

CITY OF HENDERSONVILLE AGENDA ITEM SUMMARY PLANNING DIVISION

SUBMITTER:	Matthew Manley	MEETING DATE:	April 13, 2023
AGENDA SECTION:	New Business	DEPARTMENT:	Community Development
TITLE OF ITEM:	Rezoning: Standard Rezoning – 1208 Stanwood Rezoning (P23-26-RZO) – Matthew Manley, AICP / Planning Manager		

SUGGESTED MOTION(S):

For Recommending Approval:

I move Planning Board recommend City Council **adopt** an ordinance amending the official zoning map of the City of Hendersonville changing the zoning designation of the subject property (PIN: 9568-51-8549) from R-15 (Medium Density Residential) to R-10 (Medium Density Residential) Zoning District based on the following:

1. The petition is found to be consistent with the City of Hendersonville 2030 Comprehensive Plan based on the information from the staff analysis and the public hearing, and because:

The Medium Intensity Neighborhood designation calls for Attached and Detached Single-Family Residential uses as Primary Land Uses and Development Guidelines recommend densities at a rate of 2 - 8 units per acre. The R-10 Medium Density Residential Zoning District permits single-family and two-family uses at a maximum of 5.5 units per acre.

2. We [find] this petition to be reasonable and in the public interest based on the information from the staff analysis and the public hearing, and because:

1. The proposed residential zoning district is compatible with the character of the surrounding neighborhood and the adjacent land uses.
2. The petition provides for a modest increase in density without introducing new uses that would be detrimental to or out of character with the surrounding neighborhood.

For Recommending Denial:

I move Planning Board recommend City Council **deny** an ordinance amending the official zoning map of the City of Hendersonville changing the zoning designation of the subject property (PIN: 9568-51-8549) from R-15 (Medium Density Residential) to R-10 (Medium Density Residential) Zoning District based on the following:

The R-10 Medium Density Residential Zoning District permits single-family and two-family uses at a maximum of 5.5 units per acre.

2. We [do not find] this petition to be reasonable and in the public interest based on the information from the staff analysis and the public hearing, and because:

1. The proposed residential zoning district is incompatible with the rural character of the surrounding neighborhood and the adjacent land uses.
2. The proposed increase in density would be detrimental to the surrounding community due to an intensification of traffic congestion in the area.

3. The proposed increase in density would provide a public benefit by allowing for additional needed housing stock. 4. The proposed increase in density helps to offset limitations to development which are constrained by the presence of a 100-Year Floodplain on the subject parcel. <p style="text-align: center;">[DISCUSS & VOTE]</p>	3. Density levels on the subject property should be maintained in order to limit impacts on the 100-Year Floodplain. <p style="text-align: center;">[DISCUSS & VOTE]</p>

SUMMARY: *The City of Hendersonville is in receipt of an application for a Standard Rezoning from Michael Murphy, applicant/owner. The applicant is requesting to rezone the subject property (PIN: 9568-51-8549) located at 1208 Stanwood Ln from R-15, Medium Density Residential Zoning District to R-10, Medium Density Residential Zoning District.*

The southernmost $\frac{1}{3}$ of the parcel is divided by Drake St which provides access from Kanuga Rd to a mobile home park neighboring the subject property. The portion of the parcel located south of Drake St is primarily located in the 100-Year Floodplain.

The City of Hendersonville Zoning Ordinance states that, during a standard rezoning process, an applicant is prohibited from discussing the specific manner in which they intend to develop or use a site.

If rezoned, there will not be a binding site plan, list of uses nor any conditions placed on the site. All permitted uses within the R-10 district would be allowed on the site.
