Personal Armor Fit Assessment [checklist](#), is excerpted from ASTM E3003.

Cybersecurity Training Requirement

Local units of governments must comply with the Cybersecurity Training requirements described in Section 772.012 and Section 2054.5191 of the Texas Government Code. Local governments determined to not be in compliance with the cybersecurity requirements required by Section 2054.5191 of the Texas Government Code are ineligible for OOG grant funds until the second anniversary of the date the local government is determined ineligible. Government entities must annually certify their compliance with the training requirements using the [Cybersecurity Training Certification for State and Local Government](#). A copy of the Training Certification must be uploaded to your eGrants application. For more information or to access available training programs, visit the [Texas Department of Information Resources Statewide Cybersecurity Awareness Training](#) page.

Criminal History Reporting

Entities receiving funds from PSO must be located in a county that has an average of 90% or above on both adult and juvenile dispositions entered into the computerized criminal history database maintained by the Texas Department of Public Safety (DPS) as directed in the *Texas Code of Criminal Procedure, Chapter 66*. The disposition completeness percentage is defined as the percentage of arrest charges a county reports to DPS for which a disposition has been subsequently reported and entered into the computerized criminal history system.

Counties applying for grant awards from the Office of the Governor must commit that the county will report at least 90 percent of convictions within five business days to the Criminal Justice Information System at the Department of Public Safety.

Uniform Crime Reporting (UCR)

Eligible applicants operating a law enforcement agency must be current on reporting complete UCR data and the Texas specific reporting mandated by 411.042 TGC, to the Texas Department of Public Safety (DPS) for inclusion in the annual Crime in Texas (CIT) publication. To be considered eligible for funding, applicants must have submitted a full twelve months of accurate data to DPS for the most recent calendar year by the deadline(s) established by DPS. Due to the importance of timely reporting, applicants are required to submit

complete and accurate UCR data, as well as the Texas-mandated reporting, on a no less than monthly basis and respond promptly to requests from DPS related to the data submitted.

Entities That Collect Sexual Assault/Sex Offense Evidence or Investigate/Prosecute Sexual Assault or Other Sex Offenses

In accordance with Texas Government Code, Section 420.034, any facility or entity that collects evidence for sexual assault or other sex offenses or investigates or prosecutes a sexual assault or other sex offense for which evidence has been collected, must participate in the statewide electronic tracking system developed and implemented by the Texas Department of Public Safety. Visit [Sexual Assault Evidence Tracking Program](#) website for more information or to set up an account to begin participating. Additionally, per Section 420.042 "A law enforcement agency that receives evidence of a sexual assault or other sex offense...shall submit that evidence to a public accredited crime laboratory for analysis no later than the 30th day after the date on which that evidence was received." A law enforcement agency in possession of a significant number of Sexual Assault Evidence Kits (SAEK) where the 30-day window has passed may be considered noncompliant.

Compliance with State and Federal Laws, Programs and Procedures

Local units of government, including cities, counties and other general purpose political subdivisions, as appropriate, and institutions of higher education that operate a law enforcement agency, must comply with all aspects of the programs and procedures utilized by the U.S. Department of Homeland Security ("DHS") to: (1) notify DHS of all information requested by DHS related to illegal aliens in Agency's custody; and (2) detain such illegal aliens in accordance with requests by DHS. Additionally, counties and municipalities may NOT have in effect, purport to have in effect, or make themselves subject to or bound by, any law, rule, policy, or practice (written or unwritten) that would: (1) require or authorize the public disclosure of federal law enforcement information in order to conceal, harbor, or shield from detection fugitives from justice or aliens illegally in the United States; or (2) impede federal officers from exercising authority under 8 U.S.C. § 1226(a), § 1226(c), § 1231(a), § 1357(a), § 1366(1), or § 1366(3). Lastly, eligible applicants must comply with all provisions, policies, and penalties found in Chapter 752, Subchapter C of the Texas Government Code.

Each local unit of government, and institution of higher education that operates a law enforcement agency, must download, complete and then upload into eGrants the [CEO/Law Enforcement Certifications and Assurances Form](#) certifying compliance with federal and state immigration enforcement requirements. This Form is required for each application submitted to PSO and is active until August 31, 2025 or the end of the grant period, whichever is later.

Overall Certification

Each applicant agency must certify to the specific requirements detailed above as well as to comply with all requirements within the PSO Funding Announcement, the *Guide to Grants*, the *Grantee Conditions and Responsibilities*, any authorizing or applicable state and federal statutes and regulations to be eligible for this program.

I certify to all of the application content & requirements.
