STRATEGIC PLANNING & BUDGET

The Strategic Mindset – City of Hendersonville Way

- A means to bridge the gap between an organization’s current position and desired future state
- Future-focused impacts at the daily operations level
- Leadership that reverse engineer long-term aspirations to impact day-to-day decisions and operations on the ground
- Avoids short-termism, just checking a box, and the pull and shoot mentality that cripple long-term progress

STRATEGIC PLANNING & BUDGET

Vision & Mission

Vision

Hendersonville is a vibrant mountain city where the government and citizens work together for a high quality of life.

Mission

The City of Hendersonville is committed to providing quality, efficient services to all citizens, visitors, and businesses through open communication, timely responses, and quality results.

This year we have remained stable with roughly 18.2 utility pavement and concrete cut work orders for streets per month, with Feb being the highest with 22 and Jan being the lowest at 16. This is a slight decrease from th 18.7 in Q4 of last year.
3.1.3	# of Work Orders Closed within 30 Days	Milestone	On Track	# of Work Orders Closed within 30 Days by Month: 0	37	06/26/2025	Blake Fulgham	We had a total of 74 pavement and concrete cut repairs completed within 30-days of initiation date, with 35 occurring in Q2 and 39 in Q1. This comes out to just over 12.3 repair cuts meeting goal per month and an average completion time of 12.51 days per cut, with the average time in Q2 currently being just under 5.5 days.

NEXT STEPS

B. DEI Legislation Update – Angie Beeker, City Attorney

City Attorney Angie Beeker gave a brief update on the new Diversity, Equity & Inclusion (DEI) legislation and executive orders and gave the following PowerPoint presentation.

Executive Orders issued early 2025:

• EO 14173 – Ending Illegal Discrimination and Restoring Merit-Based Opportunity

- Terminate DEI in federal departments and agencies
- Enforce civil-rights laws and combat illegal private-sector DEI preferences mandates, policies, programs and activities
- Requires certification that grantee/contractor does not operate programs promoting DEI that violate anti-discrimination laws and their compliance with federal antidiscrimination laws is material to the contract.

No clear definitions; very broad; doesn’t have the force of law but still has serious implications.

E.g., In EEOC investigatory letter to law firms, telling recruiting committees or recruiting firms that you want “diverse” candidates is considered unlawful discriminatory DEI practices.

• EO 14151 – Ending Radical Government DEI Programs and Preferencing

Directs federal agencies to end “equity-related grants or contracts.”

• EO 14281 – Restoring Equality of Opportunity and Meritocracy

Seeks to eliminate use of disparate-impact theory of discrimination, unintentional violations of anti-discrimination laws. (vs. disparate treatment, intentional)

February 5, 2025 – Memo from US Office of Personnel Management

“Unlawful discrimination related to DEI includes taking action motivated, in whole or in part, by protected characteristics.” Examples: Diversity requirements for hiring panels, and candidate pools, any type of preferences

April 24, 2025 – USDOT to All Recipients of USDOT Funding

Recipients of USDOT funding prohibited from engaging in discriminatory actions, programs or activities

- “Whether or not described in neutral terms, any policy, program, or activity that is premised on a prohibited classification, including discriminatory policies or practices designed to achieve so-called “diversity, equity and inclusion,” or “DEI” goals presumptively violated Federal law.”
- Breach of grant agreement

May 19, 2025 – Memo from US Department of Justice, Deputy Attorney General.

Implements the **Civil Rights Fraud Initiative** – using False Claims Act to “investigate and pursue claims against any recipient of federal funds that knowingly violates federal civil rights laws.”

House Bill 171 – Ratified June 30, 2025, vetoed July 3, 2025 (If overturned, effective 7/1/26)

- Can’t use state funds or public monies to promote, support, fund, implement, or maintain DEI initiative or programs.
- **DEI** – A program, policy, initiative or activity designed or implemented to:
 - “Promote (i) **differential treatment** of or providing **special benefits** to individuals on the basis of race, sex, color, ethnicity, nationality, country of origin, or sexual orientation; or (ii) a difference in policy, practice or action that **impairs equal access to opportunities or benefits** based on a protected characteristic.
 - Includes DEI practices in hiring, employment or awarding of contracts, DEI training, DEI offices or staff
- \$10,000 civil penalty per violation plus personal liability for damages suffered by local government as a result; also removal from office.
- Annual report on activities to remove DEI/comply with this law.
- State auditor to conduct compliance audits.
- Individual cause of action

C. Discussion Regarding Towing of Vehicles Prior to Special Events – Jamie Carpenter, Downtown Manager and Blair Myhand, Police Chief

Downtown Manager Jamie Carpenter explained that the Downtown Advisory Board requested a review of the towing policy for special events, and they brought it to the Board in November of last year and we have also brought it to the subcommittee with Lieutenant Cantwell and they have a few recommendations and we wanted to bring those to Council as it is a policy decision.

