

Examples of Main Street buildings where windows were added to the side facade:

1 - Corner of Main and first. New triple window near the corner (source: Barker Barber collection).

2 – Corner of 5<sup>th</sup> Ave and Main Street. New windows at main level.

### **Description**

View of Main Street Hendersonville looking north towards the block between 4th and 5th Avenues. On the far left J.M. McIntyre Plumber and Steamfitter is visible, next building to the right holds the offices of Drs. Allen (dentist) and Dixon. Across Main Street the Hendersonville City Hall and Opera House is visible. The photograph is dated 1900.
