For Recommending Denial:

I move deny an ordinance amending the official zoning map of the City of Hendersonville changing the zoning designation of the subject property (PINs: 9569-95-7758, 9569-95-5941 and 9569-96-4013) from PRD-CZD (Planned Residential Development – Conditional Zoning District) to PRD-CZD (Planned Residential Development – Conditional Zoning District) based on the site plan submitted by the applicant

The petition is found to be [consistent] with the City of Hendersonville 2030 Comprehensive Plan based on the information from the staff analysis and because:

The High Intensity Neighborhood designation calls for multi-family residential, Planned Residential Developments and open space as primary recommended land uses. The proposed project satisfies a majority of design guidelines under LU-7.4.

We do not find this petition to be reasonable and in the public interest based on the information from the staff analysis and the public hearing, and because:

1. The site plan does not address the recommended mitigations from the traffic impact analysis to address traffic congestion caused by this development.
2. The proposed site is wooded. If developed as proposed, it would not result in clustered development which preserves significant existing mature trees / woodlands which serve as a community-defining natural feature.

[DISCUSS & VOTE]

<ol style="list-style-type: none"> 1. The development would provide 45 “affordable” rental units (for 10 years) for those with household incomes at 80% AMI or less. These units would help to fill the need for affordable housing which currently has a projected gap (shortage) of approximately between 1,329 – 1,622 units in Henderson County according to the 2021 Housing Needs Assessment (Bowen Study). 2. The development would provide 87 “market-rate” rental units. These units would help reduce the rental housing gap estimated to be between 1,364 and 1,722 units needed within Henderson County to satisfy demand according to the 2021 Housing Needs Assessment (Bowen Study). 3. The applicant is dedicating +/- 0.59 Acres of right of way at the intersection of Signal Hill and Duncan Hill Road to facilitate future NCDOT road improvements. 4. The area in proximity to the subject property includes similar and comparable development, including multi-family residential within 0.25 miles of the project. 5. This development would serve as a transition between the US-64 commercial corridor and the lower density residential northeast of Signal Hill Rd / Berkeley Rd. <p style="text-align: center;">[DISCUSS & VOTE]</p>
