

ENVIRONMENTAL SUSTAINABILITY BOARD

GREEN PARTNERSHIP

The City of Hendersonville's Environmental Sustainability Board invites you to share your sustainability practices with the community and showcase your business or organization's commitment to a greener future! Our board wants to highlight our community's efforts and how they might align with the City's goals, outlined in the City's Sustainability Strategic Plan, adopted last year by our City Council.

Our objective is to establish a green partnership with local businesses and organizations of all sizes to promote sustainability practices in our area.