Issues:

- When the street is closed for special events midday during lunch hour, it cuts off business and that is a problem.
- Typically, so as not to tow people, a police officer will go up and down the street with a speaker and let people know that towing would be occurring soon if they do not move their vehicle and they do not like that.
- People are not moving their vehicles at the designated times on the sign. For example, if it says 1:00, people are waiting until they see a tow truck coming and then move.
- The length of time between the street closure and when vendors move in is too long.

Through those meetings, Lieutenant Cantwell and I went through what the current process is for towing.

Current Process:

- We make significant notifications on what time the streets close through press releases, social media, a public notification on the Park Mobile app, we place signs on all the kiosks on Main Street, we have sandwich boards on all corners of the prominent areas, we do newsletters to

downtown businesses that give street closure information, and we hand out physical newsletters about five times a year that have street closures in them and we do a text alert.

- The night before an event, the police department night shift will put out signs on each block.
- On the morning of an event, the police will call a tow company and notify them of the timing.
- We do a soft closure so if the time is 1:00 we begin to close incoming lanes as a visual reminder.
- Vehicles that are parked after the advertised time are subject to tickets the first 30 minutes, then towed after. However, there are issues with the towing company as there is no guarantee that the truck will arrive because they may be called to a wreck.
- When we tow a vehicle, it is usually to the City Ops parking lot instead of the towing company’s storage yard as their storage yards are all over the county. Most of the cars that we tow are from out of state.
- Lieutenant Cantwell said he was able to work out a deal with a towing company that they can guarantee two trucks at every event as long as he notifies them 24 hours ahead of time. I do not know how that is going to pan out, but it is a step in the right direction.
- It takes about two hours for Main Street to clear out before we can allow vendors to come in.

Board Suggestions

- We start towing immediately so if the signs say 1:00, a truck is there at 1:00 to begin towing.
- Incentivize towing company response time OR the city can contract with the towing company for yearly event towing.
- Prioritize replacing the water barricades with vehicle rated modular barricades, however, we have found that there are more resources needed to get those in place than we thought there would be.

Council Consensus is that the downtown team is doing everything they can do to try to make this a smooth transition and there is not much more they can do.

D. Patton Pool & Whitmire Center Update & Discussion – Richard Shook, Civil Engineer

Richard Shook explained that staff seeks to review the progress of the Patton Pool and Whitmire Center conceptual designs and outreach strategies and gather initial feedback from Council to help guide the process.

Deputy City Manager Pahle confirmed that he heard that basketball, a skate park, and shuffleboard are all important to City Council. He added that our next move is to get cost indicators on this as we have to keep moving on the FEMA front.

Council Member Hensley added that she would like to possibly partner with Henderson County and other partners and consider the one penny occupancy tax that was dicussed before specifically for park development.

5. NEW BUSINESS

A. **Approval of Resolution to Accept Combaq Courts Grant** – *Brent Detwiler, Assistant City Manager*

Brent Detwiler explained that the City of Hendersonville and the Henderson County Boys and Girls Club have received a grant to renovate the basketball courts at Sullivan Park. One of the grant stipulations is that grant sponsors allow their logos to be placed on the basketball goals. These logos are depicted in the attached renderings. In accordance with the City’s Sponsorship Policy, the City Manager may ask the City Council to approve the use of logos at City facilities. Therefore, we are submitting a request that City Council approve the use logos on the basketball goals.

Council Member Jennifer Hensley moved that the City Council accept the Combaq Courts Grant and approve the placement of sponsorship names as shown in the provided renderings. A unanimous vote of the Council followed. Motion carried.

B. Approval of Special Event Permit for Hendersonville Splash Day – Brian Pahle, Deputy City Manager and Allison Justus, Communications Director

Deputy City Manager Brian Pahle explained that per Council Member Hensley’s suggestion, City staff has planned a Hendersonville Splash Day for Saturday, August 2, 2025. Splash Day will include water fun with the Fire Department 10:00 AM – 1:00 PM, free mini-golf (All Day), snow cones, hot dogs, snacks, and drinks (lunch time hours). We request City Council approve closing a portion of Locust Street from 9:00 AM – 2:00 PM.

Council Member Jennifer Hensley moved that the City Council approve the Hendersonville Splash Day Special Event Permit. . A unanimous vote of the Council followed. Motion carried.

6. ADJOURN

There being no further business, Council Member Jennifer Hensley moved to adjourn the meeting. The meeting was adjourned at 5:32 p.m. upon unanimous assent of the Council.
