This Agreement, made the 2 day of JUNE, 2022, by and between the City of

Hendersonville, a municipal corporation, hereinafter referred to as the "City" and the

Blue Ridge Fire and Rescue, Inc., a duly organized County fire department, being a North Carolina nonprofit corporation, herein after referred to as "County Fire Department";

W I T N E S S E T H:

WHEREAS, the General Assembly of North Carolina did enact into law an act to authorize automatic aid assistance between fire departments whereby full authority may be, but is not required to be, exercised by fire departments to send firefighters and apparatus beyond the territorial limits which they normally serve, said act having been codified as Chapter 58, Section 83-1, of the General Statutes of North Carolina; and

WHEREAS, County Fire Department is a nonprofit corporation, serving a Rural Fire Protection District, herein referred to as "Fire District," organized pursuant to Chapter 69, Article 3A of the General Statutes of North Carolina, and are therefore funded, primarily, through fire district taxes, assessed on real and personal property within the Fire District; and

WHEREAS, the City of Hendersonville has the authority to annex real property into the municipal corporate limits of the City, including properties located within the Fire District; and

WHEREAS, when property located within the Fire District is annexed by the City of Hendersonville, any such annexed property ceases to be a part of the Fire District, and ceases to be subject to the fire district tax for the Fire District, resulting in lost revenue to the County Fire Department; and

WHEREAS, Section 69-25.14 of the General Statutes of North Carolina authorized the City to contract with the County Fire Department to provide fire protection services within the City, including those automatic aid assistance as contemplated by as Chapter 58, Section 83-1, of the General Statutes of North Carolina; and

WHEREAS, the City operates a municipal fire department, herein referred to as "Hendersonville Fire Department," to provide fire protection services and other services within the corporate limits of the City; and

WHEREAS, the City wishes to contract with the County Fire Department to provide automatic aid assistance

within the municipal limits of the City to ensure that automatic aid assistance, increased fire defenses and fire control, as well as assurance of adequate protection for the City residents; and

WHEREAS, the City is willing to pay to the County Fire Department an annual fee and is willing to reciprocate the automatic aid assistance to the Fire District to ensure that automatic aid assistance, increased fire defenses and fire control, as well as assurance of adequate protection for the Fire District residents, in consideration for the County Fire Department's provision of automatic aid assistance within the City's municipal limits;

WHEREAS, this Agreement will also provide each of the parties hereto, through their mutual cooperation, a pre-determined plan; as agreed upon in dispatch protocol, by which each of them render aid to the other in case of any incident;

WHEREAS, it is deemed to be in the public interest for the parties hereto to enter into an agreement for automatic aid assistance, and in order to increase fire defenses and to assure proper fire control, as well as providing reserves needed to assure the community of adequate protection;

THEREFORE, in consideration of the mutual covenants contained herein by and between the parties hereto, it is hereby agreed as follows:

1. The Whereas clauses are incorporated as a fully integrated part of this Agreement.
2. Beginning on August 1, 2022, and annually on each August 1 thereafter during the term of this Agreement, the City shall make an annual payment to the County Fire Department equal to five (5) times the fire district tax revenues lost for then current fiscal year (July 1-June 30) as a result of the City's annexations within the Fire District which become effective within said immediately preceding fiscal year. For example, if the City annexed three (3) parcels of land in the Fire District during FY 21-22, then on August 1, 2022 the City would pay a fee to the County Fire Department equal to the five (5) times the fire district taxes that would have been paid to the County Fire Department on each of said three (3) parcels during the then current fiscal year (FY22-23) but for the annexation. This would be calculated by multiplying the assessed valuation for the three (3) parcels as of January 1, 2022 by the tax rate in effect on August 1, 2022, and then multiplying that product by 5. In formula form the City's annual payment due is calculated as follows:

Annual payment owed = (Total Jan 1, 20XX assessed value(s) of parcel(s) * (Fire District tax rate on * (5)
on August 1, 20XX annexed during immediately preceding fiscal year) August 1, 20XX)
