Ref: Surplus Items Value

APPROVED

SEND TO CITY MGR
FOR FINAL APPROVAL

Follow up on Officer Cox's attached memo regarding surplus items:

1) Smart Industries Brand Pirates Toy Chest Toy Crane Model F03T31DC-000 Serial: T-63406

- The new value ranges between \$1,997 and \$2,495. However, this item is several years old and has electronic issues. Its current estimated value is approximately \$700.

2) WRAP brand BolaWrap 100 Restraint System, 6 units. Serials: 19BW01146, 19BW01412, 19BW01188, 19BW01431, 19BW01405, 19BW01435 -

-These models are no longer in production. The Bolawrap150 has replaced this model and costs approximately \$900. There is no secondary market data available for these models, but I would estimate their value to be around \$100 each, making the total value for the lot approximately \$600.
